**BOLOGNA
PROCESS
ANNIVERSARY**
1999 - 2019

The Alma Mater Studiorum - Università di Bologna, jointly with the Italian Ministry for Education, Universities and Research, under the aegis of the Observatory of the Magna Charta Universitatum, the European University Association and the European Students Union, has decided to celebrate the Twentieth Anniversary of the Bologna Declaration with an academic conference to be held in Bologna, Italy, on 24 and 25 June 2019.

The conference is intended as an analytical as well as an agenda-setting contribution to the design of the Bologna Process in the years to come and it aims at identifying important future challenges for universities and their role in society. The proceedings of this meeting will be input for the 2020 EHEA Ministerial Meeting in Rome.

The initiative will include a celebration day - on June 24th in the afternoon - and a working session on June 25th. For the second day the scientific committee has opened a Call for Abstracts on five themes:

- 1 Academic and related civic values in changing societies
- 2 Student-centered Learning
- 3 Providing Leadership for Sustainable Development, the Role of Higher Education
- 4 The Social Dimension of Higher Education
- 5 Careers and Skills for the Labor Market of the futur

The event is open to scholars, researchers, students and experts to discuss the core values of the EHEA and develop a "Vision" for the European Higher Education Area beyond 2020.

It is only with the expert help of many in Europe and beyond that we shall be able to indeed deliver valuable input to the EHEA in the decades to come.
