Call for 5 scholarships for students in the Stats&Maths curriculum who have been awarded a Double Degree with the University of Glasgow Bachelor's Degree in Statistical Sciences

This English version of the call is made only for publicity purposes. For enforcing the call, resolving any dispute and for all legal purposes only the Italian version is valid.

1. Object of the scholarship

In order to reward those students of the Bachelor's Degree in Scienze Statistiche, curriculum in Statistics and Mathematics - Stats&Maths – admitted to the Double Degree with the University of Glasgow for the a.y. 2024/25, the Department of Statistical Sciences establish a Call for 5 scholarships. These grants are intended as a financial contribution to partially cover the expenses related to the preparation for the stay at the foreign university (eg. Visa, journey etc).

2. Amount of the scholarship

Each grant is awarded for a single academic year and amounts to € 1500. It includes all social security charges and taxes to which the recipient is subject by law.

3. Beneficiaries

The scholarships will be awarded to students regularly enrolled in the a.y. 2023/2024 in the second year of the Degree Programme in Statistical Sciences, curriculum Stats&Maths, who were selected to participate in the Double Degree with the University of Glasgow for the a.y. 2024/25, from September 2024, who will attend their third year of course at the foreign institution and who will obtain the double degree by July 2025.

4. Assessment and award criteria

The grants will be awarded on the basis of the ranking of admission to the Double Degree for the a.y. 2024/25, considering only students who meet the requirements to be eligible for the awards (see Section 3).

The selection will be conducted by a committee, appointed by the Department of Statistical Sciences on 31/05/2024 and composed by prof. Silvia Cagnone (President), prof. Marco Novelli (member), prof. Alberto Lanconelli (Secretary). Substitute member: prof. Saverio Ranciati. The Committee will

verify with the help of the relevant offices that the requirements for participation indicated in the call for proposals are met. The scholarships will be awarded to 5 students in a ranking that will correspond to the ranking of the Double Degree with the University of Glasgow.

5. Acceptance

The scholarship winners will be notified by an email sent to their institutional address @studio.unibo.it by the address stat.programmesm@unibo.it.

They will have to confirm the **acceptance without reservation** of the scholarship **within 10 days** from the notification date, writing an email to stat.programmesm@unibo.it, under penalty of forfeiture of the same.

6. Awarding of scholarships

The scholarships will be awarded with a Provision of the Director of the Department of Statistical Sciences Paolo Fortunati (STAT), according to the ranking of merit, and awarded by the administration of the Department.

7. Payment

The payment of the grant will take place only if these conditions apply:

- Acceptance of the selection to the Double Degree for the a.y. 2024/25;
- The student has filled in the relevant forms for the payment.

The payment will take place by in one of the following methods:

- Bank wire transfer to an account in the name of the beneficiary, with IBAN in the SEPA area;
- Bank wire transfer to a rechargeable reloadable prepaid card, with IBAN code, in the name of the beneficiary;
- Bank wire transfer to an account in the name of the beneficiary outside the SEPA area, with commissions fully borne by the beneficiary (commissions will be charged to the recipient).

8. Incompatibility with other grants

Without prejudice to the general principles regarding incompatibility within the framework of the various international projects defined by the Academic Senate, in relation to the same purpose and the same period, (prohibition of double funding), the award of the scholarships is in principle cumulative with the assignment of other economic benefits granted (or to be granted) to the student, except where non-cumulation is provided for by other calls.
