Tutore Didattico / Didactic Tutor:

Prof. Name Surname

Referente Struttura Ospitante /

Host Structure Tutor:

Dott. Name Surname

Anno Accademico 20xx – 20xx

You can use this form both for the Internship report and for the Project report. Please specify at the beginning of your report which type of activity it refers to.

Please use the following settings to format the pages in MS Word or equivalent word processing software: margin (left= right = bottom = 2 cm; upper = 2.5 cm), font = Times New Roman (or Times), Arial (or Helvetica), or Currier. Font size = 12; line spacing = 1.5 (or 18 points)

You can use this file and type in your report.

The length of the report should range between 2 and 5 pages not including the frontispiece in the previous page (3-6 pages overall). The frontispiece should be filled in with the correct info. Please save the document in pdf format before submitting.

Figures and tables can be included in the file, but they are not necessary. Please consider that this is not your thesis and should not contain all the data you have collected during your Internship or Project. This document is solely intended to **summarize** your experience, give evidence of the kind of activities you have carried out during the internship or project, and will be used by the Commissione Tirocini to evaluate the **congruity** of the activities with the scope of your Degree Course. The judgment will be of the type: Pass/Fail (Idoneo/Non idoneo), and there will be no numerical mark. The judgment will be based on the type of activities, not on how important or extensive your results are. Therefore, please stay within the specified length.
