

THESIS DRAFTING AND LAYOUT

The topic of the thesis must be identified as part of an exam course actually sat by the student, or accepted for the entry to second cycle degrees.

The preparation of the thesis should be standardized, with the warning that no thesis will be accepted if written differently from the following guidelines:

- Pages of 32-35 rows, each containing 65-70 characters;
- figures and tables in UNI format (A4, A3);
- Pdf format.

Please note: For the preparation of the title page, please comply with the model in the attachments.
