

FIND AN ASTEROID 2013

SPACE GENERATION
ADVISORY COUNCIL

NEO

WHAT:

Would you like to discover an asteroid? The Space Generation Advisory Council (SGAC) makes it possible! Partnering with the International Astronomical Search Collaboration (IASC - "Isaac") and the Minor Planet Center (MPC) you just need to apply by 1 June to take part in SGAC's 'Find an Asteroid 2013 Search Campaign'!

HOW:

You need to be a SGAC member (easy and free to join!), then form or join a team between 3 and 5 members and to be looking forward to finding an asteroid!

Doesn't matter if your colleagues are on the other side of the world, you just need to keep the team spirit alive!

No background knowledge or telescope needed, online campaign!

You can find the application form through the website:

www.spacegeneration.org/asteroid

DATES:

Applications Open: 1 May 2013

Applications Close: 1 June 2013

SGAC Search Campaign: 14 August – 18 September 2013

Remember to apply by 1 June 2013. Do not miss the deadline!
