QUALITY ASSURANCE COMMITTEE OF THE MASTER'S DEGREE COURSE IN CULTURAL ANTHROPOLOGY AND ETHNOLOGY

NOTICE FOR STUDENTS ENROLLED IN THE ACADEMIC YEAR 2025/2026

The master's degree Course in Cultural Anthropology and Ethnology has undergone a curriculum revision starting with the cohort of students enrolled in the academic year 2025/2026.

The course is now identified with a new code: **6683** (code **0964** refers instead to the same course from previous academic years).

This curriculum revision includes a new numerical coding for all course units and an updated teaching structure across the two years of the programme.

Students enrolled in the academic year 2025/2026 can view their study plan at the following page:

[Course Structure Diagram - A.Y. 2025/2026 — Cultural Anthropology and Ethnology - Laurea Magistrale - Bologna](#)

In the study plan, all second-year course units are marked with the note '*not active for the academic year 2025/2026*'. These units will be activated in almost their entirety in the academic year 2026/2027, when the students enrolled in 2025/2026 will enter their second year of study.

On the other hand, if the note '*not active for the academic year 2025/2026*' appears next to a **first-year** course unit, it means that **that course will not actually be available** in the upcoming academic year 2025/2026.

The Course Tutor remains available to clarify any doubts concerning those course units marked as '*not active for the academic year 2025/2026*' at the following email address: **cdl.ace@unibo.it**

NOTICE FOR STUDENTS ENROLLED IN THE ACADEMIC YEAR 2024/2025
