WHO IS THIS CALL FOR APPLICATIONS ADDRESSED TO?

All candidates wishing to enrol in the Second Cycle / Master’s Degree programme with restricted access in Digital Transformation Management (Class LM-91 – Methods and Techniques for the Information Society) shall refer to this call for applications.

All the learning activities (lessons and exams) are held in English.

All information related to this programme (regulations, admission requirements, course structure diagram, learning outcomes, information and contacts and more) are available on the degree programme website at the following link: https://corsi.unibo.it/2cycle/DigitalTransformationManagement

WHO IS TO TAKE THE ADMISSION TEST?

All students wishing to enrol in the Degree programme shall take part in the selection process according to the procedures and deadlines specified in this call for applications, including:

- candidates transferring from another degree programme of the University of Bologna or from another University;
- candidates who obtained a degree in Italy or in another country or who have withdrawn or lost the student status and wish to request the recognition of previous studies.

Please NOTE: non-UE citizens holding a residence permit for study purposes who formally withdraw from studies in this or other University lose the requisites to remain in Italy and therefore their residence permit is revoked. Therefore, they have to go back to their country of origin and start the pre-enrolment procedures with the territorial Italian Embassy or Consulate, within the deadlines established and published every year on the webpage https://www.studiare-in-italia.it/studentistranieri/

WHAT ARE THE FEES TO BE PAID?

Information about tuition fees, subsidies and exemptions are published at https://www.unibo.it/en/teaching/enrolment-transfer-and-final-examination/tuition-fees-and-exemptions/tuition-fees-a-y-2020-21

Tuition fees are proportionally calculated according to the students’ ISEE (that is a document stating your economic condition – family revenue) that has to be submitted according to the procedures and deadlines published at https://www.unibo.it/en/teaching/enrolment-transfer-and-final-examination/tuition-fees-and-exemptions/tuition-fees-a-y-2020-21.

If the ISEE documents are not submitted, the maximum contribution for the degree programme will be applied.

Information regarding other subsidies is available at the following webpage: https://www.unibo.it/en/services-and-opportunities/services-and-opportunities.

For information about subsidies for the right to education, please refer to the call for applications published by the Regional Authority for the Right to Higher Education at www.er-go.it.

Candidates enrolled in other degree programmes who wish to transfer, should carefully read the merit requirements to access the subsidies specified in the call for applications published at www.er-go.it before transferring. Indeed, the student’s career is evaluated from the first year of enrolment in the University, regardless of the recognition obtained or the course year students will be assigned by the Degree Programme Board. As a consequence of the transfer, this may cause the loss of the subsidies.
In order to apply to the selection procedure, candidates have to pay for a 50€ application fee (please refer to section 5 – APPLICATION FOR THE SELECTION).

In addition, specific fees have to be paid by candidates transferring from another university or from another Second Cycle / Master’s Degree of the University of Bologna (please refer to section 9 - ENROLMENT OF SUCCESSFUL CANDIDATES)

The curricular requirements shall be met by the deadline to apply for each intake.
Candidates who have not yet completed the 1st-cycle/bachelor’s degree programme are admitted to the assessment of their personal preparation, but they shall obtain it by November the 2nd 2021.

Candidates who have successfully passed the assessment of their personal preparation can enrol even if they have not completed their 1st-cycle/bachelors’ degree programme yet, but they have to obtain it by November the 2nd 2021. If they do not obtain it within the deadline, the enrolment in the degree programme is terminated.

In addition, English proficiency is required at B2 level of the CEFR at least.
The English B2 proficiency is met if the candidate holds one of the following certificates:
- at least at a B2 level, among the ones specified at [http://www.cla.unibo.it/idoneitalinguistica/equipollenza-deiT-titoli-1](http://www.cla.unibo.it/idoneitalinguistica/equipollenza-deiT-titoli-1) → “Documenti” → Tabella certificazioni equipollenti prova idoneità linguistica, independently of the date of the certificate;

- a certificate (or self-certification) proving that an exam or a pass/fail exam (“idoneità”) of English language at B2 level at least has been passed during the student’s university career (the certificate has to state the level, otherwise it cannot be accepted).

Holding one of the certificates listed above is not mandatory to apply. Candidates can be admitted to the second phase of the selection procedure (interview in English) without a certificate and the examining board will assess their English proficiency as well. In case the requirement is not met, the candidate will be excluded from the rankings.

The board will assess oral production and comprehension at B2 level. In particular, the board will verify that candidates are able to present and defend their opinions in a discussion, interacting appropriately.

In addition to the possession of the curricular requirements, candidates have to pass the assessment of personal preparation.
Personal preparation will be assessed through an interview held in English.
4 - SELECTION METHODS AND CRITERIA

The selection procedure consists in the assessment of documents uploaded by candidates and an interview, therefore it is divided into two phases:

**Phase I: assessment of qualifications (minimum score 15/40)**

Assessment of qualifications is based on the GPA (weighted average mark) of the exams passed. The score (up to 40 points) will be assigned according to students’ weighted average mark, based on the ECTS, of the exams passed, both for graduates and graduands (the average is calculated at the deadline of each intake).

The score will be assigned proportionally based on the GPA on a scale from 0 to 40 points.

In case of degrees obtained in other countries, the board applies the “Guidelines to transfer exams and qualifications of study obtained abroad” adopted by the University of Bologna.

Candidates who obtain a minimum score of 15/40 are admitted to the second phase (an interview held in English) with the following limits:
- three times the number of available places for each intake for EU citizens and non-EU citizens with EU equivalent status;
- four times the number of available places for non-EU citizens resident abroad (for the first intake only).

In case of candidates with equivalent score, the priority is assigned to the youngest applicant.

**Phase II: interview (minimum score 35/60)**

Candidates who successfully pass the 1st phase, are admitted to the second one (interview). The Board, through an interview held in English, assesses the candidate’s curriculum/resume, reference letters (if any) logical reasoning, relational, interaction and oral comprehension skills. Moreover, English proficiency will be assessed for candidates who did not submit any valid English certificate (at B2 level at least). The assessment of the English proficiency does not include any additional score.

Students will be assigned max. 10 point related to the assessment of the curriculum vitae and of reference letters (if any); in the assessment of the curriculum vitae, the board may positively assess experiences abroad, work or internship experiences or other additional study qualifications.

The interview will be scored up to a maximum of 50 points. The interview will be held online using Microsoft Teams.

The final ranking will be expressed as the sum of the scores obtained in the two phases (first and second phase).

Candidates who obtain the minimum score of 50/100 (at least 15/40 in the first phase and 35/60 in the second one) will be included in the final ranking. Candidates ranked within the available places of each intake, as specified in the first section of this call for applications, can enrol in the programme.

Candidates who do not obtain the minimum score required cannot enrol in the Second-Cycle / Master’s Degree programme in Digital Transformation Management, regardless of their position in the ranking.

In case of candidates with equivalent score, the priority is assigned to the youngest applicant.
