

INTRODUCTION

Alma Mater Studiorum – University of Bologna encourages internship in order to give students the opportunity to acquire professional expertise through the execution of practical activities, to complete vocational education and to guide and support professional choices through the direct experience of the world of work.

The curricular internship is a training experience provided in the didactic plans characterized by the realization of practical experiences carried out in external or internal structures of the University, which favor the acquisition of skills consistent with the study plan.

The curricular internship for Master Degree thesis or final degree examination requires the student to take part in practical activities at the host organization, necessary to prepare the final dissertation or thesis on the basis of a project agreed upon with the supervisor.

Except for different national or European regulations, the internship has a nominal duration of 25 hours for each CFU assigned to this type of activity in the educational regulations of the Degree Program. The internship cannot be carried out in an institution which the legal manager, the partner or the responsible person has relationship within 2nd degree consanguinity or affinity to the applicant.

According to the study plan of the degree program, the internship can be compulsory or optional. If the internship is optional, the student need to select it in the study plan before starting the online activation procedure.

HOW TO ACTIVATE A CURRICULAR INTERNSHIP

Before activating a curricular internship please check all the related information published on your degree program or in your School website.

The curricular internships are managed in the application at <https://tirocini-studenti.unibo.it> which you can access with your UNIBO account

You will have the following possibilities:

- apply for an internship offer, go through a possible job interview and wait for the results
- arrange an internship with the host organization which will have to issue an "ad personam" offer
- submit an application to a host organization (internal or external of the University of Bologna)

After login you can choose from the menu on the left (Fig.1):

- **Offers** - to view offers related to your degree course and apply for which you interested in. After sending a complete CV and motivation letter, the 'ad personam' offer will be visible directly on your home page

- **Companies** - to check the list of structures which have an agreement with the University of Bologna and submit applications.

Fig. 1 – Students home page

Offers

If you are a current student, you will have to select the curricular internship; if you are a graduate, you will have to select the postgraduate internship (Fig.2).

Fig. 2 – Type of internship

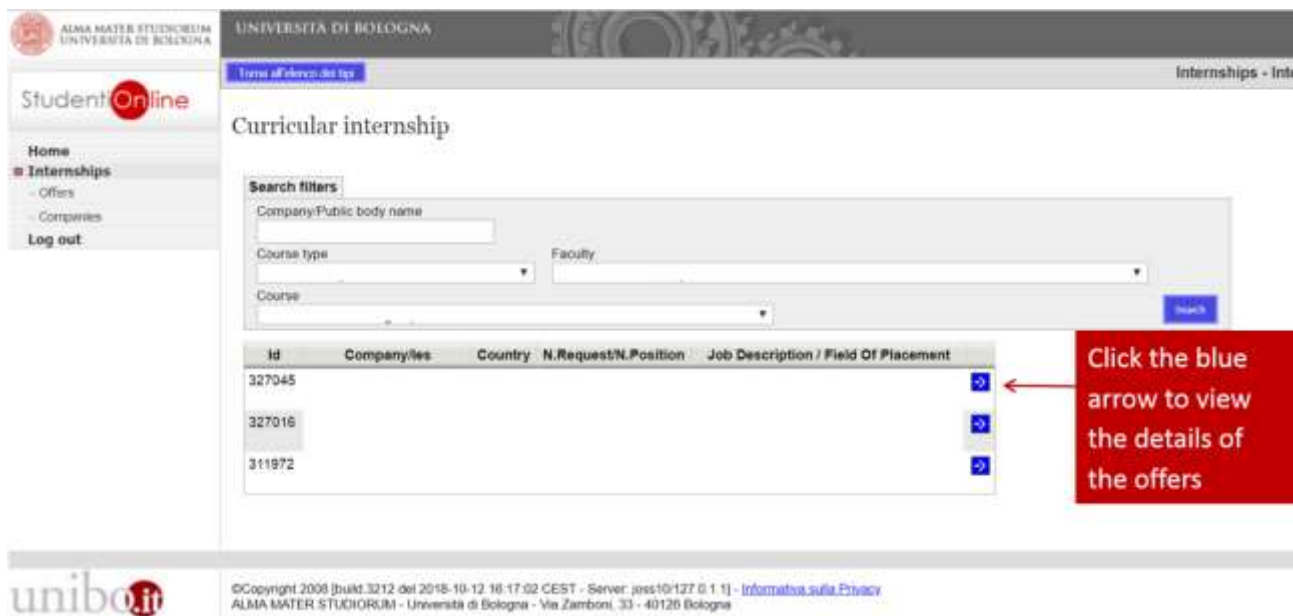

The screenshot shows the 'Type of Internship' selection page. The page title is 'Tirocini - Seleziona tipo tirocinio'. Below the title, it says 'Type of Internship' and 'Select the type of internship'. There is a table with two columns: 'Name' and 'Description'. The table contains two rows: 'Postgraduate internship (only in Italy)' and 'Curricular internship'. Below the table, there is a note: 'The deactivated internships are not compatible with your career status'. The footer contains the unibo logo and copyright information.

Name	Description
Postgraduate internship (only in Italy)	Internship for new graduates who have completed their studies within the last twelve months, aimed at providing direct knowledge of and entry into the work environment. It is an option which allows students to obtain real work experience (although, as with internship as part of the student learning process, it does not constitute employment), concurrent with or following the period of study.
Curricular internship	Student internship which forms part of a course of study leading to the diploma, with practical training activities carried out also in structures outside the University. The internship also provides a first contact with the work environment.

On the internship offers page you can view those possible offers related to your course of study, among them you can select the one you are interested in.

Fig. 3 – Internship Offers: Curricular Internship

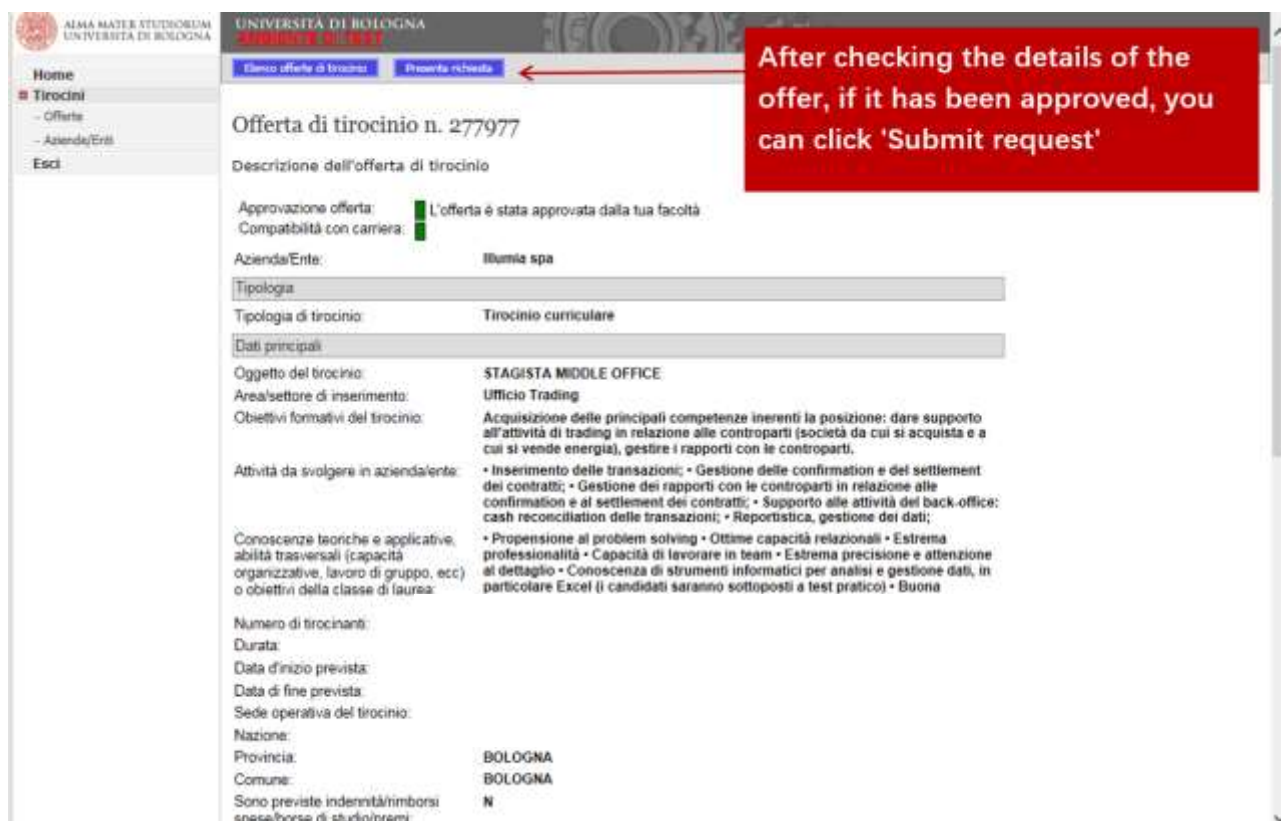

The screenshot shows the 'Curricular internship' offers page. The page title is 'Torna all'elenco dei tipi' and 'Internships - Int'. Below the title, it says 'Curricular internship'. There is a 'Search filters' section with input fields for 'Company/Public body name', 'Course type', 'Faculty', and 'Course'. Below the search filters, there is a table with columns: 'Id', 'Company/ies', 'Country', 'N.Request/N.Position', and 'Job Description / Field Of Placement'. The table contains three rows of offers. A red callout box with a blue arrow points to the blue arrow icon in the 'Job Description / Field Of Placement' column, with the text: 'Click the blue arrow to view the details of the offers'. The footer contains the unibo logo and copyright information.

Id	Company/ies	Country	N.Request/N.Position	Job Description / Field Of Placement
327045				
327018				
311972				

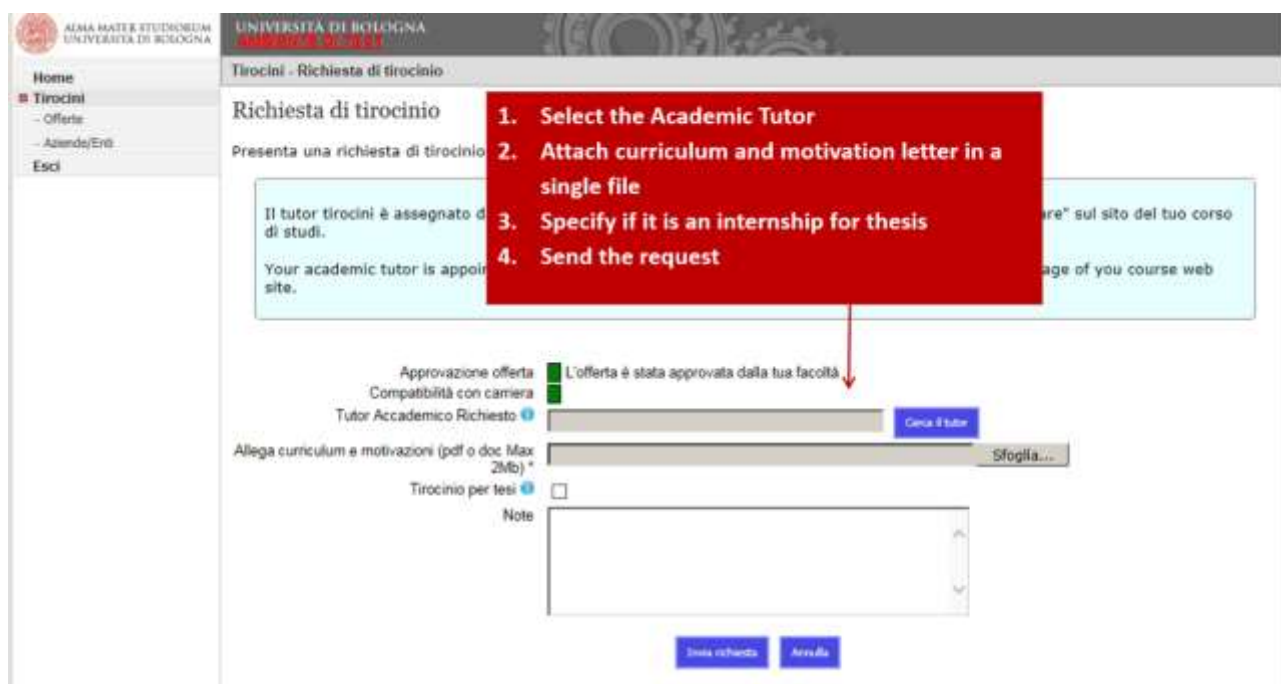

Once you have selected the offer you want to apply for, if it has been approved, you can click the blue button 'Submit request'(Fig.4).

Fig. 4 – Internship offer n...

You should select the academic tutor among the professors and the researchers of the University of Bologna (in the case of internship for thesis the academic tutor is the thesis supervisor and also can be a contract professor), attach the CV and the motivation letter, insert the flag if yours will be an internship for thesis (Fig.5).

Fig. 5 – Internship Request

After the submission, the contact person of the hosting structure will receive an email informing them that you have submitted a request.

Autonomous applications to the external institutions

Selecting the item Companies, the list of companies which have accepted to receive autonomous applications will be displayed (Fig.6).

Fig. 6 – Companies and public organizations with an agreement

The screenshot shows the 'Aziende/Enti' section of the StudentOnline portal. It displays a list of organizations accepting autonomous applications. A search filter box is visible, containing fields for 'Company/Public body name', 'Keyword', 'Province', 'Country', and 'Field'. A red callout box points to the 'Field' dropdown menu, stating: 'Here is the list of affiliated companies which have accepted to receive Autonomous applications. It is possible to carry out the search using keywords and the drop-down list "Field"'. The table below shows the following data:

Company	Public Body Name	Location	Company Description	Field
GreenWaves Technologies		VILLARD-BONNOT FRANCIA	GreenWaves Technologies develops IoT Application Processors based on Open Source IP blocks enablin...	Altre attività Attività editoriali, grafiche ed audiovisive
Noi liberamente insieme		ROMA	«Noi liberamente insieme» è costituita da utenti, famiglie e...	Servizi per la persona e la famiglia
cooperative sociali Onlus si occupa di varie tematiche inerenti...			Formazione	Attività artistiche, sportive e di intrattenimento
...ne sociali...			Servizi alle imprese	Formazione
			Servizi, assistenza sociale, studi medici e odontoiatrici, psicologi	Servizi per la persona e la famiglia
			Servizi per la persona e la famiglia	Servizi per la persona e la famiglia
...toriali. Pubblicazioni periodici, riviste e quotidiani. Organizzazione di			Produzione di software, consulenza informatica e	

Once you have chosen the company or the institution to send request, you will have to click on the blue button 'send autonomous application' (Fig.7).

Fig. 7 – Company / organization detail

The screenshot shows the 'Company detail' page. It displays the following information:

- Company/Public body name:
- Business type:
- Description:
- Settori di attività:
- Country:
- State/Province:
- City:
- Town/District:
- Address:
- CAP:

Below the details, there is a section for 'Informazioni relative alla convenzione con Facoltà di Ingegneria'. A red callout box points to the 'Send autonomous application' button, stating: 'Click on Submit request for autonomous application'. Below this, there is a 'Note' section with fields for 'First name of the contact person' and 'Family name of the contact person'.

Select the type of internship and follow the instructions.

After submitted the request, contact person of the host organization will receive an e-mail inviting him to check the request and complete the internship program, in case of acceptance.

The Internship Office will check the data entered in the internship program, confirm the name of the Academic Tutor and, if there are no elements to change, will declare the proposal as verified.

Approval of internship request

You will be informed by e-mail about your internship application progress: acceptance by the host institution, approval, refusal, demand for changes from the Tutor (only if necessary) and from the commission. After the approval, you must download the internship program. Before the beginning of the internship you should obtain the signature of the contact person in the host structure and upload the program and a copy of the identity document of the person who has signed it (in one file). In case of internal internships that will take place at the University of Bologna, the copy of the identity document is not necessary.

Important: approval of the internship commission and validation of the academic tutor (if required) on application replace the signatures on the paper document.

You can download the internship program directly from the home page or in the details of your request (Fig.12)

Fig. 12 – Home page after the approval of the commission

The screenshot shows the 'Home page studenti' interface. It includes a yellow notification box about app updates, a section for an online course on safety and health, and a table of curricular internships. A red callout box points to a blue arrow icon in the 'Richieste di tirocinio effettuate' table, indicating where to click to download the program.

Internship execution

The internship's execution and its contents are indicated in the curricular internship program. In order to certify the attendance, you must indicate daily the date, number of hours and activities carried out in the register, which has to be countersigned by the contact person of the host structure. If required by your course of study, you will have to prepare the final report of the internship.

Completion of the internship

After completing the internship, you will need to indicate the effective ending date, and upload the attendance register with stamp and signatures and the final report (if required). The documents will be verified by the offices and evaluated only after the completion of the evaluation questionnaire.
