

In the first year you will be able to choose elective subjects for a minimum of 9 CFUs (maximum 27 CFUs). You can choose:

- An internship (9 CFUs), that can be carried out from May/June of the first year.
- The following course units recommended by the Programme Board:
 - o FINANCIAL STATEMENTS AND CORPORATE VALUATIONS FOR NON-ACCOUNTANTS (6 CFU)
 - o MANAGING LEGAL RISKS AND OPPORTUNITIES FOR ENTREPRENEURS (3 CFU)
 - o PYTHON FOR BUSINESS LAB (3 CFU)
- Language tests (German B1 or B2, French B1 or B2, Spanish B1 or B2) managed by the University Language Center (CLA).
- Any other activities given at UNIBO consistent with the LEGo curriculum.

HOW DO YOU CHOOSE OTHER ACTIVITIES GIVEN AT UNIBO CONSISTENT WITH THE LEGo CURRICULUM?

To select other activities of your choice, on Studenti Online/Study Plan you need to click on "Insegnamento a scelta su Ateneo 010 – Università di Bologna":

☐	5811 - B7074 - FINANCIAL STATEMENTS AND CORPORATE VALUATIONS FOR NON ACCOUNTANTS	6	2

In this procedure, you will be able to directly enter course units of **open-access Master's Degree Programmes**. After you have made your choices remember to click "save" so that the study plan can be correctly submitted.

If you want to choose activities of **restricted-access Master's Degree Programmes** instead, you will have to apply for them by filling out the "Electives choice form" available on the LEGO website (Page: Preparing the study plan)

Once the form is submitted, the request will be evaluated by the LEGO Programme Director and the Student Administration Office.

Before applying, please check with the professor whether there are places available for students from outside the Programme.

HOW DO YOU KNOW IF YOU NEED TO FILL OUT THE FORM?

If no subject appears in the search window after entering the subject code, it means that you need to fill out the form to request the subject to be included in your study plan.

Submit the paper plan only if you are unable to complete the study plan online.

The form should be filled out correctly in all its parts and sent from your institutional address to didatticahercolani.lego@unibo.it
