

- INSTRUCTIONS FOR THE ADMISSION TO THE FINAL EXAMINATION-

UNDERGRADUATE DEGREES (CORSI DI LAUREA TRIENNALE) IN:
INGEGNERIA MECCANICA (cod. 0208 Class 10; cod. 0949 Class L-9)
INGEGNERIA AEROSPAZIALE (cod. 8263 Class L-9, cod. 9234 Class L9)

MASTER'S DEGREES (CORSI DI LAUREA MAGISTRALE) IN:
INGEGNERIA MECCANICA (cod. 8771 Class LM-33)
MECHANICAL ENGINEERING FOR SUSTAINABILITY (cod. 5980 Class LM-33)
AEROSPACE ENGINEERING (cod. 8769 Classe LM-20; cod. 5723 Class LM-20)

Students must submit the application for graduation by accessing the link: <https://studenti.unibo.it>
A procedure will guide them for their concerning part, whereas the Supervisor and the Administrative Student Office are in charge of the subsequent steps.

Graduation deadlines for a.y. 2024/2025

Graduation Dates	♣First deadline For submitting the online application including the payment (€32)	♦Second deadline Last day for submitting a late online application with fine (€100)	♠Third deadline For finishing the exams, paying all due tuition fees and fines, completion of Almalaurea Approval of the title by the supervisor	♥Fourth deadline upload of the Thesis on SOL	●Fifth deadline Supervisor's approval of the thesis	▪Sixth deadline Submission of the declaration of compliance at the R. Ruffilli Library in Forlì
15 th July 2025	15 th May 2025	13 th June 2025	24 th June 2025	7 th July 2025	10 th July 2025	11 th July 2025
30 th October 2025	15 th September 2025	30 th September 2025	10 th October 2025	22 nd October 2025	24 th October 2025	27 th October 2025
10 th December 2025	16 th October 2025	14 th November 2025	21 st November 2025	1 st December 2025	3 rd December 2025	5 th December 2025
11 th February 2026	29 th December 2025	16 th January 2026	22 nd January 2026	30 th January 2026	5 th February 2026	7 th February 2026
24 th March 2026	15 th January 2026	25 th February 2026	3 rd March 2026	12 th March 2026	16 th March 2026	18 th March 2026

♣First deadline

This is the deadline for applying for the graduation application by paying the estimated amount of €32. The student can graduate exclusively in a teaching activity present in his/her study plan. If the supervisor is the responsible of a teaching activity not present in the student's study plan, the student must indicate the Scientific Disciplinary Sector, previously agreed with the thesis supervisor.

♦Second deadline

By the second deadline the student can submit the late application and must pay, in addition to the amount of € 32, the late submission fee for the application which is € 100.

♠Third deadline

By the third deadline, the student must:

- verify that his/her supervisor has approved the Thesis title indicated in the application online. If the deadline is approaching and the professor has not given a feedback, student should contact him/her directly.

The supervisor can modify the Thesis title only by the ♠Third deadline.

- conclude his/her career by passing all the exams required in his/her study plan. The student must verify that the marks are properly recorded in the student's career by displaying them directly when completing the online graduation application. **As for the registration of the internship, considering that the Mechanical Engineering Internship Commission generally meets on the first and third Monday of each month (excluding August) and the Aerospace Engineering Internship Commission meets on the fourth Monday of each month, it is suggested they upload the required documents on the internship application well in advance.**
- The Administrative Student Office will carry out a final check on the student's career, **not necessarily within the third deadline, and will contact the student on the institutional e-mail in case of anomalies;**
- have paid all due tuition fees. The Administrative Student Office will carry out a final check, not necessarily within the deadline for meeting the requirements (third deadline), and will contact the student on the institutional e-mail address in case of anomalies. In any case, it is good practice to check your tuition status from your profile **as the ♠Third deadline gets closer**, so as to independently verify the existence of any payment delays over the years of enrollment and any fines due but not inserted yet or already available to pay.
- fill out the online survey [Almalaurea](#) or contact your Secretariat for the possible exclusion from the database.

During the online application completion, the [Almalaurea](#) link will be displayed.

Please note: the online application will be received by the system only after a couple of hours upon completion of the survey.

♥Fourth deadline

By the fourth deadline, the graduating student must:

Upload the thesis (in pdf format), the key words and abstract on SOL - Studenti Online.

By fourth deadline, bachelor's degree student, could request K1 grade attribution to the study course management office, as specified by Course council.

During the upload, the student will need to select the level of consultation of the thesis.

The possible levels of authorization are:

- online access for everyone immediately after the graduation
- online access for everyone after a set date (the student must indicate such date; level of consultation to be selected in case the thesis cannot be visible for a certain period for patents activation in progress)
- online access limited to Unibo credentials owners and users who log in from Unibo libraries
- no online publication of the complete thesis but only of the metadata (level of consultation to be selected in case the thesis can never be visible for sensitive data)
- no online publication of the thesis nor the metadata

Only after the student has inserted all the metadata, files and level of consultation of the thesis, the supervisor can:

- modify the metadata, title and possible assistant supervisors
- increase only strictly the level of consultation (e.g. if the student has selected 'online access for everyone after a set date' the supervisor cannot modify it in 'online access for everyone immediately after the thesis discussion'). In any case, the supervisor can decide for the no-access of the thesis online

●Fifth deadline

It is the deadline for the supervisor **approval of the thesis** and the level of consultation by the supervisor. After the approval, the level of consultation will no longer be editable.

▪Sixth deadline

After the approval of the thesis, the graduating student will receive an email inviting him/her to check his/her graduating request and print the Disclaimer .pdf file.

The graduating student must put data, place, sign and submit the disclaimer at the Ruffilli Library in via Caterina Sforza 45, Forlì or send it via email, together with a valid identity document to: bibliotecaruffilli.info@unibo.it.

For further information please visit the webpage <https://forli.sba.unibo.it/en/about-us/library-holdings>

The disclaimer will not be generated in case it is not possible to publish online the thesis (please see the fourth deadline for details, levels of authorization).

Only after the submission of the disclaimer AlmaDL will be able to process the publication of the thesis online.

After the online registration of the graduation mark, all the thesis will be sent automatically to PARER for the storage, whereas only the thesis with a publication consent will be sent to AlmaDL.

The day after the graduation mark registration, thesis will no longer be visible on Studenti Online neither for the student nor for the supervisor nor for the evaluation commission.

Thesis transfer in AMS Laurea: informative notes

The degrees of the School of Engineering have also used for years the AlmaDL - AMS Laurea platform, namely the institutional online archive for the storage, bibliographic management, research and online consultation of the thesis of the University of Bologna.

Through this procedure, SOL transfers automatically in AMS Laurea the thesis, the related metadata and the legal authorizations (level of consultation and distribution) after the graduation and mark registration.

FEES, PAYMENTS, BOOKING / GRADUATION DATE CHANGE AND RENEWAL OF THE GRADUATION REQUEST

In the online procedure the student will automatically find the form for the payment of the two revenue stamps for the online application. **The graduation request submitted online is valid for the entire academic year.** This means that, existing several possible graduation dates, if the student wishes to **change the graduation date selected**, he/she can do it **by writing an email from his/her institutional Unibo account to the Student Administration Office - Segreteria Studenti (segforli@unibo.it) by the deadline of the subsequent graduation date**. The Student Administration office will proceed by cancelling the old graduation request and send instructions via email for inserting a new application, without further charges. In case the student renews the request to graduate the subsequent academic year, just one 16 euro is required. In this case, the student will make a new request after the Student Administration Office has deleted the previous one.

THESIS DRAFTING AND LAYOUT

Please follow the example below.

On the front page of the thesis the Academic Year 2024/2025 must be indicated as per Teaching Regulations.

The new rules for the use of the University Trademark allow you to place the trademark on the cover and title page of your final examination. Any other use not covered by the above is prohibited (detailed information in the Course website in the “Studying”-“Final Exam”-“Final Examination: modalities and information on writing a dissertation” section).

CANDIDATE

SUPERVISOR

Academic year 2024-2025

SPECIAL NOTES ON FEES FOR STUDENTS WHO UNNECESSARILY PAID TUITION FEES FOR THE NEW ACADEMIC YEAR 2025/26

Students who think to graduate by the last graduation date for academic year 2024/2025 (March 2026) do not have to pay fees for academic year 2025/2026.

Those who pay but graduate by March 31st 2026 will be reimbursed of the [ER.GO](https://serviziergo.er-go.it/moduli/tassaregionale/modulo.php) (Azienda Regionale per il Diritto agli Studi Superiori) regional tax (140 euro) after the graduation date. The stamp duty (€16.00) and the insurance (€ 1.04) are not refundable in any case. The refund request is made by filling in the form available at: <https://serviziergo.er-go.it/moduli/tassaregionale/modulo.php>

In case the student has also paid the second and third tuition installments for a.y. 2025/2026, he/she must provide his/her Iban account to the Student Administration (segforli@unibo.it) using the name.surname@studio.unibo.it account and by sending copy of a valid ID. The email object should be: 'Refund of second (or second and third) instalment AY 2025/2026'.

DEGREE CERTIFICATES AND SELF-CERTIFICATES

In accordance with the Law 183/2011 (law of stability 2012) certificates issued by the University of Bologna are only valid in the private sector. In relations with public administration and public services, certificates and affidavits are increasingly replaced by self-certifications.

Immediately after the registration of the graduation mark, graduation certificates are available online.

To obtain a certificate or a self-certificate, connect to the website: <https://studenti.unibo.it>
For more information log on to the links: <http://www.unibo.it/en/services-and-opportunities/certificates-and-requests-for-duplicates/certificates-self-certifications-on-line-and-diploma-supplement>
<http://www.unibo.it/en/campus-forli/campus-services/student-administration-office-1>

DEGREE PARCHMENT COLLECTION, FEE REIMBURSEMENT AND NOTICES ON THE INSTITUTIONAL EMAIL ADDRESS name.surname@studio.unibo.it:

The University has adopted a degree parchment delivery service.

Graduate students will receive the degree parchments directly to the address (domicile or residence) indicated in Studenti Online for communication. Therefore, students are advised to thoroughly check the addressed provided during the online graduation application and, in case, modify it.

The University will be in charge of the delivery and costs, prior notification by e-mail at the institutional address, within 4 months from the graduation session.

The institutional mail box must be regularly checked for any administrative notices, such as refunds, as they will be sent exclusively to that email address.
