Students who apply for exchanges with Swiss and English Universities are subject to all of the requirements specified in the call for applications for Programme countries.

Mobility to UK

Selected students must comply with the current rules in order to enter the Country (visa, health insurance, covid19 rules)

All costs required to enter the country are not paid by the University of Bologna but have to be paid by the student

Some universities in the UK require specific language certificates in order to release the admission letter (required for the visa). It is important to check the website of the partner university

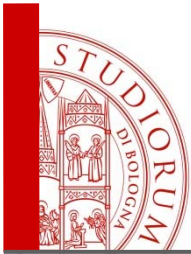

Types of contribution

Erasmus+

1. **Contribution from the EU**, from a **minimum of 250€** to a **maximum of 350€** per month depending on the country;
2. **Integration of the Italian Ministry of Education, Universities and Research MIUR**, based on the ISEE declaration (or the income and assets documentation, for international students);

5. **N.B.** This year there is also an additional funding for “Green travel” given if the student completes the travel to the hosting country travelling with green transports.

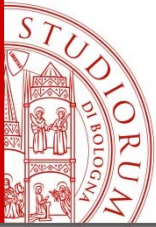

Financial contribution

The EU contribution covers the majority of the expenses associated with living abroad.

Contributions are assigned for exchange periods of **at least 2 months (60 days)** for all destinations. The maximum duration of the exchange is **12 months (PhD can also do brief exchange periods from 5 to 30 days)**. The exchange period must be **continuous, without interruption**. Has to be completed: for EU **between June 1st 2023 and July 31st 2024**. The amount is calculated according to the **destination country**, the **actual number of days** spent at the partner University and it will be released only after the **recognition of at least one learning activity** by the Council of Degree Programme (study, internship, preparation of the thesis, regardless the amount of credits achieved).

If no study activity carried out abroad is recognised by the Home University, or completed with satisfactory results, the student will have to **return** the full amount of the contribution received.

Language Requirements

The minimum level of language skills required in order to apply for an Erasmus+ grant is set at the **A2 level** of the CFR (Common Frame of Reference for language knowledge).

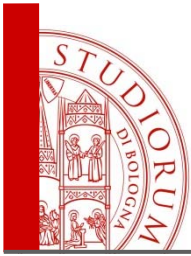

Please note that the language requirements specified by Partner Universities may be stricter than the ones required for applications to be eligible. Therefore students must check the language requirements of the University where they intend to spend an Erasmus+ period.

Candidates may sit the test for **up to two languages** and only **once for each language**. For countries in which two languages are indicated, candidates may choose to sit the test in either of these languages.

Candidates may only enrol for tests at the UNIBO Language Centre (Bologna and Romagna offices) during the period from **10/01/2023 at 12 noon to 18/01/2023 at 12 noon** via AlmaRM, the online application.

The **test sessions** in French, English, Spanish and German will be held at CLA **from 23/01/2023 to 03/02/2023**.

No re-sit sessions are scheduled.

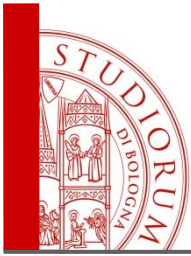

Language Requirements

Students **don't need** to take the language test at CLA if they

- Are **enrolled in degree programmes entirely in English (e.g. Aerospace Engineering)**. These students must however submit appropriate certification (or sit the test) if they wish to apply for an exchange in which English is not the test language;
- Have gained an **Official Certification** (certificates dated before 01/01/2020 will not be considered) of CEFR (First Cambridge, etc.).
- Are enrolled in a third cycle degree (PhD or specialising school)
- **Have previously passed a language test for other exchange calls** (Erasmus, Erasmus Placement and Overseas) in the last two academic years (20/21 and 21/22).
- Have an official **high-school diploma or first cycle degree diploma in the language requested** by the exchange.

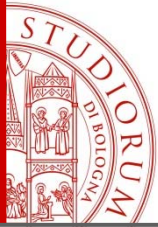

Choice of the destination

Students may apply for **a maximum of THREE** different vacancies.

The vacancies specify:

1. destinations,
2. name of the exchange coordinator,
3. exchange field of study,
4. specific language requirements (if any),
5. the list of degree programmes which provide access to the vacancy (under the heading "aperto a ")

The list of destinations includes vacancies which have not been confirmed yet by the partner University. This information is specified in the vacancy description published online: "posto scambio non ancora confermato". Then, **the exchange place is not guaranteed for students who apply for these not confirmed vacancies**, even if they have been selected and have already accepted it.

Applications must be submitted online only by visiting **AlmaRM** (<https://almarm.unibo.it>), from **10 January 2023**

2. *A personal study plan for the mobility and a motivation letter (which will be subject to assessment by the exchange coordinator)*

START DATE FOR THE PRESENTATION OF APPLICATIONS: 10 January 2023

CLOSING DATE: 09 February 2023 at 1pm

INCOMPLETE APPLICATIONS WILL NOT BE ACCEPTED.

IT WILL NOT BE POSSIBLE TO CHANGE OR CANCEL APPLICATIONS AFTER SUBMISSION.

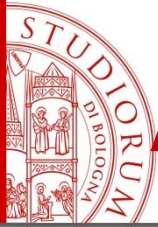

Award Criteria

1. Evaluation of the exchange **coordinator** (up to a maximum of 40 points)
2. **Academic progress** (up to a maximum of 60 points) based on regularity of study and course credits and marks

For students enrolled in their first year of a **Second cycle degree/Two year Master** (120 ECTS) the calculation of career points comprises 6/7ths of the previous courses of study and 1/7th of individual student's current course of study.

Students are required to check that the data held by the Studenti Online about their individual academic careers contains all completed and recorded learning activities, as **only activities registered by Wednesday, 16 February 2023 will be used to calculate their academic progress points (check it before deadline).**

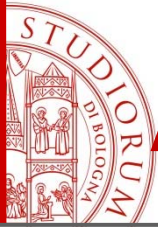

Acceptance of the exchange place

After the publication of the ranking on **9 March 2023**, the successful candidates must confirm acceptance of their exchange places by **Monday, 15 March 2023** via AlmaRM.

Even if a candidate is successful on two lists, only one exchange place can be accepted and the acceptance of one will result in automatic deletion from the other list.

After the acceptance deadline, successful candidates who have not confirmed acceptance will be automatically deleted from the lists and their places made available to other students.

An updated list will then be published on **Tuesday, 16 March 2023** and followed by another period for the acceptance of exchange places. **Students who were successful on an exchange on 9th March can still accept until the 22nd if there are not any other eligible students that can accept.**

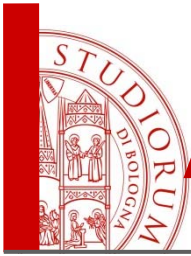

Acceptance of the exchange place

During the acceptance phase, the candidate is required to indicate the preferred mobility period (whole academic year, first or second semester). **If the mobility period consists of more than 6 months and the student chooses first or second semester, the period and the grant will be reduced to 6 months automatically.**

Students successful for exchanges for the first year of a Master Degree can only accept with the second semester option.

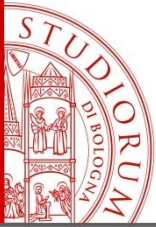

THERE WILL BE NO "SECOND CALL" THIS YEAR.

Acceptance of the exchange place

Once students have confirmed acceptance of an exchange place, they must:

1. sign an 'Individual Contract' or "**Mobility Agreement**" with UNIBO which contains mandatory clauses established by the European Commission;
2. define and obtain approval for their study plan, or **Learning Agreement**, from their individual Degree Programme Boards, necessary to recognise the activities completed abroad;
3. fulfill all the **administrative requirements** of the partner institute (application form, language certification and any other documentation);

F.A.Q.

- **How many credits can I get?** There is not a prearranged number of credits that you have to obtain abroad (maximum or minimum); in order to receive the economic contribution, **you need to complete an educational activity, regardless of the number of credits.**
- **Are there any prearranged learning agreements /study plans?** There are no ready-made study plans; it is up to each candidate student to check the courses (or laboratories, projects, seminars, etc.) on the website of the partner universities. For further information, the student should contact the professor on charge who can give useful information regarding teaching activities at partner Universities.
- **Is the interview with the professor on charge mandatory?** Sometimes it is mandatory to have an interview with him; however, it is recommended to meet him anyway.

F.A.Q.

- **When I come back to the University of Bologna, will the exams I passed abroad be recognized at home?** Before leaving, students have to obtain the approval of their learning agreements by their Degree Course Board. All the activities approved in the learning agreement will be recognized at the end of the Erasmus exchange period.
- **I have already taken the curricular language test. Do I still have to take the test?** Yes, B1 and B2 curricular tests are not considered valid in order to apply for Erasmus+ programme.
- **I'm enrolled in one of Master Programme entirely taught in English (annex 1 of the Call), do I have to take the test?** In this case, you have to take the test if you wish to apply for an exchange in which English is not the test language (**The language requirements of the hosting university may be different from the ones required by the Erasmus+ mobility programme**).

F.A.Q.

- **What is the language assessment test?** The test is taken at the computer and consists of three parts: grammar and vocabulary, reading comprehension and listening comprehension. The test has a minimum duration of 1 hour and a maximum of 2 hours.
- **How can I register for the Erasmus+ language test?** You can sign up for the test on AlmaRM during the registration opening period (between Jan 10th and Jan 18th), before the test session.
- **How can I obtain the language certificate Erasmus+ Study at the end of the test at CLA?** After the test, the student will be able to print the certificate attesting his level from Studenti Online.

F.A.Q.

- **What are the language requirements to apply for the erasmus+ call for application?**
Candidates need to meet the minimum language requirements of the language of instruction of the hosting university: the minimum score is A2, unless it is specified differently in the mobility offer of the call for application. Please take into account that the hosting university may set stricter language requirements (students have to verify on the hosting university webpage).
- **The language requirement foreseen by the Erasmus+ call for application is sufficient to be admitted to the hosting university?**
No, the hosting university may set stricter language requirements: students have to verify on the partner university web page or by contacting the Erasmus office of the hosting university. The certificate should be submitted directly to the hosting university according to their deadlines (deadlines may vary according to each university but is usually subsequent to the call for application results).
- **If there are two languages of instruction at one institution, is it necessary to meet the language requirements for both languages?**
Generally it is sufficient to meet the language requirements of one language unless it is specified differently.

F.A.Q.

- **Where, how and when does the language test take place?**

The language test takes place at the computer lab of CLA, it evaluates oral and written text comprehension skills, and writing skills. Students can take the test only one time for each call for application (exceptions are listed in the call for application) and for maximum two languages.

- **Is there the possibility to hold a practice exam?**

A practice test will be available on the CLA web site when they publish the test dates.

- **The language test foreseen by my study plan is valid to apply at the Erasmus call for application?**

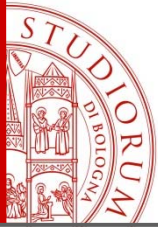

No, it isn't.

- **I am a student at the Forlì campus, may I hold the language test at another campus of the University of Bologna?**

Yes, you can.

- **Who is exempt from the language test at CLA?**

The exemptions and the language certificates which are accepted in place of the CLA test are listed in the call for application.

Thank you for your attention
