

Master Degree in
Physics
A.Y. 2023-2024

COFFEE TALKS

Curriculum in
MAterial Physics
and naNOscience

**What determines the spatial resolution in
organic optobioelectronic retina implants?**

Luca Fabbri

10
NOV
12 AM

**Quantum probes of the ground states of
emergent order in materials**

Ilija Nikolov

17
NOV
1 PM

***Ab initio* calculations to predict the
tribological properties of materials**

Francesca Benini

01
DEC
12 AM

**Polymeric Bio-sensors for Health and
Environmental Monitoring**

Lia Giulia D'Amico

15
DEC
12 AM

Dept. of Physics and Astronomy DIFA
Room A
Via Irnerio 46
