ABOUT WONDERSYS

Wondersys Srl is a company founded in 2008, currently with legal and operational headquarters in Via Aurelio Lampredi 45 - 57121 Livorno, which develops and supplies IT solutions.

The company has 17 employees, 80% with purely technical specializations in the field of telecommunications engineering, electronics and information technology.

The company operates in the sectors of telecommunications networks and software for finance and business intelligence, transport logistics, industry and the media sector, developing flexible and dedicated solutions for its customers, aimed at consulting products and quality improvement.

Wondersys supports its customers as a technological partner for the engineering and optimization of IT processes, developing software solutions including ad-hoc projects and the ability to interface with other applications.

Wondersys' main customers are mainly located in Italy, Germany and Austria.

The possibility of providing remote service, such as, for example, as a Google Cloud Partner, the resale of Google Cloud products and support for the start-up and use of the same, extend the range of action on the market.

Be there or be square!
