# How to Enrol: requirements, deadlines and methods

## Evaluation of eligibility

Application on [Studenti Online](#) according to intakes calendar:

- Registration
- Upload all necessary documents
- If students are considered to have satisfactory skills and competences according to the evaluation of their submitted documents → they have immediate access to the SCORE Master's Degree Course.
- If students' skills and competences are not satisfactory according to the evaluation of their submitted documents → they can be asked to undergo an interview

## How to Enrol: Matriculation

Starting **from July 25<sup>th</sup>**, 2019 pre-accepted applicants should complete the enrolment procedure:

- complete the application on Studenti Online [www.studenti.unibo.it](http://www.studenti.unibo.it) with the required data and attach an ID photograph in digital format
- pay the first instalment of tuition fees
- go to the Student Administration Office with a valid ID document to validate the procedure

Final deadline for matriculation: November 28th, 2019

**Graduating students can matriculate upon condition:**  
bachelor degree to be obtained by December 19th, 2019

## How to Enrol: Tuition fees A.Y. 2019/20

**Deadlines for first year students** - Second Cycle Degree:

First or single instalment: 31 October 2019

(with additional late enrolment fee: 28 November 2019)

Second instalment: 19 December 2019

Third instalment: 16 March 2020

Tuition fees are calculated based on the **2019 ISEE value**

**Be careful! If you do not present your ISEE you will have to pay the tuition fee in full**

ISEE presentation: **by 30 October 2019 at 6.00 pm**

(15 November 2019 at 6.00 pm, paying a late submission fee of €100)

Use your University credentials to access the [ER-GO Form](#)

**Be careful!** The deadline to apply for other **ER.GO benefits** is on **August 31<sup>st</sup>, 2019** → check the [call!](#)

# Before classes start...

- **September 10th to 12th**

[INTERNATIONAL WELCOME WEEK 2019](#)

offered by the International Desk of Ravenna Campus

A range of activities will allow you:

- to get to know the Ravenna Campus University life and community
- meet university staff and professors
- make connections with other International/Italian students and the city

- **September 16th to 27th**

Chemistry and Mineralogy **crash-courses** (timetable soon available)

Non-mandatory but students (especially those who undergone the interview) are recommended to join them in order to profitably attend the teaching activities of S.Co.Re. degree programme

# S.Co.Re. degree programme - Overview

[Degree programme website](#)

[Contacts](#)

[S.Co.Re. Handbook](#)

# International Mobility: the opportunities offered by the Degree Programme

Internship for the Preparation of the final examination – 18 cfu

TO be completed within the study programme. It is necessary in order to prepare the final experimental thesis and it will be mentioned during the final defence:

1. **Internal internships:** conducted at University of Bologna laboratories
2. **External internships:** conducted at host institutions and companies, public and private, trade associations etc.

External internships can be performed in ITALY or **ABROAD**

Thanks to a funding contribution from **Fondazione Flaminia**, every year the degree programme offers **four (4) scholarships** to students enrolled into the 2nd year who intend to implement their experimental thesis outside of Italy – [A.Y. 2018-2019: Open competition for experimental thesis grants](#)

# International Mobility - Further opportunities

## Erasmus + for Study (mainly EU countries + partners)

Call for applications published in January-February of your 1st year to leave during the 2nd year

Aim: credit transfer or thesis preparation

**NOT RECOMMENDED** for S.Co.Re degree programme

## Erasmus+ mobility for traineeship (mainly EU countries + partners)
