Commissione Paritetica Docenti Studenti - 1
(Joint Teacher/Students Committee)

The JTSC is a special departmental body that offers its consultations to other bodies and committees. In particular, it supervises and reviews the **assessment** of teaching activities within each programme. Its suggestions on how to step up such activities in the future are collected in the JTSC's **Yearly Report**.

Students' active role lies at the heart of the JTSC and its mission.

The JTSC's main functions are:

- Spotting **criticalities**
- Stimulating students' **involvement** in the Quality Assurance process
- Giving **opinions** and **suggestions**
- Drafting a **Yearly Report** on the 'health status' of the department's programmes, based on independent data analysis.

Internship (Tirocinio) and other activities

- ✓ 150 hours internship (6 CFU) to be selected in your 'piano web' from year 1.
- ✓ «Final examination» (18 CFU): Self Training (3 CFU) + 'Final examination' (15 CFU)

The e-learning Self Training course MUST be started at the beginning of this semester. Plese read the online guide carefully. The reference person for this course is Dr Michela Bertozzi, PhD.

If you are writing your dissertation abroad and/or in connection with your internship, you may choose to split the 15 credits for the final dissertation into an 'INTERNSHIP ABROAD FOR PREPARATION OF THE FINAL EXAMINATION', or 'INTERNSHIP FOR PREPARATION FOR THE FINAL EXAMINATION', or 'PREPARATION FOR THE FINAL EXAMINATION ABROAD' (12 CFU) + a final dissertation worth 3 CFU.

Electives/1

Electives are courses/exams that you may pick freely from the entire offer of the University of Bologna. If you see an exam under the section 'Esami a scelta' of your Piani Web, it means you can pick it. If you are interested in following a course that does not feature in the Piani Web list, you must ask for permission from the coordinator of the Programme the course belongs to, and forward proof of their approval to Morena Filippini. Please refer to me before asking for any course/exam from SpecTra that you do not see in the next slides.

Attending classes of electives is not mandatory, although in some cases it may be necessary to acquire practical skills (e.g. to learn or perfect a language, to train your voice, etc).

Electives must account for at least 15 CFU (e.g. three 5 CFU exams).

Electives/2

- ✓ Let us take a look at the programme-specific electives in https://corsi.unibo.it/magistrale/Interpretazione/insegnamenti/piano/2026/6347/116/000/2026. Visual communication, border politics and human rights is taught in English on-campus, but attendance is non-mandatory.
- ✓ For those wishing to take forward their advanced level of Portuguese, next year TRADUZIONE SPECIALIZZATA IN PORTOGHESE GIURIDICO will be replaced by LINGUA PORTOGHESE – CORSO AVANZATO (for SpecTra and Interpreting students)
- ✓ The MULTICAMPUS language project provides entry-level courses in Arabic (2 levels), Chinese (2 levels), Korean (2 levels), Hindi (2 levels), Swahili (1 level), Brazilian Portuguese (1 level), Russian (1 level), and Intercomprehension (1 level). The first and last classes of each course are taught on campus (and in Teams); exams are strictly on campus, as with all other electives.
- ✓ The BAES programme offers the following courses/exams in English (on-campus, but non-mandatory attendance): Gender and Sociology, Language policy and multilingualism, Letterature comparate (2 levels).

Electives/3

The following exams will appear in the Piani web list **starting from mid-October**:

- ✓ LINGUA FRANCESE/TEDESCA/RUSSA/SPAGNOLA PER INTERPRETI from InConf, I semester. The language chosen must be your additional language. Teachers may administer a placement exam. Please follow their advice. As an alternative, please consider the wide range of European and non-European language courses of the BA programme that you will see in your Piani Web – you do not need an authorization for them.
- ✓ COMPUTER-ASSISTED TRANSLATION from TraTec, in English, on-campus attendance required, I semester, focusing on tech aspects of CAT tools. **7 places, InTeCo prioritized over InConf**
- ✓ COMPUTER-AIDED HUMAN TRANSLATION: CAT, MT AND AI from SpecTra, in English, on-campus attendance required, II semester. **7 places, InTeCo prioritized over InConf**

In order to be entitled to choose the exams on this slide as electives, you must write to ira.torresi@unibo.it before Oct 12. Please apply for the II semester CAT exam, and for the language exams, only if you are sure you will be able to attend.
