

Test di idoneità di lingua inglese

Informazioni introduttive

La prova di idoneità di lingua inglese valuta le abilità ricettive, ovvero il riconoscimento di forme lessico-grammaticali appropriate, la comprensione di testi scritti e la comprensione orale. Tutte le prove sono in formato elettronico e condividono una struttura simile composta da tre sezioni (lessico-grammatica, lettura, ascolto).

Per la lingua inglese sono a disposizione prove di idoneità su cinque livelli, in base al *"Quadro Comune Europeo di Riferimento per le Lingue"*:

APT test preliminare - A2 - B1 - B1+ - B2

Si consiglia agli studenti di leggere con attenzione i descrittori dei livelli consultando il documento allegato alla pagina

<http://www.cilta.unibo.it/CILTA/Idoneitalingistica/ProveIdoneita.htm> e di svolgere il Test Campione a disposizione presso i Laboratori Linguistici di via Filippo Re 10.

ATTENZIONE: Per prepararsi alle prove di idoneità, gli studenti possono usufruire di percorsi didattici in *blended learning* appositamente creati da insegnanti madrelingua. I percorsi in blended learning si compongono di **attività in autoapprendimento assistito** su materiali multimediali on line e di **lezioni in presenza** tenute da insegnanti madrelingua.

Per lo studio in autoapprendimento in preparazione alla prova di idoneità di livello B1 è a disposizione degli studenti il *Manuale ALTAIR B1 Guida preparatoria alla Prova di Idoneità*. La Segreteria ed i Laboratori di via Filippo Re sono a disposizione degli studenti per ulteriori informazioni e per fornire i programmi dettagliati dei contenuti e delle attività correlate ai percorsi didattici di ogni livello.

Descrizione dei livelli e Sillabo delle prove

SILLABO Livello APT: test preliminare

La prova APT è stata ideata per rispondere alla necessità di verificare la conoscenza di discenti principianti, impegnati in un percorso di studio propedeutico finalizzato al livello A2. Il test APT si differenzia dal livello A2 nella ristrettezza delle strutture grammaticali, del lessico necessario e nella maggiore semplicità degli esercizi e testi (scritti o orali) per le sezioni di lettura e ascolto.

1. Lessico-Grammaticale

Padronanza limitata a qualche semplice struttura grammaticale, a semplici modelli sintattici e ad un lessico basilare di uso quotidiano.

2. Lettura

Comprensione di semplici brani di lettura contenenti un lessico molto limitato e frasi semplici.

3. Ascolto

Comprensione di un lessico e di frasi semplici, impegnati in funzioni linguistiche basilari e in situazioni concreti (ad esempio, su di sé, sulla famiglia, sugli orari, sulle attività di lavoro e di tempo libero). Abilità anche di recepire parole o gruppi di parole con connettivi elementari e sequenziali, purché le persone parlino lentamente e chiaramente.

1. Lessico-Grammaticale

Conoscenza di una ragionevole gamma di strutture morfologiche e di un repertorio lessicale adeguato per completare testi autentici adattati di divulgazione (es. articoli giornalistici di interesse generale) e di brevi testi biografici o narrativi.

3. Ascolto

Comprensione degli elementi principali di un discorso in linguaggio standard su argomenti familiari legati alla sfera dello studio, la scuola, tempo libero, turismo ecc., purché il parlato sia relativamente lento e chiaro.

SILLABO Livello B1 +

La prova B1+ è stata ideata per dare la possibilità di verificare una conoscenza più approfondita degli argomenti trattati a livello intermedio, sia per studenti impegnati in un percorso di apprendimento che si fermerà ad un livello post-B1, che per studenti impegnati in un percorso di studio che porta al livello B2.

Pertanto le conoscenze specifiche richieste rimangono quelle del livello B1, ma viene richiesta una preparazione lessico-grammaticale più approfondita da parte dello studente, un grado di comprensione scritta leggermente più alto, nonché una comprensione orale di discorsi su una serie di argomenti più ampia (ad es. notizie di attualità) enunciata ad una velocità abbastanza naturale.
