

ALMA MATER STUDIORUM  
UNIVERSITÀ DI BOLOGNA

## AGREEMENT OF INTERUNIVERSITY COOPERATION

### Between

**ALMA MATER STUDIORUM – UNIVERSITÀ DI BOLOGNA** (hereafter referred to as “**Università di Bologna**” or “**Unibo**”), represented by its Rector Prof. GIOVANNI MOLARI, Via Zamboni 33 – 40126 Bologna, Italy.

### and

**EL COLEGIO MAYOR DE NUESTRA SEÑORA DEL ROSARIO** – Bogotá – Colombia (hereafter referred to as “**Universidad del Rosario**”) represented by its Rector Prof. JOSÉ ALEJANDRO CHEYNE GARCÍA, Calle 12C N° 6-25 - Bogotá D.C., Colombia.

Together named “the Parties”

### Provided that

- on 10<sup>th</sup> September 2009 the Parties subscribed an agreement of interuniversity cooperation for the granting of degrees in the field of psychology (Laurea Magistrale in Psicologia Clinica of the Università di Bologna and Programa en Psicología of the Universidad del Rosario), valid for an unlimited period of time;
- on 24<sup>th</sup> August 2010 the Parties subscribed an integrative agreement act to implement the existing collaboration by extending the application of the aforementioned agreement also to the Laurea Magistrale in “Psicologia Scolastica e di Comunità” of the Università di Bologna and to the Curriculum in “Psicología de la educación y comunidad” of the undergraduate degree in Psychology of the Universidad del Rosario;
- the Italian law n. 163-8 November 2021 established that the final exam for the achievement of the second cycle degree qualifications in the field of psychology enables the practice of the profession of psychologist in Italy starting from the academic year 2023/2024. The subsequent Interministerial Decree n. 567 – 20 June 2022 and Interministerial Decree n. 654 – 5 July 2022 contain the provisions so that the final exam includes the carrying out of a practical test evaluating the professional skills acquired with the internship within the degree programme to ascertain the level of technical preparation. Within the degree programmes a practical-evaluative professional internship is foreseen corresponding to a total of 30 ECTS (to be achieved over the five years programme) which allows students to acquire the skills necessary for carrying out of the profession. At the end of the internship - as well as all the exams – before the public defence of the Master Thesis students will have to take a final habilitation exam including an evaluation practice test and, only after having obtained a judgment of suitability by the commission in charge of the test, they

ALMA MATER STUDIORUM  
UNIVERSITÀ DI BOLOGNA

Universidad del  
**Rosario**

can have the public defence of the Master Thesis. The ministerial decrees also indicate the obligatory minimum contents that the practical-evaluative professional internship must include;

- following the abovementioned Italian regulatory modifications, it is necessary to amend the above mentioned Agreement signed between the Parties by means of a new text, in order to comply with the new norms changing terms and conditions for the award of Unibo degree qualification Laurea Magistrale in “Psicologia Scolastica e di Comunità” and Laurea Magistrale in “Psicologia Clinica”;
- the Italian Ministerial Decree “DM 270/04” allows Italian universities to jointly grant degrees (2<sup>nd</sup> cycle) with other foreign universities;
- the Rectoral Decree No. 872 of 5<sup>th</sup> August 2005 has created “Programa de Psicología” en la Universidad del Rosario;
- la Resolución No. 11905 (23<sup>th</sup> of June 2022) of Ministerio de Educación Nacional, has accredited “Programa de Psicología” de la Universidad del Rosario;
- the Department of Psychology of the Università di Bologna and the School of Medicine and Health Sciences of the Universidad del Rosario have a common interest continuing to offer a programme in the field of Psychology;
- both Universities, with their resources and funds and in accordance with the law and regulations of their respective country, shall collaborate and host all students, faculty members and administrative staff who participate in the mobility programme as described in this Agreement;

**It is agreed and stipulated as follows:**

**Art. 1 - Preamble**

Preamble and Annexes are an integral part of this Agreement.

**Chapter I**

**Granting of degrees in the field of psychology**

**Art. 2 – Objective of the Agreement**

The Parties agree to establish a two-year programme, which provide for the exchange of applicant students for a period of maximum two semesters according to article 3.3 and the reciprocal recognition of credits, at the end of which the Parties will grant the following degree qualifications to students successfully completing the programme: Laurea Magistrale in “Psicologia Clinica” or Laurea Magistrale in “Psicologia Scolastica e di Comunità” of Università di Bologna and the Degree in “Programa de Psicología” of Universidad del Rosario.

The academic year at the Università di Bologna is organized in two semesters: the first one starts in September and ends in February, the second one starts in March and ends in August.

The academic year at the Universidad del Rosario is organized in two semesters: the first one starts in January and ends in June, the second one starts in July and ends in December.

**Art. 3 - Students**

ALMA MATER STUDIORUM  
UNIVERSITÀ DI BOLOGNA

### **3.1 Students Exchange**

The exchange should be balanced and involve an equivalent number of students from both Universities, where possible.

Both Universities agree that the number of participating students will not be more than 15 units from each university per academic year. Parties shall be able to jointly agree a higher number of participants upon a notice exchange between the Parties.

All exams successfully passed at the host partner University by each student participating in the programme shall be automatically recognized by the home University.

Students involved in the mobility programme shall also enjoy the benefits and shall be likewise subject to the regulations and norms which are in force in the Universities concerned by the programme.

### **3.2 Selection of students**

Students admitted to the programme will be selected by each University according to its own criteria and modalities, which will be agreed by the relevant degree programmes activated at both partner Universities.

The students selected by the home university, meeting all requirements mentioned below, will be automatically accepted by the host university.

### **3.3 Enrolment and Mobility**

#### **3.3.1 Università di Bologna students**

Students from the Università di Bologna who want to attend the programme have to be regularly enrolled at the degree programme Laurea Magistrale in “Psicologia Clinica” or at the Laurea Magistrale in “Psicologia Scolastica e di Comunità”, must present a valid certification of their knowledge of the Spanish language (B1 level) and must be entitled of a valid visa or residence permit. In August, in their third semester of study (correspondent to the second semester of the fourth year of the Programa), students shall be transferred to Universidad del Rosario in order to attend the teaching activities offered within the “Programa de Psicología” in accordance with the correspondence table annexed to the present agreement (Annex 1). Students must obtain respectively a minimum of 16 or 17 Colombian credits depending on their path as provided in the correspondence table. Credits earned at Universidad del Rosario consist in a workload equivalent to at least 30 Italian credits even if they are recognised respectively as 26 or 28 Italian credits due to Università di Bologna study plan structure. During the mobility students from the Università di Bologna will have the state exam to obtain the professional degree in psychology in Colombia, which consists in a written test. The cost of this test is charged to the students. Programa de Psicología is responsible for enrolling the student to the state test beforehand and according to the state exam calendars.

Finally, they will return to the Università di Bologna to complete their studies including the “Prova Pratica Valutativa (PPV)” necessary for the professional habilitation of Psychologist in Italy and to obtain the Università di Bologna degree qualification.

#### **3.3.2 Universidad del Rosario students**

ALMA MATER STUDIORUM  
UNIVERSITÀ DI BOLOGNA

Students from Universidad del Rosario who want to attend the programme have to be regularly enrolled at the degree programme of “Programa de Psicología”, must present a valid certification of their knowledge of the Italian language (level B1) and must be entitled of a valid visa or residence permit.

Universidad del Rosario students have already obtained at least 105 Colombian credits equivalent to 180 Italian credits. These 180 Italian credits are necessary as requirement for the access the Laurea Magistrale in “Psicologia Clinica” or to the Laurea Magistrale in “Psicologia Scolastica e di Comunità” at Unibo. To this end the Universidad del Rosario will provide Unibo the certification attesting the achievement of 105 Colombian credits. The evaluation is valid only for the access to the relevant Laurea Magistrale as it doesn’t provide for the award of an Italian first cycle degree.

Depending on the chosen path, students will carry out the mobility at the Università di Bologna in their second or third semester in accordance with the correspondence table annexed to the present agreement (Annex 1).

In particular, students attending the teaching activities provided by the degree programme of Laurea Magistrale in “Psicologia Clinica” will be transferred in September, in their second semester of study (correspondent to the first semester of the first year of the Laurea Magistrale).

Students attending the teaching activities provided by the degree programme of Laurea Magistrale in “Psicologia scolastica e di comunità” will be transferred in September, in their second semester of study (correspondent to the first semester of the first year of the Laurea Magistrale) or in February, in their third semester of study (correspondent to the second semester of the first year of the Laurea Magistrale).

Students must obtain a minimum of 30 Italian credits (equivalent to 16 or 17 Colombian credits).

Finally, they will return to the Universidad del Rosario to complete their studies and obtain the Universidad del Rosario degree qualification.

In order to obtain the Università di Bologna degree qualification, students must carry out at the Universidad del Rosario an internship compliant to the practical-evaluative professional internship provided by Italian law, allowing students to acquire the skills necessary for carrying out of the profession, and they must pass in videoconference the “Prova Pratica Valutativa (PPV)” necessary for the professional habilitation of Psychologist in Italy.

### **3.4 Registration and exemption from tuition fees**

During the mobility period students will remain enrolled and pay tuition fees in their home university and they will be registered at the host university.

Students participating in the programme shall be exempted from paying tuition fees at the host University.

All other charges, including international health insurance valid in the host country, will be borne by the students themselves. This insurance must cover repatriation.

ALMA MATER STUDIORUM  
UNIVERSITÀ DI BOLOGNA

### **3.5 Certifications**

Each Party shall issue for each student participating in the programme a Transcript of Records indicating his/her attended teaching activities and his/her academic performances and number of credits obtained at the partner University itself.

### **3.6 Insurance obligations**

The Parties state that their respective regularly admitted students are insured against any accident that they may suffer during their period of stay abroad for the activities concerned by this Agreement.

Università di Bologna states that its regularly admitted students are also insured for legal liability against damage which they may involuntarily cause to third party (people or their properties).

Universidad del Rosario will inform its regularly admitted students that they need to personally provide civil liability insurance valid in the host country and that they also need to provide proof of insurance to Università di Bologna at the moment of their arrival. The civil liability insurance must be constituted by the student with its own resources.

### **3.7 Services offered**

Students participating into the mobility programme shall benefit from all services offered by the host University to its regular enrolled students.

### **3.8 Fellowship**

Each University can grant the available fellowships to its students who intend to participate into the study programme, on the basis of a proper selection procedure.

## **Art. 4 – Didactics**

### **4.1 Study programme**

The correspondence tables allowing the recognition of credits as provided in articles 3.1.1 and 3.1.2 are attached to the present agreement (Annex 1).

Annex 1 can be modified upon mutual consent between the Parties without prejudice to the students already participating in the programme by means of an exchange of official notes.

The Commissions in charge of the final examination may include a maximum of two teachers, who must have previously participated into the integrated study programme of each University.

### **4.2 Use of grading table**

The Parties agree to use the scoring system based on the grade equivalence table attached to this agreement (Annex 2).

### **4.3 Award of the degree qualifications**

Students successfully completing the programme obtain the degree qualification - Laurea Magistrale/Pregrado degree qualification - at the home university and they can require the award of the degree at the other partner university on the basis of the related correspondence table annexed to

ALMA MATER STUDIORUM  
UNIVERSITA DI BOLOGNA

Universidad del  
**Rosario**

this agreement, by submitting the relevant academic documentation according to rules and modalities stated in the present agreement.

References offices for students participating in the programme are listed in the Annex 3 to this Agreement.

## Chapter II

### Art. 5 – Exchange of faculty members and administrative staff

#### 5.1 Exchange modalities

Both Universities shall regulate the reception and employment of faculty members and administrative staff participating into the mobility programme under this Agreement, in conformity with the law and juridical rules in force in the country concerned under the exchange.

Personnel concerned under this Agreement will continue to comply with the contractual obligations with the home University and will continue to receive the due remuneration and to benefit from the rights they are entitled of for their juridical position, according to the legislative norms existing in the home country.

In any case, the home University shall consider the duration of the stay as ordinary service period for all purposes.

#### 5.2 Activities for teachers and administrative personnel

Faculty members and researchers can hold courses and lectures, carry out tutorship activities, participate in seminars, be part of exam, final thesis and doctorate commissions at the partner University, and take part into research activities and meetings for student exchange programme planning, evaluation and development, held at the partner University. For the expenses concerning the mobility of teaching staff members and research fellows, each university will cover all the costs for their own professors and research fellows according to the availability of Erasmus Plus Programme funds or other funds for research.

The administrative staff will have the possibility of participating in meetings for student exchange programme planning, evaluation and development and will be able to carry out special visits in order to analyse the management systems operating at the partner University, according to the availability of funds.

The Parties agree that all the financial agreements will have to be negotiated and will depend on the availability of funds.

During their period at the hosting University, the faculty members and the researchers participating in said exchange, to carry out the above-mentioned activities, shall be considered as staff “on a mission” abroad.

#### 5.3 Insurance obligation

The Parties state that their employees and staff (teachers and administrative personnel) will be insured against accidents that they may suffer during their stay abroad, for the activities under this Agreement,

ALMA MATER STUDIORUM  
UNIVERSITA DI BOLOGNA

Universidad del  
**Rosario**

and for the civil liability for damage which they may involuntarily cause to third parties (people or their properties).

#### **Art. 6 – Prevention and security**

Both parties shall provide each mobility programme participant with detailed information about the specific risks existing in the work environment in which he/she will operate and carry out his/her function and with necessary documentation about the prevention and emergency security measures and provisions in force in relation to their activity and about the persons in charge of this, in compliance with the legislative norms and regulations in force in the country of the hosting University.

### **Chapter III General Terms**

#### **Art. 7 – Use of name / Logo**

Each party may use the logos, names and other marks of the other parties only in connection with the programme. Each party anticipates the other party's participation in press announcements, marketing and other reasonable promotional activities involving the programme through the appropriate use of the logos, names and marks of the parties.

#### **Art. 8 - Intellectual Property**

Each of the parties acknowledges and agrees that any and all of the Intellectual Property Rights or other proprietary rights in respect of any literature, materials, research or teaching methods, procedures, processes and/or the learning experience in relation to or in connection with the Programme and any parts thereof, are and shall remain the sole property of its owner and, save as expressly set out herein, nothing in this Agreement is intended to transfer ownership or create any licensed rights under any such Intellectual Property Rights or other proprietary rights.

The learning materials and any other literature, materials, research methods, procedures, processes or programmes in which a party has Intellectual Property Rights relating to or in connection with the Programme and which are disclosed to the other party pursuant to this Agreement may be used by the other party solely for the purposes of performing its obligations under, and during the period of, this Agreement and for no other purpose.

#### **Art. 9 – Other activities**

The Parties can extend the cooperation agreement for other purposes beyond the student exchange. Further cooperation projects, including intensive courses, distance teachings, joined researches, organization of seminars, symposia, and interviews on common interest topics and all other activities consolidating the cooperation, will be encouraged by both parties. These projects will be subject to specific addenda to this Agreement document, which will be stipulated by both parties.

Both parties agree to promote this programme in their catalogues and websites. All costs will be maintained by the individual institutions, unless otherwise specified in writing and agreed upon by both parties.

ALMA MATER STUDIORUM  
UNIVERSITATIS DI BOLOGNA

#### **Art. 10 – Data Protection**

In order to fulfil the obligations set out in this Agreement, the Parties shall have access to and shall transfer between them information which shall include personal information as defined in the Colombian Legislation related to Data Protection contained in Law 1581 of 2012, including all subsidiary legislation related thereto (collectively "Data Protection Legislation"), in the European Union's General Data Protection Regulation (2016/679) and in the data protection policy of the Universidad del Rosario.

#### **Art. 11 – Responsible for the Agreement**

Each University shall appoint a coordinator for the Interuniversity Cooperation Agreement.

#### **Art. 12 – Evaluation of the programme**

The Parties will consult each other when appropriate, but at least once a year, in order to evaluate the programme development, to draw up a report about the ongoing initiatives and to elaborate other cooperation programmes.

#### **Art. 13 – Controversies**

In the event of any controversy arising from this agreement the Parties will endeavor to resolve the matter amicably and in good faith.

#### **Art. 14 – Duration of the Agreement**

This Agreement will replace the agreement signed in 2009, as amended in 2010, and it will operate from the last date of signing for a period of five (5) years from academic year 2023/24 (the first cohort of students will enroll in the first year of Laurea Magistrale and in the fourth year of Programa in academic year 2023/24 and the last cohort of students will enroll in the first year of Laurea Magistrale and in the fourth year of Programa in academic year 2026/27).

This Agreement may be extended by mutual written agreement between the Parties.

The Agreement may be amended by mutual written agreement between the Parties in compliance with reference rules and regulations and with guidelines of Governing Bodies of the Parties.

This Agreement may be terminated at the request of either party provided that a minimum of six months' prior written notice is given to the other party to enable satisfactory arrangements to be put in place for students already participating in the programme and those to whom an offer of a place on the programme has been formally made. Both parties shall be equally responsible for such arrangements. Any modification or termination of the Agreement shall be carried out in such a way as to ensure no damage for the participants in the programme already underway.

If any of the partner institutions wishes to withdraw, it must be guaranteed that all the students admitted to this institution will be able to regularly complete their studies.

Annexes can be individually modified by mutual consent between the Parties by means of an exchange of notes between the partner universities, to no detriment to the students already enrolled.

ALMA MATER STUDIORUM

- Correspondences between the exams of University of Bologna and University of Rosario will be recognised according to the associations shown in the table.
- Students from University of Rosario can choose as elective courses (in Italian: "Esami a scelta dello studente") elective courses included in the Master Programmes in School and Community Psychology and in Clinical Psychology, or they can choose active courses from other Master Programmes in psychology. In this last case, the timetables of the lectures might overlap.

**Mobility Scheme: Students enrolled in “Università di Rosario”  
The mobility scheme is an "example" of the possible options**

**\*Second Semester in Bologna: September-December**

The “second semester” starts at the end of September and ends at the end of January. The exams take place in January and February.

We suggest to arrive in Bologna in mid-September at the latest to organise accommodation.

The courses of the second semester take place from September to December. In order to obtain the double title, it is necessary to achieve 30 ECTS.

Before choosing the exams, check the timetables of the lectures as some courses might overlap.

<b>Totale 120</b>	<b>Totale 64</b>

- Correspondences between the exams of University of Bologna and University of Rosario will be recognised according to the associations shown in the table.
- Students from University of Rosario can choose as elective courses (in Italian: “Esami a scelta dello studente”) elective courses included in the Master Programmes in School and Community Psychology and in Clinical Psychology, or they can choose active courses from other Master Programmes in psychology. In this last case, the timetables of the lectures might overlap.

ALMA MATER STUDIORUM  
UNIVERSITÀ DI BOLOGNAUniversidad del  
**Rosario****Mobility Scheme: Students enrolled in “Università di Rosario”****The mobility scheme is an "example" of the possible options****\*Second Semester in Bologna: September-December**

The “second semester” starts at the end of September and ends at the end of January. The exams take place in January and February.

We suggest to arrive in Bologna in mid-September at the latest to organise accommodation.

The courses of the second semester take place from September to December. In order to obtain the double title, it is necessary to achieve 30 ECTS.

Before choosing the exams, check the timetables of the lectures as some courses might overlap.
