

# THE 22<sup>nd</sup> INTERNATIONAL CONFERENCE ON MAGNETISM

## 30<sup>th</sup> JUNE - 5<sup>th</sup> JULY 2024, BOLOGNA, ITALY

[www.icm2024.org](http://www.icm2024.org)

### Conference Place:

Palazzo della Cultura e dei Congressi,  
Piazza della Costituzione 4, Bologna

## FREE SESSIONS FOR UNIBO STUDENTS

### Tutorials for Students

**Prof. Hideo Ohno**  
Tohoku University, Japan

Sunday June 30  
4-5 pm

Spintronics: A Green  
Revolution in Information  
Processing

**Prof. Hae-Young Kee**  
University of Toronto, Canada

Sunday June 30  
5-6 pm

Quantum spin liquids

### Nobel Lectures

**Prof. Giorgio Parisi**  
La Sapienza University, Rome, Italy

Monday July 1  
11:45am-12:45pm

Multiple equilibria

**Prof. Albert Fert**  
Paris-Saclay University, France

Tuesday July 2,  
9:45-10:45 am

Orbitronics

### Special Sessions

With the participation of  
María Salvador - SIM deputy chair  
Enjoy activities and freebies by  
Matteo Casadei and Ginevra  
Corsale

Thursday, July 4  
1:00-2:15 pm

Students in Magnetism (SiM)  
Graduate Student  
Networking Session

**Prof. Hari Srikanth**  
University of South Florida, USA  
and PRB Associate Editor

Thursday July 4,  
6:15-6:45 pm

Writing with Artificial  
Intelligence

**PARTICIPATION IS FREE BUT THE SUBSCRIPTION IS MANDATORY BY JUNE 20**

ICM is the largest conference of the magnetism community worldwide and expect more than 2,000 scientists from all over the world.

It covers the whole area of magnetism, from fundamental research to advanced applications.

Students regularly enrolled in a Bachelor, Master, or PhD programme at the University of Bologna are admitted to attend some selected sessions (subscription is mandatory).

Organized by

Consiglio Nazionale  
delle Ricerche

With the patronage of

ALMA MATER STUDIORUM  
UNIVERSITÀ DI BOLOGNA

**FREE SUBSCRIPTION**
