Our University has been working for a long time to raise awareness of and to address gender stereotypes. In this context, it has been decided to give greater linguistic visibility to gender differences. Where, solely for the sake of simplicity, the masculine form is used in this document, it is understood as referring to all persons, regardless of gender.

3. ASSESSMENT PROCEDURE AND EVALUATION CRITERIA

The selection process for assessing personal preparation adequacy consists of evaluating qualifications according to the specified criteria and methods.

Admission to the ranking list is subject to the documentation submitted during the application phase being evaluated positively by a specially appointed Commission. An overall score of 60/100 or higher is required (in compliance with the minimum score of 20 points for average career exam results, as referred to in point 1 of paragraph 3.1 of this call for applications). This score is obtained by adding together the scores obtained in the evaluation of qualifications.

The final score is maximum 100 out of 100.

The candidate who has obtained a total score of 60/100 or more (in compliance with the minimum score of 20 points for the career average for passed examinations mentioned in point 1 of sub-section 3.1), resulting from the sum of the marks obtained in the assessment of qualifications, **is eligible.**

In case more applicants have the same score, their age will determine their position on the ranking (i.e. the younger one will precede).

ALMA MATER STUDIORUM
UNIVERSITÀ DI BOLOGNA

3.1 EVALUATION CRITERIA

The **evaluation of the titles** will be worked out according to the following breakdown:

1. **ACADEMIC RECORDS (30 to 50 points).** The applicant's CGPA shall be converted into a 50-point scale by applying the following normalization formula:

$$\text{Score} = \left[\frac{\text{CGPA} - \text{CGPA}_{\text{min}}}{\text{CGPA}_{\text{max}} - \text{CGPA}_{\text{min}}} \right] * (50 - 30) + 30$$

Example: CGPA of 2,5 out 4 with minimum at 2 → $[(2,5 - 2) / (4 - 2)] * 20 + 30 = 35$

The CGPA of those holding an Italian degree is their average score (media ponderata degli esami in trentesimi), its minimum being 18 and its maximum 30.

2. **Portfolio of works (0 to 30 points).** Texts and iconographic material, of which the applicant is author or co-author, which will be evaluated according to criteria of originality and consistency of content, formal quality, argumentative and communicative ability, linguistic expression;
3. **Extra-curricular training or work experience (0 to 10 points).** Fully documented experiences, certified by the host organizations/employers, which are relevant and significant to the training of an architect or building engineer-architect and which have not been used to validate actual credits in the previous career are taken into consideration; the start and end date of each of the internship or extra-curricular work experiences must be specified.
4. **Other certified and documented research or extracurricular training titles (0 to 10 points).** Relevant and significant titles for the training of an architect and which have not been used to validate previous credits (ECTS)

Upon the expiry of each application deadline, the Evaluation Board will examine the attached documents in order to verify the curricular requirements and the adequacy of personal preparation (paragraph 1.1 Entry requirements).

6. TUITION FEES AND BENEFITS

6.1 University Fees

Information on **tuition fees** and on **benefits and exemptions** is published annually on the University Portal at www.unibo.it/Tasse.

Tuition fees are made up of a **fixed first instalment of € 157.04** as well as a variable element to be worked out according to the student's household's financial situation (ISEE), up to a maximum that varies according to the programme.

Your tuition fees shall be worked out on a progressive scale based on a valid **ISEE certificate**, which should be submitted in accordance with the terms and procedures set out on the web page www.unibo.it/Tasse. Those not submitting their ISEE certificate will have to pay the full tuition fees relevant to the degree of enrolment.

Submission of an ISEE certificate is independent of programme enrolment. The order in which you carry out the two procedures is irrelevant, as long as you comply with the deadlines set for each.

Please note!

International students who only have income and assets abroad cannot submit an ISEE certificate, but must refer to the information [available on this webpage](#).

Please note!

Submitting financial documentation for tuition fee exemptions, following the instructions on www.unibo.it/Tasse, is very simple and worthwhile even if you have not yet decided whether to enrol in a programme at this university. Remember that if you do not submit the documentation by the deadline, you will not be eligible for any discount. **The deadline is peremptory and no exceptions are ever allowed.**

6.2 Right-to-higher-education grants provided by ER.GO

Azienda Regionale per il Diritto agli Studi Superiori – ER.GO publishes yearly “Calls for applications” for scholarships, student’s dorms, canteen services and other benefits, which are available on its website (www.er-go.it).

The application for ER.GO’s benefits is independent from that to a degree and from enrolment at the university.

Please note!

You must submit your application for an ER.GO’s “Call for applications” via the company's website, also entering your ISEE certificate. Applying is very simple and is worth doing even if you have not yet decided whether to enrol in a programme at this university. **Remember that calls have a peremptory deadline and no exceptions are ever allowed.**

6.3 Important information for those already enrolled on a degree

Those already enrolled on a degree – be it at the University of Bologna or elsewhere - should carefully browse the **merit-based participation requirements** set out on the ER.GO’s “Call for applications” before transferring to a new degree. As a matter of fact, due to the recognition of ECTS credits acquired in your previous career, **your position may change as regards access to ER.GO’s benefits.**

Please note!

As far as ER.GO benefits are concerned, the **minimum number of ECTS credits** required for merit is always determined **starting from the year of first enrolment at the university** (even if in the meanwhile you changed degree or transferred from another University). Thus, if you transfer to another degree and start off from scratch, you might not qualify for the ER.GO’s benefit.
