Call for application of the restricted access Programme in Scienze Statistiche (Statistical Sciences) – curriculum Stats and Maths Academic year 2026/2027

The following call for application contains the rules regulating the access for the mentioned Degree Programme. For information about the Programme, you can click on the link of the website reported in the table.

It is important to regularly check the *Studenti Online* portal (www.studenti.unibo.it) and the mailbox (name.surname@studio.unibo.it) at the link [My e-mail for students](#). These are the only tools to be informed on your situation (for example: rankings, reallocation sessions, enrolment, etc.). For all communications with the University, the email address to be used must be the institutional email address.

GENERAL CALENDAR

The following **deadlines** are **binding** and **cannot be waived in any way**.

FIRST INTAKE (for Italian, European and European-assimilated Candidates or non-EU candidates resident abroad competing with EU candidates, and non-European citizens resident abroad)

STEPS	PERIODS (DD/MM/YYYY)
1. Applications to the intake open from/to (UniBo must receive your SAT-General Test score by 04/05/2026)	From 10/02/2026 to 04/05/2026 1pm UTC+1
2. Posting of the ranking	26/05/2026
3. Enrolment for admitted candidates	From 29/05/2026 to 05/06/2026
4. Eligible students declare their interest in the first reallocation of vacant positions	From 29/05/2026 3pm UTC+1 to 05/06/2026
5. Posting of candidates admitted to the first reallocation	08/06/2026
6. Period of enrolment for candidates admitted to the first reallocation	From 08/06/2026 to 15/06/2026
7. Eligible students declare their interest in the second reallocation of vacant positions	From 08/06/2026 3pm UTC+1 to 15/06/2026
8. Posting of candidates admitted to the second reallocation	16/06/2026
9. Period of enrolment for candidates admitted to the second reallocation	From 16/06/2026 to 23/06/2026

SECOND INTAKE (for Italian, European and European-assimilated Candidates or non-EU candidates resident abroad competing with EU candidates)

STEPS	PERIODS (DD/MM/YYYY)
1. Applications to the intake open from/to (UniBo must receive your SAT-General Test score by 03/07/2026)	From 05/05/2026 to 03/07/2026 1pm UTC+1
2. Posting of the ranking	21/07/2026
3. Enrolment for admitted candidates	From 24/07/2026 to 31/07/2026
4. Eligible students declare their interest in the first reallocation of vacant positions	From 24/07/2026 3pm UTC+1 to 31/07/2026
5. Posting of candidates admitted to the first reallocation	03/08/2026
6. Period of enrolment for candidates admitted to the first reallocation	From 03/08/2026 to 07/08/2026
7. Eligible students declare their interest in the second reallocation of vacant positions	From 03/08/2026 3pm UTC+1 to 07/08/2026

STEPS	PERIODS (DD/MM/YYYY)
8. Posting of candidates admitted to the second reallocation	24/08/2026
9. Period of enrolment for candidates admitted to the second reallocation	From 24/08/2026 to 31/08/2026

EVENTUAL THIRD INTAKE (for Italian, European and European-assimilated Candidates, or non-EU candidates resident abroad competing with EU candidates). The selection process will be activated only if there are available positions remaining.

STEPS	PERIODS
1. Applications to the intake open from/to (UniBo must receive your SAT-General Test score by 11/09/2026)	From 03/09/2026 to 11/09/2026 1pm UTC+1
2. Posting of the ranking	25/09/2026
3. Enrolment for admitted candidates	From 29/09/2026 to 06/10/2026
4. Eligible students declare their interest in the reallocation procedure	From 29/09/2026 3pm UTC+1 to 06/10/2026
5. Posting of candidates admitted to the reallocation	07/10/2026
6. Period of enrolment for candidates admitted to the reallocation	From 07/10/2026 to 14/10/2026

Deadline for obtaining the high school diploma and any necessary additional documents	31/12/2026
--	-------------------

1. REQUIREMENTS AND GENERAL INFORMATION

To be admitted in this Degree Programme, it is necessary to participate in the selection procedure. There are **two intakes** and one **eventual extraordinary intake** scheduled for which it is necessary to respect the deadlines presented in the [General Calendar](#).

To participate you need to meet the admission requirements listed in the paragraph 1.1 and 3.

To see a summary of the fundamental steps described in this call for application, you can check the [Summary](#).

1.1. Admission requirements

To be admitted in the selection and then eventually enrol, you must:

A. Hold at least one of the following qualifications:

- Italian Secondary school diploma of five years' duration (including "*istituti magistrali*" and "*licei artistici*" with completion of the supplementary annual course), Italian Experimental diploma in four years, issued by the institutions admitted to the national plan for the experimentation of four-year courses of secondary education. With one of these qualifications, you can participate in the selection and, eventually, enrol in the degree programme even without having a secondary school diploma, which must nevertheless be obtained before **December 31, 2026**, or the enrolment will decay. Any additional qualifications to the diploma, required as eligibility criteria, must be obtained by the same deadline.
- Diploma issued by four-year upper secondary education institutions where the supplementary year is not active. With this title you must satisfy the specific Additional Learning Requirements (*Obblighi Formativi Aggiunti, OFA*) at the University of Bologna before **March 31, 2028**; the failure to satisfy OFAs will result, in the following academic year, in enrolment in the first year as a repeater.
- Foreign secondary school diploma, awarded following at least 12 years of schooling, which grants access to a Programme at a university in one's country of reference, according to the rules established in the Circular of the Ministry of the University and Research (MUR) which is usually published in the period of April-June on the website www.studiare-in-italia.it/studentistranieri/.
See the detailed information on www.unibo.it/IscrizioniLaureaTitoloEstero.
The qualification and any necessary additions, as above, must be obtained no later than **December 31, 2026**, or the enrolment will decay.

B. Have taken the SAT test.

The SAT is promoted and administered by the College Board (www.collegeboard.org) and you can take it at any SAT test Center in Italy or worldwide. **You do not have to take the ESSAY of the SAT**, as it does not provide any additional point for the purposes of admission to this degree program. **Only SAT test taken from February 1st, 2024 are considered valid.**

Only official scores communicated by the College Board within the scheduled deadline set for each intake (see [General Calendar](#)) and submitted according to the procedure defined in Sections 2.1 and 3 will grant access to the selections of this call and be considered valid.

The degree course requires a minimum of B1 in English (from the CEFR scale) which will be verified while carrying out the test mentioned above, considering that it will be entirely in English.

1.2. Available places

For the academic year 2026/2027 n. 40 places are available, divided into two intakes and one eventual extraordinary selection:

<i>Places first intake</i>	<i>Places second intake</i>	<i>Places eventual extraordinary selection</i>
20 - for Italian, European and European-assimilated Candidates 10 - for non-European citizens resident abroad	10 - for Italian, European and European-assimilated Candidates + remaining places from previous intakes	Only any remaining places from previous intakes

The places are divided into two groups:

- **Places for Italian, European and European-assimilated Candidates or non-EU candidates resident abroad competing with EU candidates** that can participate **every intake**.
- **Places for non-European citizens resident abroad** (intake for international students), who can participate **exclusively in the first intake** within the intake reserved for them.

The places reserved for non-EU citizens residing abroad that will not be used will be made available to Italian, European and European-assimilated Candidates in the second intake.

2. HOW TO APPLY (registration for the selection)

You can apply:

- For every intake if you are **Italian citizen, European citizen, or European-assimilated Candidate**, following the information provided in the **paragraph 2.1**;
- For every intake if you are a **non-EU citizen resident abroad who competes with EU students**, following the instructions provided in the **paragraph 2.1** since, although exempted from the quota of international students, you must comply with the procedures provided for non-EU candidates resident abroad;
- only for the first intake if you are a **non-EU citizen resident abroad** following the instructions of **paragraph 2.1**.

Find out which group you should refer to at the page

<https://www.unibo.it/en/international/Who-are-international-students>.

For "European-assimilated candidates," carefully verify which types of residence permits allow for equivalence. Participating in the selection process as a European-assimilated candidate without holding the equivalence status will not allow for enrolment, even in the case of admission and payment of the first instalment.

Anyone wishing to access the course, even in subsequent years after the first, including those intending to transfer from another Italian or foreign degree program, must undergo the selection process according to the terms and deadlines of this Call.

2.1. Indications for the application

Sign up for a selection on Studenti Online (www.studenti.unibo.it) following the deadlines presented in the [General Calendar](#), following the steps explained below.

The application is valid only for the chosen intake, not for the following ones. If you are not selected as winner and you want to participate in a following intake, you need to repeat the application by following the deadlines presented in the [General Calendar](#) for each intake.

A. Log into Studenti Online (www.studenti.unibo.it) using your SPID or CIE credentials. The system will automatically retrieve your personal data and at the end it will generate your UniBo credentials (name.surname@studio.unibo.it).

If you are a minor or an international student without any identity document issued in Italy, you can log in with the UniBo credentials; to obtain them, go on www.studenti.unibo.it, choose "Register" and then "International students registration".

It is fundamental to have maximum precision in filling your personal data (name, last name, date and place of birth, email address) on www.studenti.unibo.it, since they have to match the ones you used on www.collegeboard.org, which will be reported in the SAT Test certification.

Requirement for inclusion in the ranking list:

- **Personal data** registered on Studenti online www.studenti.unibo.it (name, last name, date and place of birth, email address) **must coincide with** the data reported on the SAT Test certification used to participate in the selection, **otherwise you will be excluded from the selection process.**
- The **e-mail address** provided during registration on the College Board website must match one of the two e-mail addresses listed on your Studenti Online personal profile, **otherwise you will be excluded from the selection.** These are:
 - a) The institutional e-mail address, automatically assigned by the University, in the format **name.surname@studio.unibo.it**

OR

b) Personal e-mail address entered during registration on Studenti Online.

B. Subscribe to the intake.

- Log into Studenti Online www.studenti.unibo.it
- Click on “Admission application – Take part in the selection”.
- Select “First cycle degree programme”.
- Choose the one called “**Scienze Statistiche – CLASS curriculum Stats&Maths**”.

C. Upload the required documents

Citizens of the EU and non-EU citizens residing abroad must upload a copy of a valid identity card/passport. European-assimilated candidates must upload a copy of a valid identity card/passport and a copy of the valid residence permit or receipt of the renewal request.

D. Complete the Declarations provided during the registration procedure

E. Pay the application fee

Proceed until the payment of the application fee of 20,00 Euros following the instructions on Studenti Online (www.studenti.unibo.it). **This fee is not refundable in any way and it is valid to participate in the following intakes** planned in this call (see [General Calendar](#)).

The registration is valid only after the payment of the fee. Only the candidates that have completed the registration to the intake, upload all the required documents and paid the fee before the deadline and with the modality explained above are admitted to the selection.

To be assisted and guided in filling the online application to participate in the selection, you can submit a request via the following link: <https://sportelli.unibo.it/hd-studenti>, or contact by phone the Help Desk of Studenti Online using the number +39 051 20.80.301 (The service is available from Monday to Friday, from 9:00 am to 1:00 pm and from 2:00 pm to 5:00 pm).

PAY ATTENTION

We remind you that, if you are a **non-EU citizen** holder of a **residence permit** for study purposes and **you formally renounce to your studies** at this or at another university, **you will lose the requirements for your permit to stay in Italy** with the subsequent revocation of the residence permit. In this case you will have to go back to your country of origin and start the procedures of pre-registration through *Universitaly* to the Italian diplomatic representations competent for the territories (Embassies/Consulates) within the deadlines that are annually fixed and published on the website www.studiare-in-italia.it/studentistranieri/.

3. COLLEGE BOARD: MODALITY FOR TAKING THE TEST AND RESULTS

All candidates must request College Board to send the official results (*official score report*) to the University of Bologna using the specific code (**code 6993**), otherwise they will be excluded

from the selection procedure. Please note: scores must be sent directly by the College Board and must be received by Unibo by the deadlines specified in the [General Calendar](#).

In the event that multiple SAT results are received from the same candidate, the one with the **highest score** will be considered valid.

Please note: The date in which you request the transfer of scores from the College Board does not count; rather, **it is the date they are received by Unibo**. If the College Board fails to send the test score or if Unibo does not receive it within the deadlines set in the [General Calendar](#), you will be excluded from the selection and will not be able to enrol in the degree program. We therefore strongly recommend you request that the College Board send your official results to Unibo well **in advance**, considering the time required for both the release of test results and their transmission by the College Board itself.

No other methods of submitting SAT scores will be accepted.

Candidates are responsible for checking the College Board's delivery timelines and the availability of "rush reporting" options to ensure compliance with the strict deadlines indicated in the calendar.

4. RANKING

For each intake, the general ranking of merit is compiled, in which the candidates are positioned in descending order of score.

The rankings are published on Studenti Online (www.studenti.unibo.it), in the main page, in the detailed section of "Requests in progress". This publication is the only means of legal publicity about the outcome of the selections: therefore, no e-mail communications about them will be sent.

The dates for the publication of the rankings are indicated in the [General Calendar](#). In case of participation in more than one selection for the same course, the ranking in the previous selections is not relevant for the ranking of the subsequent selections. **Each selection is independent of the others.**

In compliance with privacy regulations, the ranking list is anonymized; therefore, your first and last name will not be displayed. You can check your position using the provisional registration number (*Matricola provvisoria*) assigned to you upon completion of the application. Please remember that the provisional registration number changes for each selection process you participate in.

4.1. Criteria for the definition of the ranking

The examining committee, specifically appointed and composed of at least three full and alternate members (chosen from the teaching and research staff of the degree program), compiles the

rankings of the selections, ensuring the correct conduct of the selection procedures. The rankings are drawn up based on the scores of the SAT transmitted by the College Board, in accordance with the instructions set out in section 1.2.

Ranking scores will be formulated on a scale of 160, calculated as the SAT score divided by 10.

If multiple test results are received for the same candidate, the one with the highest score will be considered valid. In case of equal score (*ex aequo*) in the ranking, priority is given to the youngest candidate.

4.2. Additional Learning Requirements (OFA)

In each intake Additional Learning Requirements (OFA) will be assigned to the students in the ranking that presents a score lower than 400 (out of 800) in the “**Mathematics**” section of the SAT.

The deadline for fulfilling the OFAs is set for March 31, 2028; if students do not complete the OFA by that date, they will subsequently be enrolled in 2027/2028 in the first year of the course, as repeaters.

5. REALLOCATION PROCEDURE

In all the intakes, **in case of available positions** after the enrolment of the winners, a reallocation procedure is provided for the candidates placed in the ranking as “eligible”. Two reallocations procedures are scheduled in the first and second intakes and one is scheduled in the extraordinary intake, if applicable.

The deadlines for declaring your interest in being enrolled are indicated in the [General Calendar](#) and must be peremptorily respected, in order not to be excluded from the procedure.

To participate in the reallocation procedure, you must:

- a) **access** Students Online (www.studenti.unibo.it).
- b) **declare** your interest in being enrolled, by clicking on the ‘I wish to be enrolled’ button available on the main page in the ‘Requests in progress’ section.
- c) **verify** that your request has been registered, by accessing the details of your application file.

The list of the candidates admitted to the reallocation will be published on Studenti Online (www.studenti.unibo.it) in the detail of the procedure of the application, according to the dates indicated in the [General Calendar](#).

REMEMBER: the reallocation system is not automatic; **you must always declare your interest in being considered to the procedure.**

Please note: if you participated in the first or second selection there are two reallocation intakes; if you do not participate in the first reallocation procedure, you will not be able to participate in the second.

6. ENROLMENT (MATRICULATION)

If you are among the winners in the ranking, you will be able to enrol within the deadlines indicated at point 3 of the [General Calendar](#) for each intake.

If you are enrolling for the first time, please follow the instructions indicated in paragraph 6.1.

If you have not obtained yet your high school diploma at the time of the enrolment, verify on Studenti Online (www.studenti.unibo.it) the following steps you must take.

If you are still a minor (under the age of 18) and have not registered using SPID or CIE at the time of enrolment you must download the **Consent Form for underage applicants** from the website of the degree programme you wish to enrol in by clicking on *“Programme enrolment: requirements, deadlines and methods”* and consulting the *“Matriculation”* section under *“Career activation and badge”*, and send it duly filled and signed by your parents to the email address of the Student’s Administration Office of Economics, Management and Statistics.

If you are a student who requires recognition of previous careers already closed, e.g. because you have renounced your studies, you have already obtained a previous degree, you have taken and passed single courses, etc.: after enrolment and before **November 26th, 2026**, you must apply for shortening your degree programme, following the instructions published on the page [Recognition of credits](#). The competent Student Administration Office is that of Economics, Management and Statistics.

If you are a student with a civil disability certification equal to or greater than 66% or a certification under law 104/92, in order to be exempted from fees, you must submit the certificate attesting to your condition to the email address of the Student Office of Economics, Management, and Statistics.

If you are already enrolled in another university and want to transfer (from another University), or if you are already enrolled in another programme within the University of Bologna and you intend to change the degree programme (**transfer within Unibo**), follow the instructions in the corresponding sections 6.2 or 6.3.

The information on **tuition fees and subsidies** for the right to higher education is given in paragraph 6.4.

6.1. How to matriculate for the first time

Within the peremptory terms indicated for each intake in the [General Calendar](#), you must:

- a) **access Studenti Online** (www.studenti.unibo.it), through **SPID** or **CIE** credentials or entering username (name.lastname@studio.unibo.it) and password previously obtained during the registration procedure for the intake.
- b) **Choose “IMMATRICOLAZIONI” or “ENROLMENT”, select in “LAUREA” or “DEGREE”, Scienze Statistiche** and enter the data required by the procedure, attaching a passport size face photograph; in case of false declarations, in addition to incurring in the penalties established by art. 496 of the Penal Code, you automatically lose the right to enrolment and any benefits obtained, without the right to any reimbursement of the fees paid.
- c) **Pay** the first instalment or alternatively the single instalment, according to the methods indicated on Studenti Online (www.studenti.unibo.it). Failure to pay will result in exclusion from the procedure. **Late payments with fee are not allowed.**
- d) **Activate your student career:**
- If you matriculated by accessing with **SPID or CIE** credentials: after the payment, the student university career will be automatically activated, without any further fulfilment on your part, if you do not fall in one of the cases referred to in the following points.
 - If you matriculated by accessing with **username and password**: proceed with the identification according to the modalities you will find in the details of the enrolment practice on Studenti Online.

The activation of the academic career must take place no later than February 26th, 2027, else the enrolment will be cancelled.

With the activation of the career you will be able to use services such as the presentation of the study plan, booking the exams, access to the Wi-Fi network and online library sources and perform career actions (programme transfer, transfer to another university, renunciation of studies); you will also receive an email that allows you to print your badge, according to the modalities that will be indicated.

If you fall in one of the cases listed below, check the additional steps you must take to activate your career:

- **If you are a non-EU assimilated candidate with an Italian qualification:** you must send to the email address of the Students Administration Office of Economics, Management and Statistics a copy of a valid residence permit which allows for the assimilation.
- **If you have obtained your qualification abroad,** you must consult the detailed information at www.unibo.it/IscrizioniLaureaTitoloEstero, access Studenti Online (www.studenti.unibo.it), choose "Bandi", select "Enrolment for the academic year 26_27 - uploading documents for international students and those with foreign qualifications", and upload your academic documents. Additionally, you must schedule an appointment with the International Student Office to show the original documents.
- **If you are a non-EU assimilated candidate and have obtained your qualification abroad,** you must consult the detailed information at www.unibo.it/IscrizioniLaureaTitoloEstero,

access Studenti Online (www.studenti.unibo.it), choose "Bandi", select "Enrolment for the academic year 26_27 - uploading documents for international students and those with foreign qualifications", and upload, in addition to your academic documents, a copy of the residence permit that allows for equivalence. Additionally, you must schedule an appointment with the International Student Office to show the original documents.

Attention: Verify very carefully who are the non-EU students with EU equivalent status and which types of residence permits allow for equivalence on the page [Who are international students](#). Participating in the selection as a non-EU assimilated citizen without holding the equivalence status will not allow for enrolment completion even in the case of admission and payment of the first instalment.

- **If you are a non-EU candidate residing abroad and you hold a qualification obtained abroad:** you must consult the detailed information on <http://www.unibo.it/iscrizioniStudentiNonUE>, then log in to Studenti Online (www.studenti.unibo.it), choose "BANDI," select "Immatricolazione a.a. 26-27 - caricamento dei documenti degli studenti internazionali e con titolo estero" and upload, in addition to the qualification documents, a copy of the valid residence permit for studies. Subsequently, upon your arrival in Italy, you will have to make an appointment with the International Students Administration Office.
Attention: Admission and subsequent acceptance of a candidate by the University confer no right to finalize enrolment, even in the case of obtaining an entry visa, physical presence in the national territory, eligibility, and/or actual disbursement of scholarships/grants of any kind, acceptance of the candidate under condition, to start educational activities. For enrolment purposes, it will be necessary to verify the actual eligibility of the foreign degree and the authenticity of the documentation submitted. The formal verification of the degree will be carried out by the International Student Office after payment of the first instalment of enrolment fees and the presentation of all required documentation in original.
- **If you want to request simultaneous enrolment in two degree programmes** check if you can do it and the modalities at the page [Simultaneous enrolment in different programmes: Degree Programmes, Professional Master's, PhDs and Specialisations](#).

6.2. How to enrol in case of transferring from another University (transfer)

Within the peremptory deadlines indicated for each intake in point 4 of [General Calendar](#), you must:

- a. **Access Studenti Online** (www.studenti.unibo.it), via SPID or CIE credentials or by entering username (name.lastname@studio.unibo.it) and password obtained with the procedure of registration for the selection;
- b. **Choose "IMMATRICOLAZIONI" or "ENROLMENT", select in "LAUREA" or "DEGREE", Scienze Statistiche** and enter the data required by the procedure, attaching a passport size face photograph and indicating the University and degree course of origin. In case of false declarations, in addition to incurring in the penalties established by art. 496 of the Penal

Code, you automatically lose the right to enrolment and any benefits obtained, without the right to any reimbursement of the fees paid;

- c. **Pay** the first instalment or alternatively the single instalment, according to the methods indicated on Studenti Online (www.studenti.unibo.it);
- d. **Submit the request for transferring** at the University of origin within the deadlines provided therein.

The career at the University of Bologna will be activated **only** after the approval of the recognition and continuation of studies by the degree course Council.

Until the time of submission of the transferring application, you will be able to take part in the teaching activities at the University of origin.

Upon arrival of the documentation sent by the University of origin, the student administration office will inform you to pay the specific **transfer fee** too.

For more details consult the page [Transferring to the University of Bologna](#).

6.3. How to enrol in the case of changing degree programme within the University of Bologna (programme transfer)

6.3.1. First intake (and reallocation)

If you are currently enrolled in another degree programme at the University of Bologna and you have participated in the first intake, within the peremptory deadlines indicated for each intake in point 3 and 6 and 9 (for reallocation procedure) of the [General Calendar](#), you must:

- a) **access Studenti Online** (www.studenti.unibo.it), using your **SPID or CIE** credentials or username (name.lastname@studio.unibo.it) and password obtained while registering to the intake;
- b) **Choose “IMMATRICOLAZIONI” or “ENROLMENT”, select in “LAUREA” or “DEGREE”, Scienze Statistiche** and enter the data required by the procedure, attaching a passport size face photograph; in case of false declarations, in addition to incurring in the penalties established by art. 496 of the Penal Code, you automatically lose the right to enrolment and any benefits obtained, without the right to any reimbursement of the fees paid;
- c) **Pay** the first instalment or alternatively the single instalment, according to the methods indicated on Studenti Online (www.studenti.unibo.it);
- d) **from 22/07/2026 and within the peremptory deadline of 14/10/2026, fill the programme transfer application** on Studenti Online (www.studenti.unibo.it):
- e) **click on “PROGRAMME TRANSFER”** and enter the required data;
- f) **Pay the transfer fee** (if you enrol after winning the first intake, the amount will be announced following the decision of the competent bodies).

6.3.2. Second intake, eventual extraordinary intake and reallocations

If you are currently enrolled in another degree programme of the University of Bologna and you have participated in the third or fourth intake, within the peremptory deadline indicated in point 4 and 7 (for recoveries) of the [General Calendar](#) you must:

- e. **access Studenti Online** (www.studenti.unibo.it), using your **SPID or CIE** credentials or username (name.surname@studio.unibo.it) and password obtained while registering to the intake;
- f. **Pay** the first instalment or alternatively the single instalment, referring to the new academic year for the degree course of origin, and be in compliance with the payments of the fees of the previous academic years;
- g. **fill the programme transfer application choosing “PROGRAMME TRANSFER”** and entering the data required from the procedure;
- h. **Pay the transfer fee.**

The career in the course in which you want to transfer will be activated **only** after the approval of the recognition and continuation of studies by the degree course Council.

Until the time of submission of the transferring application, you will be able to take part in the teaching activities of the degree programme of origin.

PLEASE NOTE: in the event of career shortening, course transfer or transfer with enrolment to years subsequent to the first, you will be moved, ex officio, to the Statistics **course code 8873** where the third year is active for the academic year 2026/2027.

6.4. Tuition fees and benefits for the right to higher education

The amounts of the registration fees and the information on benefits and exemptions are published on the University Portal on the page www.unibo.it/Tasse.

The contribution is calculated progressively on the basis of your family economic situation, (which is a valid ISEE certification for Italians) only if this is presented with the methods and within the deadlines presented in this web page www.unibo.it/Tasse.

For Italian students: if the ISEE is not submitted, you will have to pay the highest tuition fee applicable for the degree programme.

Information on more benefits can be found in the University Portal in the web page www.unibo.it/it/ateneo/organizzazione-e-sedi/servizi-di-ateneo/servizi-di-ateneo

If you are interested in the **benefits for the right to higher education**, you can consult the related call published by the Regional Authority for the Right to Higher Education on the website www.er-go.it.

If you are **already enrolled in other degree programmes**, before transferring carefully consult the merit requirements for the access to benefits, indicated on the call published on www.er-go.it as your career, following the transfer to the destination course, is evaluated starting from the year of

first enrolment at the University, regardless of the recognitions obtained or of the year to which you will be admitted from the Course of Study Council. This may cause loss of the benefits.

7. SUMMARY OF THE FUNDAMENTAL STEPS

1. TAKE THE SAT

Register on www.cisiaonline.it and sign up for the **SAT** test. The dates in which you can take the exam are available at <https://satsuite.collegeboard.org>. It is not necessary to take the ESSAY of the SAT, as it does not provide any additional points.

The e-mail address used during the registration on Studenti Online must match the one used during the registration on the College Board website. At the end of the application process on Studenti Online, your profile will display two e-mail addresses: one will be your institutional e-mail address, in the format *name.surname@studio.unibo.it*, automatically assigned by the University; the other will be the personal e-mail address you have provided.

At least one of the two e-mail addresses must match the one indicated at the time of registration on THE College Board website; failure to comply with this requirement will result in exclusion from the section process.

Please note that, in addition to taking the SAT, you must also apply for the section process for the chosen degree programme (point 2).

It is strongly recommended to always verify the timeframes within which the College Board releases SAT results and, upon request, sends the scores to universities, in order to ensure that they are transmitted electronically to the University of Bologna within the deadlines set out in the [General Calendar](#). No other methods of submission are accepted.

2. REGISTER ON STUDENTI ONLINE

Login on Studenti Online (www.studenti.unibo.it) **using SPID or CIE credentials**. The system will automatically retrieve your personal data and then will create your University credentials (name.surname@studio.unibo.it).

If you are a minor or an international student without a valid identity document issued by the competent Italian Authorities, you can access with the University credentials; to obtain them go on www.studenti.unibo.it.

3. SIGN UP FOR THE SELECTION TO ACCESS THE COURSE

Sign up for the selection by connecting on Studenti Online (www.studenti.unibo.it):

- Access the “ADMISSION APPLICATION”, First cycle degree programmes;
- Select Scienze Statistiche – CLASS curriculum Stats&Maths;
- Upload the mandatory documents required to be admitted to the intake;
- Complete the declarations;
- Make the payment of 20,00 euro.

ATTENTION! The call for application includes two selections plus an extraordinary one, which will be activated in case there are still available positions after the second selection: verify the rules and dates as they differ between the selections.

4. CHECK THE RANKINGS

The rankings of merit (formulated on the basis of the score of SAT) will be published on Studenti Online (www.studenti.unibo.it) within the deadlines indicated on the [General Calendar](#).

5. ENROL (Matriculation)

If you result as a WINNER in the ranking, you must enrol within the peremptory deadlines indicated in the [General Calendar](#) for each intake with the modalities explained in section 6 of this call.

The completion of the matriculation request without payment within the prescribed deadlines entails exclusion from the procedure.

6. EXPRESS INTEREST IN REALLOCATION

If you are not a winner but you are eligible in the ranking list, you can ask to be admitted by declaring your interest on Studenti Online by the deadline mentioned in the General Calendar (www.studenti.unibo.it).

8. FINAL NOTES AND CONTACTS

FINAL NOTES

Any notices regarding this call will be published on Studenti Online (www.studenti.unibo.it).

The information on personal data processing can be consulted on the page www.unibo.it/PrivacyBandiCds.

The Italian version of this call for application is the authentic interpretation of the rules contained therein, also with regard to any disputes.

This call, issued with a managerial act with protocol number and repertoire shown in the header of the first page, is subject to the rules provided by the Decree of the Minister of University and Research n. 1154 of October 14, 2021, and its subsequent amendments and additions, regarding the accreditation of the course of study.

The person in charge of the administrative procedure is Dr. Silvia Spada, head of the student administration office of Economy, Management and Statistics.

OFFICE CLOSURE

Extraordinary closures will be published on the University Portal (www.unibo.it).
