

THE CHOICE OF COURSE UNITS: THE LEARNING AGREEMENT AND THE STUDY PLAN

It is important that you check your learning agreement and study plan with the Campus international office. If the course units you have chosen are not available or don't meet your needs and expectations, you can contact your coordinator and change your learning agreement. The modified learning agreement must be approved by both the Italian and your home university coordinators.

Some rules:

- ✓ Please note that the Exchange programme is with Forlì campus therefore generally, it is not possible to take courses in Bologna, unless you have strict motivation connected with your study plan (i.e. compulsory courses that are not offered by the Forlì campus).
- ✓ On the other hand, it is possible to take courses in Forlì among the ones offered by other Schools, in particular by the School of Political Sciences.
- ✓ It is possible to take both undergraduate and postgraduate courses, for all exchange students, but please check that you meet the pre-requisites to take each course.

You don't have to register for lectures. Attendance is not compulsory, but it is highly recommended.

ONLINE STUDY PLAN

Once you have decided and checked which courses you are going to take, you have to **fill in your online study plan**. The study plan is the list of course units you wish to follow, based on your approved learning agreement. Submitting your online study plan is the first mandatory step you have to take in order to be able to register for exams and to allow professors to register your marks.

The service "Piani di studio web" is available from the day you register your arrival at the University of Bologna, until the end of July.

—> Enter your online study plan at <http://www.studenti.unibo.it> with your username and password. Choose the course units and press the save button before quitting the programme.
