*The University has undertaken an important awareness-raising effort aimed at countering gender stereotypes. In this context, it has been decided to give greater linguistic visibility to differences. Where, in this document, for the sole purpose of simplification, the masculine form is used, it is to be understood as referring inclusively to all persons regardless of gender. The information notice on the processing of personal data can be consulted at [www.unibo.it/PrivacyBandiCds](http://www.unibo.it/PrivacyBandiCds) .*

## 1. ACCESS TO THE PROGRAMME

The Master's Degree Programme in **"AEROSPACE ENGINEERING"**, class LM-20 – Aerospace and Astronautical Engineering, sets a **limited number of students** admitted, based on available resources. The number of available places is indicated in section 2.4.

Enrollment in the programme is possible only if the applicant meets the curricular and language requirements set out in this call, successfully passes the **assessment of the adequacy of their personal preparation**, and falls within the available places for the relevant admission quota.

The documentation submitted during the application phase will be evaluated by the Examination Committee; only candidates who meet the curricular requirements and the language requirement are admitted to the assessment of the adequacy of their personal preparation. This assessment includes the evaluation of the qualifications submitted online by the candidates and the successful completion of a remote interview on the dates indicated in section 2. For further information on the procedures for carrying out the admission test, please refer to section 4.

The programme is an international Master's Degree, with courses, examinations, and all other educational activities conducted **in English**.

Information regarding the Degree Programme (regulations, admission requirements, study plan, educational objectives, information and contacts, etc.) is available on the following webpage: [www.unibo.it/AerospaceEngineering](http://www.unibo.it/AerospaceEngineering).

Specific procedures are provided for:

- ▶ **Students holding a foreign qualification**, regardless of citizenship
- ▶ **Non-EU citizens treated as equivalent**
- ▶ **Non-EU citizens residing abroad**

If you fall into one of these categories, please pay attention to the **blue "International" boxes** marked with the symbol .

Check which category applies to you by consulting the webpage.

<https://www.unibo.it/en/study/enrolment-fees-and-other-procedures/degree-programmes/who-are-international-students/Who-are-international-students>.

## 2. PROCEDURE CALENDAR

Admission to the programme provides for **three intakes**, according to the deadlines indicated in Sections 2.1, 2.2 and 2.3 below.

**The first selection round is reserved for non-EU candidates residing abroad (15 places).**

**The second selection round and the possible third selection round** (if places remain available after the second round) are both **reserved for Italian, European Union, and equivalent non-EU candidates (65 places)**. If, after the possible third-round recovery, places are still available, an extraordinary recovery procedure may be activated, reserved for the quota of EU and equivalent candidates.

Candidates may apply to only one selection round.

The deadlines indicated below are **STRICT** and cannot be extended under any circumstances.

## **2.1 Deadlines – INTAKE I (reserved for non-EU citizens residing abroad)**

**Opening of applications** (*Section 5*)

**12<sup>th</sup> December 2025**

**Closing of applications** (*Section 5*)

At 4:00pm CET on **3<sup>rd</sup> February 2026**

**Publication of preliminary outcomes of the curricular and language requirements and the documents evaluation and list of candidates admitted to the interview** (*Section 4.4*)

**13<sup>th</sup> February 2026**

**ONLINE INTERVIEW** (*Section 4.4.a*)

**19-20 February 2026**

**Publication of final outcomes** (*Section 6.2*)

**27<sup>th</sup> February 2026 from 3.00pm**

**Enrolment (including change of programme or transfer)** (*Section 7*)

**From 27<sup>th</sup> February 2026 to March 9<sup>th</sup> 2026**

**Interest in the clearing process**

**From 27<sup>th</sup> February 2026 to March 9<sup>th</sup> 2026**

**Publication of available places and candidates admitted through the clearing process**

**12<sup>th</sup> March 2026**

**Enrolment (including change of programme or transfer) of the candidates admitted through the clearing process**

**From 12<sup>th</sup> March to 26<sup>th</sup> March 2026**

**Deadline for obtaining the degree for those admitted with a pending degree**

**31<sup>st</sup> December 2026**

## 2.2 Deadlines – INTAKE II (for EU citizens and equivalent non-EU citizens)

### **Opening of applications** (*Section 5*)

30<sup>th</sup> March 2026

### **Closing of applications** (*Section 5*)

by 4:00pm CEST on 29<sup>th</sup> May 2026

### **Publication of preliminary outcomes of the curricular and language requirements and the documents evaluation and list of candidates admitted to the interview** (*Section 4.4*)

June 8<sup>th</sup> 2026

### **ONLINE INTERVIEW** (*Section 4.4.a*)

**11-12 June 2026**

### **Publication of final outcomes** (*Section 6.2*)

19<sup>th</sup> June 2026 from 3.00pm

### **Enrolment (including change of programme or transfer)** (*Section 7*)

from 19<sup>th</sup> June 2026 to 29<sup>th</sup> June 2026

### **Interest in the clearing process**

from 19<sup>th</sup> June 2026 to 29<sup>th</sup> June 2026

### **Publication of available places and candidates admitted through the clearing process**

1<sup>st</sup> July 2026

### **Enrolment (including change of programme or transfer) of the candidates admitted through the clearing process**

From 1<sup>st</sup> July to 10<sup>th</sup> July 2026

### **Deadline for obtaining the degree for those admitted with a pending degree**

31<sup>st</sup> December 2026

## 2.3 Deadlines – possible INTAKE III (for EU citizens and equivalent non-EU citizens)

### **Opening of applications** (*Section 5*)

14<sup>th</sup> July 2026

### **Closing of applications** (*Section 5*)

by 4:00pm CEST on 28<sup>th</sup> August 2026

### **Publication of preliminary outcomes of the curricular and language requirements and the documents evaluation and list of candidates admitted to the interview** (*Section 4.4*)

4<sup>th</sup> September 2026

### **ONLINE INTERVIEW** (*Section 4.4.a*)

**8 September 2026**

### **Publication of final outcomes** (*Section 6.2*)

11<sup>th</sup> September 2026 from 3.00pm

**Enrolment (including change of programme or transfer) (Section 7)**

from 11<sup>th</sup> September to 18<sup>th</sup> September 2026

**Interest in the clearing process**

from 11<sup>th</sup> September to 18<sup>th</sup> September 2026

**Publication of available places and candidates admitted through the clearing process**

25<sup>th</sup> September 2026

**Enrolment (including change of programme or transfer) of the candidates admitted through the clearing process**

From 25<sup>th</sup> September to 2<sup>nd</sup> October 2026

**Deadline for obtaining the degree for those admitted with a pending degree**

31<sup>st</sup> December 2026

It is important to regularly check the **Studenti Online** service at [www.studenti.unibo.it](http://www.studenti.unibo.it) and the institutional email account **name.surname@studio.unibo.it** at [www.unibo.it/LaMiaEmail](http://www.unibo.it/LaMiaEmail), as these are the only tools used to inform candidates about the status of their application (rankings, recoveries, enrolments, etc.).

## 2.4 Available positions

For the academic year **2026/2027**, Master's Degree Programme in Aerospace Engineering, class LM-20 admits the following numbers of students:

- **No. 65** positions for Italian citizens, European Union citizens, and equivalent non-EU citizens
- **No. 15** places for non-EU citizens residing abroad

**If the places reserved for non-EU citizens residing abroad are not fully used, any remaining places will be made available to Italian citizens, European Union citizens, and equivalent non-EU citizens starting from the second selection round (Section 7- Clearing process).**

 For the purposes of this call, candidates can check which quota they belong to by visiting the University Portal page [www.unibo.it/studentiinternazionaliichisono](http://www.unibo.it/studentiinternazionaliichisono).

In particular:

- under point 1), "Italian citizens, European Union citizens, and equivalent non-EU citizens" are identified;
- under point 2), non-EU citizens residing abroad are identified.

Useful information for non-EU citizens residing abroad and/or holding a qualification obtained abroad is also provided on the following Portal pages:

<https://www.unibo.it/it/didattica/iscrizioni-trasferimenti-e-laurea/studenti-internazionali-come-prepararsi-alliscrizione>;

[www.unibo.it/iscrizioniLaureaMagistraleTitoloEstero](http://www.unibo.it/iscrizioniLaureaMagistraleTitoloEstero).

**“Non-EU citizens residing abroad”**, in addition to applying for admission to the Master’s Degree Programme in **“Aerospace Engineering”** exclusively in the first selection round reserved for them under this call, must also follow the procedures for access to Italian universities annually defined by the Ministry of University and Research (MUR), published on the website:

<https://www.universitaly.it/studenti-stranieri>

In particular:

- must **pre-enrol** on the website [www.universitaly.it](http://www.universitaly.it) and apply for an entry visa for study purposes;
- must hold a qualification that allows access to Italian universities to second-cycle (Master’s level) degree programmes;
- non-EU citizens holding a residence permit in Italy for study purposes who have formally withdrawn from their studies at this or another Italian university lose the requirements necessary to stay in Italy, with the consequent revocation of the residence permit; such candidates must return to their country of origin and initiate the pre-enrolment procedures at the competent Italian diplomatic representations via [www.universitaly.it](http://www.universitaly.it) within the deadlines set annually and published on the website

<https://www.universitaly.it/studenti-stranieri>

### 3. WHO THIS CALL IS FOR

#### 3.1 Addresses

This call is addressed to those who, meeting the admission requirements indicated in Section 4, intend to enrol in this programme.

**Candidates with a previous university career** (transfers from another Italian university, changes from another degree programme of the University of Bologna, option from the corresponding previous system to the Master’s degree, candidates holding academic qualifications in addition to the access qualification, or who have studied abroad, those who have withdrawn or whose careers have lapsed) must also participate in an intake for the assessment of preparation.

### 3.1 Informazioni per laureandi e laureande

It is possible to apply, and subsequently enrol, even if the qualification required for access has not yet been obtained (see Sections 4.2), provided that by the intake deadline students have obtained **the** credits required for each intake as specified in section 4.2.

In case of admission and subsequent enrolment, the first-cycle qualification required for access must in any case be obtained **by 31/12/2026**; otherwise, any enrolment will be cancelled. If you have not yet obtained the qualification when you enrol, check Section 7.1 on how to activate your student career.

### 3.2 Informazioni sul piano di studio

Admitted students will be able to enrol in one of the two offered curricula: **“Aeronautics”** or **“Space”**. Regardless of the chosen curriculum, students who, in their previous university career, have not obtained 24 ECTS credits in the following scientific-disciplinary sectors (SSD) ING/IND-03, ING/IND-04, ING/IND-05, ING/IND-06, ING/IND-07, must select the elective course **“FUNDAMENTALS OF AEROSPACE ENGINEERING (I.C.)”** in their study plan. These students will be notified during the enrolment phase.

## 4. ADMISSION REQUIREMENTS

To be admitted to the Master’s Degree Programme in “Aerospace Engineering”, candidates must have:

- 1- the required academic qualification (Section 4.1);
- 2 - specific curricular requirements (Section 4.2);
- 3 - specific language requirements (Section 4.3);
- 4 - adequate personal preparation, assessed according to the criteria indicated by the programme (Section 4.4).

It is also necessary to secure a placement within the ranking, within the limits of the **AVAILABLE PLACES** (see section 2.4) in each selection round.

### 4.1 Qualifications

- ▶ First-cycle academic qualification: Bachelor’s degree or three-year university diploma or a five-year Italian degree (old system)  
or
- ▶  a qualification obtained abroad recognised as suitable on the basis of Italian law, current international agreements, and the rules set out in the MUR Circular “Procedures for entry, stay, enrolment of international students and recognition of

qualifications, for higher education programmes in Italy” for Academic Year 2026/2027, which will be published on <https://www.universitaly.it/studenti-stranieri>.

The qualification must allow access to a programme comparable to the one required in Italy at universities in the country whose system it belongs to.

Consult the detailed information at:

[www.unibo.it/iscrizioniMagistraleTitoloEstero](http://www.unibo.it/iscrizioniMagistraleTitoloEstero).

## 4.2 Curricular Requirements

Given that, to successfully attend the Master’s Degree Programme in “Aerospace Engineering”, Class LM-33, it is necessary to have basic knowledge in mathematics, physics and engineering, to access the programme it is necessary to:

- **1) Hold an Italian first-cycle degree in the following classes (ex DM 270/2004):**

<b>L-9</b>	<b>Industrial Engineering</b>
<b>L-8</b>	<b>Information Engineering</b>
<b>L-7</b>	<b>Civil and Environmental Engineering</b>
<b>L-30</b>	<b>Physics</b>
<b>L-31</b>	<b>Computer Sciences</b>
<b>L-35</b>	<b>Mathematics</b>

or an Italian first-cycle degree in the **classes under DM 509/99 equivalent** to the above classes under DM 270/2004 (pursuant to the Interministerial Decree of 9 July 2009),

or an **equivalent Italian qualification** of the system prior to DM 509/99 (three-year university diploma, five-year degree),

or an **equivalent university qualification obtained abroad** recognised as suitable (allowing access in the country of award to second-cycle programmes),

- **2) The possession of the following credit or exam requirements applies to candidates who have not yet obtained the qualification required for access under point 1):**

### 2.a: First selection

Non-EU students residing abroad participating in this round must have passed all the courses of the years prior to the final year of their first-cycle degree to be obtained.

### 2.b: Second selection

EU and equivalent non-EU students participating in this round, if enrolled in an Italian first-cycle degree, must not have more than **36 ECTS** credits outstanding to obtain the degree by the deadline for registration for the second selection (excluding credits related to the final exam, internships, and laboratory activities).

The same students, if enrolled in an equivalent degree to be obtained abroad, must not have more than **70%** of the credits or exam modules of the final year study plan outstanding by the registration deadline for the second selection (including the final exam), provided that all exams from previous years have been passed.

#### **2.c: Third (possible) selection**

EU and equivalent non-EU students participating in this round, if enrolled in an Italian first-cycle degree, must not have more than **12 ECTS** credits outstanding to obtain the degree by the registration deadline for the third selection (excluding credits related to the final exam, internships, and laboratory activities).

The same students, if enrolled in an equivalent degree to be obtained abroad, must not have more than **40%** of the credits or exam modules of the final year study plan outstanding by the registration deadline for the third selection (including the final exam), provided that all exams from previous years have been passed.

### **4.3 Language requirements**

Knowledge of English at a minimum **level of B2** of the Common European Framework of Reference for Languages is required.

#### **4.3.a. How to meet the language requirement**

The English-language requirement is met by submitting in the application, alternatively:

- ▶ **A certifications**, valid only if obtained **from 1 January 2023 onwards**:
  - TOEFL Internet-based: at least 80 points
  - IELTS: at least 5.5 points
  - FCE – C
  - ISE II Trinity College London
  - Cambridge English Certificate Level B2
  - Business Vantage – BEC Vantage
  - Certification or self-certification (if obtained at Italian state universities) of level B2 issued by a University Language Centre
  - Self-certification of passing the “B2 English Language Proficiency” exam in an Italian state university programme (must be passed via exam and the date must be indicated in the transcript; B2 proficiency met via recognition of previous certifications will not be accepted)
  
- ▶ **OOPT test attesting B2 level, taken at the University Language Centre (CLA) of the University of Bologna on one of the dates** that will be published on the programme website at <https://corsi.unibo.it/2cycle/AerospaceEngineering/how-to-enrol> or

obtained during the selection for another programme of the University of Bologna for the same Academic Year 2026/2027.

Candidates wishing to take the OOPT (Oxford Online Placement Test) at the University Language Centre (CLA) of the University of Bologna must notify it by email at [didatticaforli.ingstudenti@unibo.it](mailto:didatticaforli.ingstudenti@unibo.it) within ten days of the test date indicated on the programme website, to allow the Academic Office to register the candidate for the test.

The test is held ONLINE via the Zoom platform.

**Instructions for access to the assessment will be sent to candidates a couple of days before the test date**, to the institutional email address ([name.surname@studio.unibo.it](mailto:name.surname@studio.unibo.it)); this message serves as the **official call/convocation** for the test.

The test is divided into **2 parts**: 1. Use of English (grammar and vocabulary); 2. Listening.

The OOPT test will be delivered remotely and simultaneously to all candidates, gathered in a virtual classroom, under the supervision of the staff of the University Language Centre (CLA) meeting online.

OOPT results will be visible to candidates at the end of the test.

Candidates who achieve an English placement level equal to or higher than B2 in the OOPT will be admitted to the assessment of adequate personal preparation.

The OOPT test does not entitle candidates to any certificate; the results obtained will be communicated directly to the Examination Committee solely for the purpose of verifying the language requirement provided for by this call.

- ▶ This attestation is not required for those who document in the admission request that they are native English speakers with nationality of the following countries: Australia, Canada, Ireland, New Zealand, South Africa, U.K., USA, or who have obtained a first-cycle degree (Bachelor's degree) delivered in English.

Candidates who do not hold at least one of the B2 English language certifications listed above will be excluded from the selection ranking due to the lack of the language requirement.

#### **4.4 Adeguata preparazione personale**

Admission to the Master's Degree Programme in "Aerospace Engineering" is conditional, in addition to meeting the curricular and language requirements outlined in Sections 4.1, 4.2 and 4.3, upon the assessment of adequate personal preparation, carried out according to

the procedures indicated below, as provided in the Programme Regulations (<https://corsi.unibo.it/2cycle/AerospaceEngineering/programme>).

**Only candidates who meet the curricular requirements and the B2 English language requirement will be admitted to the assessment of adequacy of preparation.**

La **verifica dell'adeguatezza della personale preparazione**, imperniata su conoscenze di matematica, fisica ed ingegneria è costituita dalla valutazione dei titoli e da un colloquio idoneativo.

The evaluation of qualifications will be based on the documents attached to the application, listed in section 5.

For further details on the procedures for assessing the adequacy of personal preparation and on the selection criteria for the limited-number admission, please refer to section 7 of the call.

**NOTE:** Following the assessment of the adequacy of personal preparation, admitted students who enrol and who have obtained fewer than 24 ECTS credits in the scientific-disciplinary sectors (SSD) ING/IND-03, ING/IND-04, ING/IND-05, ING/IND-06, ING/IND-07 in their previous university career must include the course **“FUNDAMENTALS OF AEROSPACE ENGINEERING (I.C.)”** in their study plan in place of two elective courses.

## 5. HOW TO APPLY

During the period provided for each intake (see [procedure calendar](#) Section 2), you may apply by following the steps below.

### 1. Connect to Studenti Online ([www.studenti.unibo.it](http://www.studenti.unibo.it))

*If you are accessing for the first time, choose “Register” and log in with SPID or CIE. The system will automatically retrieve your personal data and at the end will create your University credentials (name.surname@studio.unibo.it)*

*If you reside abroad and do not have an identity document issued in Italy, you may access with University credentials; to obtain them, go to Studenti Online ([www.studenti.unibo.it](http://www.studenti.unibo.it)), choose “Register” and then “International students” registration.*

### 2. Access “Admission application”, select “Master’s Degree Programme” and choose the programme “Aerospace Engineering” and the intake.

### 3. Upload the following documents in PDF format:

► **COMPULSORY DOCUMENTS:**

- **Application form** (download it from Studenti Online) **completed and signed in all its parts**
- **Access qualification** (see Sections 4.1 e 4.2):

- ***If you obtained the qualification or are graduating at the University of Bologna:*** you may select the self-certification relating to your previous or current career at the University of Bologna among those automatically proposed by the system (signature not required); you may also add further documents to the proposed self-certification.

Alternatively, you may upload a document in your possession certifying the qualification obtained (use the “+ Add Document” button).

**Attention!**

The self-certification automatically generated by the system may not be available for administrative reasons (for example: your residence permit has expired); in this case, add a document in your possession certifying the qualification to be obtained/obtained.

- ***If you obtained the *qualification at another Italian university*:*** self-certification of the first-cycle academic qualification with the list of exams passed and the related grades, credits and SSD.

**If you have not yet obtained the qualification**, upload the self-certification of exams passed.

Candidates are invited to use self-certifications downloadable from their university's online services or the self-certification forms available on **Studenti Online**.

-  ***If you obtained the *qualification abroad*:*** copy of the qualification, with transcript of records and Diploma Supplement (where available), issued by the foreign institution, with grades, credits and information on the grading scale. If you have not yet obtained the academic qualification, upload the list of exams passed (transcript of records). If these documents are written in a language other than English or Italian, they must be accompanied by a translation into English or Italian (also prepared directly by the candidate).

### Attention!

Candidates who have not yet obtained the academic qualification required for access must clearly self-certify or certify the exams passed and those still to be taken, in order to allow the Examination Committee to verify compliance with the credit constraints provided for their case in Sections 4.2.

- ▶ **Proof of English language proficiency at level not lower than B2:** the candidate must attach one of the certificates (or a self-certification in case of activities carried out at Italian state institutions, for which contacts for verification should be provided) or documented attestation of being a native English speaker, according to the list reported in [Section 4.3](#).
- ▶ **Copy of the front and back of a valid identity document.**

 *If you hold citizenship of a foreign country and your identity document does not include an English translation: copy of passport.*

### ▶ **OPTIONAL DOCUMENTS:**

- ▶ **Certificats (or self-certificates** if activities were carried out at Italian state institutions, providing contacts for verification) **of any experience abroad, additional qualifications and publications.**
- ▶ **Copy of residence permit**, if already held; mandatory for equivalent non-EU citizens.
- ▶ Form to **request adaptations for persons** with disabilities and DSA for the online interview, with the required documentation:  
<https://site.unibo.it/studenti-con-disabilita-e-dsa/en/for-students/adaptations-to-entrance-exams>

4. Registration for the selection requires the **PAYMENT OF A €50.00 FEE** through the PagoPA platform, following the instructions provided on Studenti Online ([www.studenti.unibo.it](http://www.studenti.unibo.it)), unless it has already been paid for a previous selection under this call.

The fee **cannot under any circumstances be refunded**.

The application is valid **only after the payment of the fee**.

For support in using Studenti Online, you can submit a request by visiting <https://sportelli.unibo.it/hd-studenti> or call +39 051 2080301, available Monday to Friday from 09:00 to 13:00 and from 14:00 to 17:00.

For assistance with creating your institutional @studio.unibo.it credentials or in case of difficulties using them, you can send an email to [credenziali.studio@unibo.it](mailto:credenziali.studio@unibo.it) or call +39 051 2080301.

**Only candidates who have completed intake registration within the deadlines and according to the procedures described above, attaching the required documents, are admitted to the assessment.**

**The Committee will assess only the documents uploaded in the Studenti Online application ([www.studenti.unibo.it](http://www.studenti.unibo.it)):** failure to upload mandatory documents (in whole or in part) by the deadline for intake registration entails exclusion from the procedure.

Documents must not be sent by post nor by email to the administrative offices.

In case of false declarations, in addition to penalties established by articles 496 of the Italian criminal code, you will automatically forfeit the right to enrol and any benefits obtained, with no right to refund of amounts paid.

It is permitted that a candidate found not eligible in an intake, at the request of the examination Committee, may supplement documentation for the subsequent intake (if provided).

**If you are a non-EU citizen residing abroad**, in accordance with the procedures defined by the Ministry of University and Research in the relevant Circular for a.y. 2026/2027 published on <https://www.universitaly.it/studenti-stranieri>, in addition to following the steps provided for admission to the programme, you must:

➤ **pre-enrol on [www.universitaly.it](http://www.universitaly.it)** e request an entry visa for study purposes.

## 6. SELECTION CRITERIA AND EVALUATION MODALITIES

The selection for admission to the Master's Degree Programme in **Aerospace Engineering** includes:

- **verification of curricular and language requirements**
- **assessment of the adequacy of personal preparation.**

Candidates who do not meet the admission curricular and language requirements outlined in section 4 of the call will be **excluded from the assessment of personal preparation and from the ranking.**

In particular, candidates without one of the certificates (or self-certificates) indicated in section 4.3 wishing to take the **OOPT (Oxford Online Placement Test) of at least B2 level**

**at the University Language Centre (CLA) of the University of Bologna** must notify it by email at [didatticaforli.ingstudenti@unibo.it](mailto:didatticaforli.ingstudenti@unibo.it) within ten days of the test date indicated on the Aerospace Engineering programme website, to allow the Academic Office to register the candidate for the test.

The test is held ONLINE via the Zoom platform.

**Instructions for access to the assessment will be sent to candidates a couple of days before the test date**, to the institutional email address ([name.surname@studio.unibo.it](mailto:name.surname@studio.unibo.it)); this message serves as the **official call/convocation** for the test.

The test is divided into **2 parts**: 1. Use of English (grammar and vocabulary); 2. Listening.

The OOPT test will be delivered remotely and simultaneously to all candidates, gathered in a virtual classroom, under the supervision of the staff of the University Language Centre (CLA) meeting online.

OOPT results will be visible to candidates at the end of the test.

Candidates who achieve an English placement level equal to or higher than B2 in the OOPT will be admitted to the assessment of adequate personal preparation.

The OOPT test does not entitle candidates to any certificate; the results obtained will be communicated directly to the Examination Committee solely for the purpose of verifying the language requirement provided for by this call.

**Only candidates who meet the curricular requirements and hold a B2-level English language qualification will be admitted to the ASSESSMENT OF PERSONAL PREPARATION.**

The assessment of personal preparation includes:

- **evaluation of qualifications**
- **a qualifying interview.**

**The evaluation of qualifications** will be conducted for all candidates based on the documents attached online to the application in their respective selection rounds, as listed in section 5 of the call.

**The outcome of the qualification evaluation** will be expressed with a score calculated as follows:

1. academic merit and curriculum: **up to 60 points**
2. internationalization, application form, and alignment with the educational objectives of the Master's Degree in **"Aerospace Engineering": up to 40 points.**

**The maximum score is 100 points, and the minimum score required to access the qualifying interview is 60/100.**

Candidates who, meeting the admission curricular and language requirements, achieve the minimum score of 60 points in the evaluation of qualifications will proceed to the qualifying interview.

Candidates **exempt from the qualifying interview** are only those who have obtained (or are about to obtain as their access qualification) a **Class L-9 degree** issued by an Italian university whose denomination includes the wording **“Aerospace Engineering”**.

**The individual qualifying interview** will verify the possession of basic knowledge in mathematics, physics, and engineering, and will be conducted by the same Examination Committee appointed for the other phases of the selection.

The interview will be conducted **remotely**.

**The schedule of interviews** will be published along with the results of the admission requirements verification and the evaluation of qualifications, on the dates provided in the procedure calendar for each selection round on **Studenti Online**, within the details of the admission request.

It will **not be possible to change the interview date**.

Candidates will be listed in the results and interview schedule with the provisional student ID assigned on **Studenti Online** at the time of registration for the selection, without any other personal data (name, surname).

To request any adaptations to sit the interview for **candidates with disabilities or Specific Learning Disorders (DSA)**, the relevant form and required specialist documentation must be attached to the application (Section 5).

Information is available at: <https://site.unibo.it/studenti-con-disabilita-e-dsa/it/per-studenti/adattamenti-per-le-prove-di-accesso>.

For clarifications on certifications and possible adaptations, contact the **Service for Students with Disabilities and DSA** at [ases.adattamentiammissione@unibo.it](mailto:ases.adattamentiammissione@unibo.it).

For technical difficulties regarding the procedure to request adaptations on Studenti Online, contact the Studenti Online Help Desk.

**Candidates who successfully pass the interview will be placed as eligible in the final selection ranking with the score obtained in the qualification evaluation phase.**

**In the event of candidates with equal evaluation score**, priority will be given to the candidate who obtained a higher score in the evaluation of the academic curriculum; in case of a further equal score, priority will be given to the younger candidate.

The selection will still proceed if the number of applications received by the deadline for each round is less than or equal to the number of available places. The purpose of the selection is, in fact, to assess the adequacy of the candidates' personal preparation.

**Only eligible candidates can be included in the ranking for admission to the Master's Degree Programme in "Aerospace Engineering", class LM-20, according to the order of the score obtained. Candidates who fall within the number of available places will be declared winners of the selection.**

## 7. RANKING LIST

### 7.1 Examination Committee

The verification of curricular and language access requirements and of the adequacy of personal preparation, based on the documents attached by candidates and on the interview, is carried out by an Examination Committee appointed by the Council of the Department of Industrial Engineering and composed of five full members, chosen from among the teaching and research staff affiliated with the Master's Degree Programme

### 7.2 Ranking publication

At the end of each selection round, a general merit ranking will be compiled, up to the number of available places, according to the methods and criteria defined in this call.

The rankings will be published on:

**27 February 2026, from 15:00** for the first selection

**19 June 2026, from 15:00** for the second selection

**11 September 2026, from 15:00** for the third (possible) selection

on Studenti Online at [www.studenti.unibo.it](http://www.studenti.unibo.it), within the details of the admission request, as the only official means of notification of the selection results.

**Attention:** Candidates will appear in the rankings with the provisional student ID assigned on **Studenti Online** at the time of registration for the selection, without any other personal data (name, surname).

## 8. ENROLMENT, CHANGE OF PROGRAMME, TRANSFER

## 8.1 Enrolment

If you receive confirmation of admission, you may enrol starting from the date indicated in the [procedure calendar](#) (Section **Errore. L'origine riferimento non è stata trovata.**), by following the steps below.

1. **Connect to Studenti Online** ([www.studenti.unibo.it](http://www.studenti.unibo.it)) using SPID or CIE credentials or by entering the username and password obtained during the application procedure.
2. **Select “Enrolments”, choose “Master’s Degree Programme”, then the programme “Aerospace Engineering”** and enter the data required by the procedure, uploading a .jpg file with a passport-style photograph of your face.

In case of false declarations, in addition to the penalties established by Article 496 of the Italian Criminal Code, you will automatically forfeit the right to enrol and any benefits obtained, with no right to refund of amounts paid.

3. During the enrolment procedure, you must indicate the curriculum you want to attend for your study plan: either “AERONAUTICS” or “SPACE”
4. **Pay the first instalment** of tuition fees through the PagoPA platform, according to the instructions provided on Studenti Online ([www.studenti.unibo.it](http://www.studenti.unibo.it)).
5. After payment, check in the details of the enrolment request on **Studenti Online** ([www.studenti.unibo.it](http://www.studenti.unibo.it)), what steps are required for identification and **activation of the student career**.

### 8.1.a. Identification and activation of the university career

#### *Identification*

- **If you submitted your application using SPID or CIE:** after payment, your identity will be validated automatically.
- **If you submitted your application using username and password:** proceed with identification according to the instructions found in the enrolment request details on Studenti Online ([www.studenti.unibo.it](http://www.studenti.unibo.it)).

#### *Activation of the career*

Activation of the career enables you to access all student activities (for example: submitting your study plan, booking exams, accessing Wi-Fi, library and online teaching resources, Campus laboratories, using the MyUnibo app, and carrying out all other procedures related to your academic career).

After identification, activation of the career will occur automatically, unless you fall into one of the cases listed below

- ***If you have not yet obtained the Bachelor's degree at the time of enrolment***, you must obtain the access qualification **no later than 31 December 2026**. Otherwise, enrolment will be cancelled.

If you are graduating from the University of Bologna, the system will automatically update your status once the qualification is awarded.

If you are graduating from another university, after enrolment check Studenti Online ([www.studenti.unibo.it](http://www.studenti.unibo.it)) for further steps.

- ▶  ***If you hold the citizenship of a non-EU country but have an equivalency status and obtained your qualification in Italy***, in order to activate your student career you must send a **copy of a valid residence permit that allows equivalency to the [Student Administration office](#) of the Forlì Campus**.
- ▶ ***If you hold Italian or other EU citizenship and have a foreign qualification***, [documentation required](#) to enroll.

The documentation you used for admission to the program (e.g. qualification, transcript, etc.) must be [officially translated and, if required, authenticated and evaluated for its value](#).

You must upload the documents related to your foreign qualification on Studenti Online ([www.studenti.unibo.it](http://www.studenti.unibo.it)) in the “Bandi” section, selecting “Immatricolazione a.a. 26\_27 – uploading documents for international students and students with foreign qualifications”.

Once you arrive at the University of Bologna, Forlì Campus, you must book an appointment with the Student Administration Office of the Forlì Campus (on Studenti Online select “Prenotazioni”, then “Forlì Student Administration Office – Documents submission desk – Segreteria Studenti di Forlì – Sportello consegna titolo di studio estero”) to show the original documents.

- ▶ ***If you hold the citizenship of a non-EU country, have an equivalency status, and obtained your qualification abroad***, check the [documentation required](#) to enroll.

The documentation you used for admission to the program (e.g. qualification, transcript, etc.) must be [officially translated and, if required, authenticated and evaluated for its value](#). You must upload the documents related to your foreign qualification on Studenti Online ([www.studenti.unibo.it](http://www.studenti.unibo.it)) in the “Bandi” section, selecting “Immatricolazione a.a. 26\_27 – uploading documents for international students and students with foreign qualifications”.

Once you arrive at the University of Bologna, Forlì Campus, you must book an appointment with the Student Administration Office of the Forlì Campus (on Studenti Online select “Prenotazioni”, then “Forlì Student Administration Office – Documents submission desk –

*Segreteria Studenti di Forlì – Sportello consegna titolo di studio estero*”) to show the original documents.

**WARNING:** Carefully check the page [www.unibo.it/StudentiInternazionaliChiSono](http://www.unibo.it/StudentiInternazionaliChiSono) to understand who is considered a “non-EU equivalent student” and which types of residence permits allow equivalency. The lack of equivalency status will prevent the completion of enrollment, even in the case of admission and payment of the first installment.

► ***If you hold the citizenship of a non-EU country, reside abroad, and obtained your qualification abroad***, consult the detailed information at <https://www.unibo.it/en/study/enrolment-fees-and-other-procedures/degree-programmes/enrolling-in-second-cycle-degree-programmes/enrolling-in-a-second-cycle-degree-programme-if-you-come-from-a-non-eu-country>. Check the [documentation required](#) to enroll.

The documentation you used for admission to the program (e.g. qualification, transcript, etc.) must be [officially translated and, if required, authenticated and evaluated for its value](#). You must upload the documents related to your foreign qualification on Studenti Online ([www.studenti.unibo.it](http://www.studenti.unibo.it)) in the “Bandi” section, selecting “Immatricolazione a.a. 26\_27 – uploading documents for international students and students with foreign qualifications”. Once you arrive at the University of Bologna, Forlì Campus, you must book an appointment with the Student Administration Office of the Forlì Campus (on Studenti Online select “Prenotazioni”, then “Forlì Student Administration Office – Documents submission desk – *Segreteria Studenti di Forlì – Sportello consegna titolo di studio estero*”) to show the original documents.

**Attention:** If you have a foreign qualification, admission to the program and any validation of pre-enrollment with or without conditions by the University do not grant any right to complete enrollment and activate your student career, even in the case of obtaining an entry visa, physical presence in Italy, eligibility for and/or actual granting of scholarships or financial contributions of any kind. To complete enrollment, the actual eligibility of the foreign qualification and the authenticity of the submitted documentation must be verified. These checks are carried out by the Student Administration Office of the Forlì Campus after payment of the first enrollment installment and the submission of all required original documents.

The activation of your student career must take place by **26 February 2027**; otherwise, the enrollment will be cancelled.

Once your career has been activated, you will receive an email containing a **QR code** that allows you to **print your badge**.

### 8.1.b. Career shortening (for students with completed university careers)

If you wish to request recognition of previous academic careers, check how to do so and the relevant deadlines at the following page:

<https://www.unibo.it/it/studiare/iscrizioni-tasse-e-altre-procedure/lauree-e-lauree-magistrali/abbreviazione-di-carriera>

## 8.2 Candidates currently enrolled in another Italian University who intend to transfer

Within the strict deadlines indicated for each selection round in the procedure calendar, successful candidates must:

- **access [Studenti Online](http://www.studenti.unibo.it)** ([www.studenti.unibo.it](http://www.studenti.unibo.it));
- **enrol** in the Master's Degree Programme "AEROSPACE ENGINEERING", following the instructions in paragraph 6.1 and **indicating their Italian university and previous course of study**;
- **pay** the first tuition installment or, alternatively, the full amount through the **PagoPA** platform, according to the procedures indicated on **[Studenti Online](http://www.studenti.unibo.it)** ([www.studenti.unibo.it](http://www.studenti.unibo.it));
- **submit a transfer request** to their current Italian university within the deadlines established there.

It will be possible to attend courses at the current university until the transfer request is submitted, while at the University of Bologna the academic career will be activated **only** after the recognition and continuation of studies is approved by the Course Council.

Upon receipt of the documentation sent by the previous university, the **Forlì Student Office** will also request payment of the specific transfer fee. For details, consult the page:

<https://www.unibo.it/it/didattica/iscrizioni-trasferimenti-e-laurea/trasferirsi-alluniversita-di-bologna>

## 8.3 Candidates currently enrolled on other degrees of the University of Bologna (degree change)

- Candidates already enrolled in another Degree Programme at the University of Bologna who participated in the **FIRST** and **SECOND SELECTION** rounds must:
- **enrol in the new Degree Programme** by following the instructions in paragraph 6.1 and **pay the first tuition installment** (or alternatively the full amount) through the

PagoPA platform **by the respective strict enrolment deadlines** indicated in the procedure calendar.

IN ADDITION, **starting from the opening date for programme changes on 22 July 2026 and no later than the strict deadline of 2 October 2026**, they must complete the **online programme change application** by following the instructions available on **Studenti Online** ([www.studenti.unibo.it](http://www.studenti.unibo.it)).

In particular, they must:

1. click on **“Passaggio di corso”** and enter the required information;
  2. pay the programme change fee, the amount of which can be found on the University Portal at <https://www.unibo.it/it/didattica/iscrizioni-trasferimenti-e-laurea/cambiare-corso-di-studio-interno-universita-di-bologna>.
- Candidates already enrolled in another Degree Programme at the University of Bologna who participated in the **THIRD SELECTION** round must instead complete the **online programme change application** by following the instructions available on Studenti Online ([www.studenti.unibo.it](http://www.studenti.unibo.it)) **by the strict deadline of 18 September 2026**.

In particular, they must:

1. **pay the first tuition installment** (or alternatively the full amount) for the new academic year in their current Degree Programme and be up to date with the payment of tuition fees for previous academic years;
2. complete the **online programme change application** on Studenti Online ([www.studenti.unibo.it](http://www.studenti.unibo.it)) by clicking on **“Passaggio di corso”** and entering the required information;
3. **pay the programme change fee**, the amount of which can be found on the University Portal at <https://www.unibo.it/it/didattica/iscrizioni-trasferimenti-e-laurea/cambiare-corso-di-studio-interno-universita-di-bologna>.

In both cases, students may attend teaching activities in their current programme until the online programme change application is submitted, while in the destination programme the academic career will be activated **only** after the Course Council has approved the recognition and continuation of studies.

## **8.4 Dual Enrolment**

**If you wish to apply for dual enrolment in two degree programmes**, as provided for by Law no. 33 of 12 April 2022, carefully read the information available on the dedicated University webpage [Contemporanea iscrizione a corsi diversi — Università di Bologna \(unibo.it\)](https://www.unibo.it/unibo/contemporanea-iscrizione-a-corsi-diversi).

If you enroll in a degree program and are subsequently admitted to another one, but you do not wish to remain enrolled in both programs, do not proceed with dual enrollment. Instead:

- if both programs are offered by the University of Bologna: submit a **change of degree program** request;
- if the program you are transferring from is offered by another university: apply for a **transfer**.

Alternatively, you may withdraw from your current studies and proceed with a new enrollment (Section [8.1](#)).

#### **Attention!**

If you hold the **citizenship of a non-EU country, reside abroad, and hold an Italian residence permit for study purposes, and you formally withdraw from your studies** at this or another Italian university, **you will lose the requirements for legal stay in Italy, resulting in the revocation of your residence permit**. In this case, you will be required to return to your country of origin and start the pre-enrollment procedures through the University Portal at the relevant Italian diplomatic missions (Embassies/Consulates), within the deadlines set annually and published on the official website <https://www.universitaly.it/studenti-stranieri>

## **9. CLEARING PROCESS**

The clearing process allows the admission of a number of candidates equal to the places not filled after enrolment (section 6), according to the order of the ranking.

To participate in the clearing process, within the strict deadlines indicated for each selection round in the procedure calendar, eligible candidates placed in the ranking after the last successful candidate of **their** selection round must:

- access **Studenti Online** at [www.studenti.unibo.it](http://www.studenti.unibo.it);

- **declare their interest in the clearing process** by clicking on the dedicated “I wish to be recovered” button, available in the details of the admission request after the publication of the ranking;
- verify that the request has been successfully submitted by accessing again the details of the admission request in **Studenti Online**: the system will display **the date of the request and a receipt of the submitted request**.

Candidates with the status “Not eligible”, “Absent”, or “Excluded” cannot participate in the clearing process.

Eligible candidates who do not request to be recovered according to the above procedures will be excluded from all subsequent stages of the process.

**The number of places still available and the list of admitted candidates** will be published, as the only official means of notification, on Studenti Online at [www.studenti.unibo.it](http://www.studenti.unibo.it), in the details of the admission request for the selection, on the dates indicated for each selection round in the procedure calendar.

Candidates admitted through the clearing process must enrol by **the strict deadlines indicated for each selection round** in the procedure calendar, according to the procedures described in section 6 above.

## **EXTRAORDINARY PROCEDURE FOR THE COVERAGE OF REMAINING PLACES**

**If, at the end of the recovery procedure of the third (possible) selection round, reserved for EU and equivalent non-EU candidates**, there are still places available, the Director of the Department of Industrial Engineering may request the Head of the Forlì Campus Area to intervene to ensure the full coverage of those places, with exclusive reference to candidates included in the ranking.

In this case, a specific notice will be published on **Studenti Online** ([www.studenti.unibo.it](http://www.studenti.unibo.it)).

This possible extraordinary place recovery procedure must be completed by the strict deadline of 19 November 2026.

## **10. FEES AND BENEFITS**

### **10.1 University fees**

Information on **tuition fees, exemptions and benefits** is published each year on the University portal at [www.unibo.it/Tasse](http://www.unibo.it/Tasse).

The student contribution payable to enrol in a degree programme consists of a fixed component of €157.04 and a variable component calculated on the basis of the family's economic situation (ISEE), up to a maximum amount depending on the programme.

The contribution is calculated progressively on the basis of a valid **ISEE certification**, only if submitted in the manner and within the deadlines indicated on the webpage [www.unibo.it/Tasse](http://www.unibo.it/Tasse). If no ISEE certification is submitted, the maximum contribution provided for the programme will be applied.

The submission of the ISEE certification is independent of enrollment in the degree program. The order in which you complete the two procedures is irrelevant, provided that you meet the deadlines established for each of them.

### **Attention!**

International students whose income and assets are exclusively held abroad cannot submit an ISEE certification and must instead refer to the information available at the following page:

<https://www.unibo.it/it/didattica/iscrizioni-trasferimenti-e-laurea/tasse-e-contributi/ISEE-e-altre-attezzazioni-utili-per-le-esenzioni-delle-tasse-universitarie>

### **Attention!**

Submitting financial documentation for university tuition fee exemptions, by following the instructions provided on the page [www.unibo.it/Tasse](http://www.unibo.it/Tasse), is very simple and is advisable even if you have not yet decided whether to enroll in a degree program at this University. Please note that if you do not submit the documentation by the established deadlines, you will not be eligible for any fee reductions. The deadline is final and no exceptions are ever granted.

## **10.1 Support benefits provided by ER.GO**

**The Regional Agency for the Right to Higher Education – ER.GO** publishes each year on its website ([www.er-go.it](http://www.er-go.it)) **calls for applications** for scholarships, accommodation in university residences, catering services and other benefits.

**The procedures for applying for ER.GO benefits are independent of those for application and enrolment in degree programmes.**

### **Attention!**

You must apply to obtain **ER.GO benefits** on the Agency's website, including your ISEE certification. Submitting the application is very simple and is recommended even if you have not yet decided whether to enroll in a degree program at this University. Please note that the calls for applications set a final deadline, and no exceptions are ever allowed.

## **10.1 Important information for those who already have an active university career**

If you already have an active university career, before transferring from another university or changing degree programme / option, if you are already enrolled in a programme at the University of Bologna, carefully consult the **merit requirements for access to benefits** indicated in the call published on [www.er-go.it](http://www.er-go.it), **because recognition of ECTS credits obtained in the previous career may affect your eligibility for benefits.**

### **Attention!**

For all **ER.GO benefits**, the minimum number of ECTS credits (CFU) required as an academic merit requirement is always calculated starting from the year of first enrollment at a university (even if it took place at another university, higher education institute, or degree program, including abroad), regardless of the year of study to which you are admitted following the recognition of credits. Only the credits that are officially recognized for the degree program you enroll in are considered valid.

## **10.1 Student support benefits provided by the University**

Information on benefits provided by the University is available on the University portal in the section [www.unibo.it/AgevolazioniEconomiche](http://www.unibo.it/AgevolazioniEconomiche).

Carefully read, for each benefit, the instructions regarding the procedures and deadlines for submitting applications. Deadlines are always mandatory and no exceptions are permitted.

## **11. WHO TO CONTACT**

***For information regarding the Call for Applications and the Degree Programme:***

**Forlì Student Administration Office**

Padiglione Melandri, Piazzale Solieri 1, 47121 Forlì

Virtual Help Desk <https://sportelli.unibo.it/services/18>

E-mail [segforli@unibo.it](mailto:segforli@unibo.it)

<https://www.unibo.it/it/campus-forli/servizi-di-campus/segreteria-studenti>

**Programme Coordinator dott.ssa Giulia Chiadini**

Via Montaspro, 97 - 47121 Forlì

e-mail [giulia.chiadini2@unibo.it](mailto:giulia.chiadini2@unibo.it)

Per altri contatti: <https://corsi.unibo.it/2cycle/MechanicalEngineering-Forli/contacts>

### ***IT-related information***

*(for example: access credentials, data entry, application usage/issues, etc.)*

For support in using **Studenti Online**, you can submit a request by visiting:

<https://sportelli.unibo.it/hd-studenti>, or you can call +39 051 2080301, available Monday to Friday from 09:00 to 13:00 and 14:00 to 17:00.

For assistance in creating your institutional @studio.unibo.it credentials or for difficulties in using them, you can write to [help.studentionline@unibo.it](mailto:help.studentionline@unibo.it) or call +39 051 2080301.

### OFFICE CLOSURE PERIODS

Office closure periods:

- National holidays ([www.unibo.it/CalendarioAccademico](http://www.unibo.it/CalendarioAccademico));
- Thursday, 1 January 2026 to Tuesday, 6 January 2026;
- Wednesday, 4 February 2026;
- Monday, 6 April 2026;
- Friday, 1 May 2026;
- Tuesday, 2 June 2026;
- Tuesday, 8 December 2026.

Any additional extraordinary closures will be announced on the University Portal ([www.unibo.it](http://www.unibo.it))

## 12. NOTE FINALI

Any notices regarding this call will be published on **Studenti Online** ([www.studenti.unibo.it](http://www.studenti.unibo.it)) or on the Degree Programme website under “Admission”.

Information regarding the processing of personal data is available at:

<https://www.unibo.it/it/ateneo/privacy-e-note-legali/privacy/trattamento-dei-dati-personali>.

This call for applications, issued by executive measure with protocol number and register indicated in the header of the first page, is subject to the provisions of the Decree of the Minister of University and Research no. 1154/2021 and subsequent amendments on self-evaluation, evaluation, initial and periodic accreditation of institutions and degree programmes.

An appeal against this measure may be lodged with the competent Regional Administrative Court within 60 days from publication of the call.

The administrative procedure officer is Dr Patrizia Ussani, Head of the Forlì Student Administration Office.

**HEAD OF THE FORLÌ CAMPUS FORLÌ'**

**Dott.ssa Antonella Mattioli**

\*\*\*\*\*
