ERASMUS+

How to proceed with offer selection

1. Select the Language(s) and enroll to Language certification Tests (*deadline January 17th at 12.00 hrs*);
2. Check and rank destinations on the basis of teaching language and interest;
3. Check if acquired Language level meets destination requirements;
4. If no, skip it;
5. If yes, check if available Lectures meet your curriculum (please note that some University requires to select Lectures from a single Department/Faculty only); **please do this activity with extreme care, since problems occurred in the past;**
6. If no skip it;
7. If yes, contact the Unibo Exchange Coordinator if a colloquium is mandatory;
8. Select no more than 3 destination by “partially” considering the previous year requests;
9. Deadline *February 11th 2020 at 13.00 hrs*.

Erasmus+ final remarks

- The full list with offers available for each candidate is directly visible in almarm application; the exchanges today presented are a subset;
- Maps should have shown all the available destinations anyway, the official offers are the ones loaded on almarm system; openings presented today are un-official;
- **Please note that if an exchange is open for a CdS, it does NOT directly means that you will find courses good for the exchange: so BEFORE applying for an exchange, please check if any matching course is available;**
- Student has also to check which language is required for the specific exchange;
- Please remind the deadline of **January 17th** for enrolling to language tests.
