TRUE EXPERTISE TRANSCENDS BORDERS

Develop leading-edge expertise, recognised both in France and internationally, with our Masters of Science.

Align your career with your passion. Master key challenges of artificial intelligence and the green transition. With an influential network and strong skills, your ambitions will take on a new dimension.

GRADE DE MASTER*

Backed by the School's three strategic pillars, NEOMA's full-time Master of Science programmes offer a wide range of opportunities:

Academic excellence

Learn differently

with innovative teaching approaches using immersive virtual reality, interactive iLearning modules and peer learning.

Delve deeper into current issues

thanks to the research carried out by our 200 faculty-researchers (73% of whom are international), who are dedicated to exploring the challenges of tomorrow's world with our four poles of excellence: The World We Want, The Future of Work, AI, Data Science & Business, The Complexity Advantage.

Societal impact

Take action for the environment and society

by deepening your knowledge and making a tangible commitment thanks to the NEOMACT training programme from the start of your academic year.

Become a manager capable of leading the green transition within your organisation and making a positive impact on society. Workshops, projects and training culminating in academically-recognised certifications will shape your ability to act and drive change.

Student experience

Immerse yourself in a multicultural environment

with MSc courses taught entirely in English and finish your studies with international work experience.

Fuel your entrepreneurial mindset

and make your entrepreneurial projects a reality thanks to our three incubators and two accelerators.

Take part in our vibrant student life,

get involved in the 97 student-led organisations on campus and discover a preview of professional life.

Maximise your employability

thanks to one of the largest career services in the industry and a powerful alumni network.

*Level 7 Qualification of the RNCP (French Register of Professional Certifications) / Sheet No. 37684)

SHARPEN YOUR SKILLS

Why pursue a Master of Science?

- ♦ **A degree of excellence:** A Master of Science recognised throughout the world, with the 'Grade de Master' recognised by the French Ministry of Higher Education.
- ♦ **Cross-cultural skills:** Grow your intercultural communication skills in a multicultural cohort of MSc students and with an international faculty.
- ♦ **A sustainable approach:** Our MSc programmes are guided by the School's philosophy towards the green transition: each programme addresses sustainability issues and prepares students to respond to the challenges of tomorrow.
- ♦ **Training & certifications:** Complement your expertise with key industry certifications in your area of study.

- ♦ **Double degrees:** Seize the opportunity to apply for a double degree with innovative and global universities, including POLIMI Graduate School of Management (Italy), Elon University (USA), ESB Reutlingen (Germany) and Dublin City University (Ireland).
- ♦ **Professional experience:** Gain professional experience via a 4-to-6-month internship, job or start-up creation in France or abroad.

Our portfolio of 14 advanced Master of Science programmes, taught on our Reims, Rouen and Paris campuses, is designed to equip students with the knowledge, resources and networks to thrive in a specialised field or sector of activity.

FINANCE

More information

MSc International Finance

Reims or Rouen Campuses - 15 months

The MSc International Finance is designed to equip students with the skills that match the current needs of the finance industry. This programme provides students with a versatile skill set ideal for working in corporate and investment banking or building a career in financial advisory.

CHOOSE FROM 3 SPECIALISED CONCENTRATION TRACKS

Corporate Finance & Investment Banking Track

(Reims or Rouen Campus)

This track provides essential skills in various areas of finance, offering a valuable edge in adapting to dynamic financial environments and contributing to business and investor success.

- ◆ Benefit from 360° advanced courses in Corporate Finance, Investment Banking, and ESG Valuation, for essential insights into responsible management and sustainable development.
- ◆ Develop key corporate finance skills through mock interviews to gain practical experience and enhance your negotiation abilities with M&A courses and an international finance simulation.
- ◆ Prepare for the CFA Level II exam, a globally recognised certification in finance excellence.

Financial Markets & Risk Management Track

(Rouen Campus)

Master risk in finance with the Financial Markets & Risk Management track, building the skills to identify, assess and mitigate risk using cutting-edge technologies.

- ◆ Gain expertise in leading and trading financial assets, evaluating risks and identifying investment opportunities in Fintech, cryptofinance, blockchain, Big Data, and machine learning for success in technology-driven finance.
- ◆ Enhance risk management skills through seminars, simulations and advanced mock interviews for improved leadership, communication and analytical abilities.
- ◆ Obtain key certifications
 - Achieve new career heights within the risk management profession with the Financial Risk Manager (FRM®) certification.
 - Gain expertise in sustainable finance with the Sustainability & Climate Risks (SCR) certification provided by GARP.

Real Estate & Wealth Management Track

(Reims Campus)

The Real Estate & Wealth Management track equips students with a deep understanding of the real estate market, a significant component of the economy, and provides essential skills for managing wealth effectively.

- ◆ Master comprehensive asset management and financial analysis in real estate, covering regulations, taxation, ethics, sustainability and industry trends to stay abreast of the dynamic real estate landscape.
- ◆ Engage in hands-on learning with PwC Luxembourg (official track partner).

- ◆ The programme's RICS accreditation ensures real estate excellence, offering students a valuable advantage in attaining RICS membership, the gold standard in the field.

PERSONALISED SUPPORT FOR OUR STUDENTS

Reims, Rouen, Paris: great places to live and work

Studying at NEOMA means benefitting from the very best living and learning conditions. The three campuses and their infrastructures were designed to provide students with a comfortable and stimulating environment.

Health & Wellness

NEOMA's Wellness Centre provides students with mental health support, services for students with disabilities, well-being workshops and more.

All our campuses are accessible to people with disability. For more information, please contact: wellness@neoma-bs.fr

Preparing your arrival

The team at NEOMA's HUB, on all three campuses, are dedicated to assisting students in preparing their arrival and getting settled on campus (housing, visas, orientation, etc.)

For more information about NEOMA's personalised student support, scan this QR code with your smartphone

Take advantage of Talent & Career's extensive resources

Your academic studies include a compulsory support programme to help you prepare your career plan and apply for internships or your first job.

40 career experts
dedicated to supporting students

More than **100**
courses and activities offered

98 000 internships
and job offers per year

On average, graduates of NEOMA
find a job within
1 month
of graduation.

FINANCING YOUR STUDIES

At NEOMA Business School, we are aware that financing one’s studies is a primary concern for our students.

Our goal is to help each of our students thrive in a quality study programme by offering solutions tailored to his or her personal situation. The staff at our information and service centre, the HUB, can provide you with information and assistance with administrative procedures. From state grants, loans and university scholarships, there are many solutions to help you achieve your career ambitions!

Scholarships/Grants

FOR INTERNATIONAL STUDENTS:

The Excellence Scholarship

NEOMA Business School offers scholarships to support international applicants who have been admitted into one of its Masters programmes. Based on criteria such as academic excellence and personal and professional achievement, students may be eligible for a scholarship of up to €4,000, depending on their chosen programme.

Scholarships are limited and applied as a reduction in tuition fees. Once admitted to the programme, interested international candidates are invited to contact the Admissions team for more information: admissions@neoma-bs.fr

‘Early Bird’ tuition discount

International students who apply before 31 January, 2024 may be eligible for the ‘Early Bird’ discount of €1,000.

The Eiffel Scholarship

The Eiffel Excellence Scholarship (Bourse Eiffel) is granted by the French Ministry for Europe and Foreign Affairs to international students living outside of France who demonstrate great interest in pursuing their studies in France.

FOR FRENCH AND INTERNATIONAL STUDENTS:

NEOMA Business School Foundation Scholarships

The NEOMA Foundation is committed to equal opportunity in higher education. In case of financial difficulties, the Foundation may provide eligible students with a scholarship covering up to 50% of tuition fees. Interest-free, unsecured loans may also be awarded to students in our Part-time Specialised Masters or Masters of Science programmes. Student applications for financial aid are evaluated at two annual meetings, based on three criteria:

- Academic excellence
- Financial or family situation
- The applicant’s personal merit

Loans

Student loans

Banks grant loans at a preferential rate of about 1% to students attending Grandes Ecoles and living in France, as long as you have a guarantor.

Government-backed student loans

The French government has set up a student loan guarantee fund in partnership with certain banks (Société Générale, Crédit Mutuel, C.I.C, Banque Populaire and certain Caisse d’Epargne banks). Learn more by asking the banks about your financing options.

For more information about financial aid, scan this QR code with your smart phone

ADMISSIONS

Admissions requirements

1-YEAR MSc:

- 4-year bachelor's degree or 3-year bachelor's degree with minimum 1 year of professional experience
- Proof of English language proficiency is required during the application process (TOEIC, TOEFL iBT, IELTS, Cambridge, Duolingo)*

*Contact the Admissions team to learn more about required scores.

2-YEAR MSc:

For holders of a 3-year bachelor's degree, you may complete our MSc in two years by joining our one-year International Pre-Master programme before continuing to your MSc of choice.

Admissions calendar

Application are accepted on a rolling basis, from September 2023 with a final deadline for submissions in mid-July 2024.

However, given the limited number of places, candidates are advised to apply as early as possible.

Admissions process

- Complete the online application: apply.neoma-bs.fr
- Provide scanned copies of all original documents in English or French (CV, motivation letter, transcripts, etc.)
- Candidates who meet the admissions requirements will be asked to complete a deferred interview
- Admissions results are sent by email within two weeks of the interview
- Application fee: €100
