Our University has been working for a long time to raise awareness of and to address gender stereotypes. In this context, it has been decided to give greater linguistic visibility to gender differences.

Where, solely for the sake of simplicity, the masculine form is used in this document, it is understood as referring to all persons, regardless of gender.

1. HOW TO ACCESS THE PROGRAMME

The international master/second cycle degree programme in Resource Economics and Sustainable Development (from now on referred as RESD) is a two-year postgraduate degree, equivalent to a M.Sc. that offers excellent preparation in environmental economics.

Resource Economics and Sustainable Development (RESD) graduates will have a critical understanding of complex interactions and interdependencies between economic decisions, market forces, public policies/regulations and, on the other hand, the environment, the natural and the energy resources. Built on a solid foundation in economics, quantitative methods and applied economics, this preparation will distinguish RESD graduates for their ability to evaluate the qualitative and quantitative implications of environmental and energy policies and to autonomously produce research, sustainability reports, forecasts and plans concerning the decarbonisation and energy transition strategies, the evolution of markets for natural and energy resources, and to contribute to the design, production and distribution of products compatible with the sustainable use of natural resources and the circular economy issues. RESD offers a series of teaching activities that provide an in-depth analysis of specific themes, where the use of the resources and the analysis of possible affordable alternatives is studied in an integrated way, taking into account the institutional setup, the markets and the competitive strategies of firms.

Access to the second cycle degree programme in Resource Economics and Sustainable Development is open, i.e. there is no maximum number of enrolments in A.Y. 2025/26.

However, it is only possible to enrol for the programme if you meet the requirements set out in this notice and if you receive a positive assessment by a special committee.

The requirements and documentation submitted during the application will be assessed by the Committee.

In order to encourage the enrolment of students, the Department of Economics will award 4 grants for the A.Y. 2025/26. Read section 8.5 for more detailed information.

Identification

- ***If you submitted your application by logging in with SPID or CIE:*** after making the payment, your identity will be automatically validated.
- ***If you have submitted your application by logging in with your username and password:*** complete the identification procedure specified under Matriculation on Studenti Online (www.studenti.unibo.it).

Career activation

Activating your career enables you to take part in all the activities you will carry out as a student (e.g. submitting your study plan, booking exams, carrying out any other procedures related to your career, accessing the Wi-Fi network and online library resources, and using the MyUnibo app).

After identification, career activation will take place automatically, unless you fall into one of the following cases.

- ▶ ***If you have not yet graduated at the time of matriculation,*** you must obtain your degree **by 31 December 2025 at the latest**. Otherwise, your matriculation will be cancelled.

If you are graduating from the University of Bologna, the system will automatically update your position once you have obtained your degree.

If you are graduating from another university, after matriculating please check on Studenti Online (www.studenti.unibo.it) for any further steps required.

- ▶  If you are a ***non-EU citizen but hold a qualification equivalent to one obtained in Italy***, in order to activate your career you must submit a copy of your valid residence permit allowing equivalence to the [Student Administration Office](#) responsible for your degree programme.

- ▶ ***If you have a foreign qualification,*** check the [documentation required](#) for matriculation purposes.

The documentation submitted in your application for admission (e.g. degree, transcript, etc.) must be [translated and its authenticity and value must be verified, where required](#).

You must upload the documents related to foreign qualifications in the Studenti Online application (www.studenti.unibo.it) by clicking on "Call for applications" and then "Matriculation for A.Y. 25_26 - document upload for international students with foreign qualifications".

When you arrive at the University of Bologna, you must make an appointment with the [International Desk in Rimini](#) in order to show the original copies of your documentation.

▶ ***If you are a non-EU citizen, but hold an equivalent qualification and have obtained your qualification abroad:*** check the [documentation required](#) to enrol.

Remember that the documentation submitted in your application for admission (e.g. degree, transcript, etc.) must be [translated and its authenticity and value must be verified, where required](#).

In the "Calls" section of Studenti Online (www.studenti.unibo.it), select "Matriculation A.Y. 25_26 - document upload for international students with foreign qualifications" and upload your qualification diploma and a copy of your residence permit allowing equivalence. Moreover, make an appointment with the [International Desk in Rimini](#) in order to show the original copies of your documentation. PLEASE

NOTE: Check very carefully, at [Who are international students](#) what is meant by 'non-EU students with equivalent status' and what types of residence permits allow for equivalence. Lack of an equivalent qualification will prevent you from matriculating, even if you have been admitted and have paid the first instalment.

▶ ***If you are a non-EU national, are resident abroad and have obtained your qualification abroad:*** see details at [Enrolling from a non-EU country](#). Check the [foreign qualification documentation required to matriculate](#). Remember that the documentation submitted in your application for admission (e.g. degree, transcript, etc.) must be [translated and its authenticity and value must be verified, where required](#).

In the "Calls" section of Studenti Online (www.studenti.unibo.it), select "Matriculation A.Y. 25_26 - document upload for international students with foreign

qualifications” and upload your qualification diploma and a copy of your entry visa for study purposes. When you arrive in Italy, make an appointment with the [International Desk in Rimini](#) in order to show the original copies of your documentation.

Warning: if you have a foreign qualification, admission to the programme and any subsequent validation of your pre-enrolment with or without reserve by the University do not confer any right to finalise your matriculation, even in the event of obtaining an entry visa, being physical present in the country, becoming eligible for and/or actually receiving scholarships or contributions of any kind. For matriculation purposes, it will be necessary to verify the actual suitability of the foreign qualification and the authenticity of the submitted documentation. Your qualification will be formally checked by the [International Desk in Rimini](#) after paying the first matriculation instalment and submitting the original copies of all the required documentation.

Career activation must take place by **26 February 2026**; otherwise, your matriculation will be cancelled.

Once your career is active, you will be sent an e-mail with a QR code allowing you to print your badge.

7.1.b. Shortening a degree programme (for those with previous university careers)

If you want to apply for recognition of previous academic careers, check how you can do this and the applicable deadlines at <https://www.unibo.it/en/study/enrolment-fees-and-other-procedures/degree-programmes/recognition-of-credits>

7.2 Programme transfers, university transfers and simultaneous enrolment

If you want to change degree programme within the University of Bologna (Programme transfer), check how you can do this at <https://www.unibo.it/en/study/enrolment-fees-and-other-procedures/degree-programmes/changing-degree-programme> .

If you matriculate and request to be transferred from another university, consult the page [Transferring to the University of Bologna - University of Bologna \(unibo.it\)](#).

If you wish to apply for simultaneous enrolment in two programmes, as provided for by Italian Law no. 33 of 12 April 2022, please read the information on the page [Simultaneous enrolment in different programmes - University of Bologna \(unibo.it\)](https://www.unibo.it/simultaneous-enrolment).

If, on the other hand, you register in one programme and are subsequently admitted to another, but do not wish to maintain enrolment in both programmes, do not enrol simultaneously; instead:

- if both programmes are at the University of Bologna: apply for a programme transfer;
- if the first programme is at another university: apply for a university transfer.

Alternatively, you can waive your current programme and proceed with a new matriculation (Section 4).

Please note!

If you are a **non-EU citizen, reside abroad, hold a residence permit for study purposes and formally renounce your studies** at this or another university, you **lose the requirements for residency in Italy, and therefore your residence permit will be revoked**. In this case, you must return to your country of origin and initiate the pre-enrolment procedures through University at the competent Italian diplomatic mission (Embassy/Consulate), within the deadlines set annually and published on the website <https://www.universitaly.it/studenti-stranieri>.

8. FEES AND BENEFITS

8.1 University fees

Information on **tuition fees** and on **benefits and exemptions** is published annually on the University Portal at [Fees and exemptions](#).

The fee to be paid to enrol for a degree programme consists of a fixed element of € 157.04 and a variable element calculated according to the student's family's financial situation (ISEE) up to a maximum that varies according to the programme.

Your tuition fees will be calculated on a progressive scale based on a valid **ISEE certificate** only if submitted in accordance with the terms and procedures set out on the web page [Fees and exemptions](#). If you do not submit an ISEE certificate, you will have to pay the full tuition fees relevant to your degree programme.

Submission of an ISEE certificate is independent of programme enrolment. The order in which you carry out the two procedures is irrelevant, as long as you comply with the deadlines set for each.

Please note!

International students who only have income and assets abroad cannot submit an ISEE certificate, but must refer to the information at <https://www.unibo.it/en/study/enrolment-fees-and-other-procedures/degree-programmes/tuition-fees-and-exemptions/ISEE-and-other-documentation-for-tuition-fee-exemptions>.

Please note!

Submitting financial documentation for tuition fee exemptions, following the instructions on [Fees and exemptions](#) is very simple and worthwhile even if you have not yet decided whether to enrol in a programme at this university. Remember that if you do not submit the documentation by the deadline, you will not be eligible for any discount. The deadline is peremptory and no exceptions are ever allowed.

8.2 Right-to-higher-education grants provided by ER.GO

Azienda Regionale per il Diritto agli Studi Superiori – ER.GO publishes calls for scholarships, places in university residences, catering and other benefits on its website (www.er-go.it) every year.

The application for ER.GO grants is independent of the degree programme application and enrolment procedures.

Please note!

You must submit your application for an ER.GO grant via the company's website, also entering your ISEE certificate. Applying is very simple and is worth doing even if you have

not yet decided whether to enrol in a programme at this university. Remember that calls have a peremptory deadline and no exceptions are ever allowed.

8.3 Important information for those who already have an active university career

If you already have an active university career, before transferring from another university or changing programme, if you are already enrolled in a programme at the University of Bologna, carefully consult the **merit requirements for access to grants** set out in the call published on www.er-go.it because, due to the recognition of university educational credits (CFUs) acquired in your previous career, **your position may change as regards access to grants**.

Please note!

For all ER.GO benefits, the minimum number of university educational credits required for merit is always determined starting from the year of first enrolment at university (even if for another University, University Institute or Degree Programme, even abroad), regardless of the year of the programme to which you are admitted following the recognition of your credits, and only those that are recognised on the programme you are enrolled in are considered valid.

8.4 Right-to-higher-education grants provided by the University

Information on the University's grants can be found on the University Portal under [Study grants](#).

For each grant, please carefully read the instructions on how and when to apply.

Remember that deadlines are always peremptory and no exceptions are ever allowed.

8.5 Specific grants provided by this degree programme/these degree programmes

In order to encourage the enrolment of students, the Department of Economics will award 4 grants for the academic year 2025/2026, distributed as follows:

- 2 grants for EU and non-EU students admitted in the first intake,
- 1 grant for EU and non-EU students admitted in the second intake,
- 1 grant for EU and non-EU students admitted in the third intake.

Grants that are not assigned in one intake will be assigned in the following intakes.

a) Eligibility

The Grants are reserved to EU and non-EU graduates willing to enrol in the Second Cycle Degree in Resource economics and sustainable development – RESD in the academic year 2025/2026 and that have been admitted with a **minimum score of 80 points**.

b) Selection

The grants will be granted by the Admissions Board, based on the admission ranking. Only students who meet the eligibility requirements will be considered (see section “Eligibility”). Grants will be assigned based on the admission ranking, starting with the first eligible student and going down to the second, third and so on, considering all the students who have obtained at least 80 points out of 100 in the admission procedure. If one of the students fails to accept the grant and/or declines the grant, it will be granted to the student who comes next in the ranking list. Students who get less than 80 points in the admission procedure cannot be considered for the grant.

In case of a tie (same admission points), the youngest applicant will get priority.

The ranking for the assignment of the grants is approved by a decree of the Director of the Department of Economics.

c) Acceptance/Withdrawal

Students who are selected for the grant will be informed via e-mail at the address provided for the application procedure in the platform StudentiOnLine. Within 10 days from the notification receipt about the assignment of the grant, the winner should write to cdlm.resd@unibo.it stating that he/she accepts the grant at the terms stated in this procedure, without further conditions. Failure to accept the grant is tantamount to decline it.

Students who intend to decline the grant should send an e-mail to cdlm.resd@unibo.it

If a student declines the grant, it will be assigned to the following student in the selection ranking, who is admitted with a score of minimum 80 points.

d) Payment

The payment of the grant is subject to the meeting of following conditions:

- The student effectively enrolls in the second cycle degree programme in [Resource Economics and Sustainable Development](#) – RESD (the student pays the first instalment of the tuition fees, brings his/her documents and has them approved, and finally collects the student's badge);
- The student has filled in the relevant forms for the payment (files to be received via e-mail, together with notification about the assignment of the grant).

The payment will take place by one of the following methods:

- Bank wire transfer to an account in the name of the beneficiary with IBAN in the SEPA area;
- Bank wire transfer to a rechargeable card in the name of the beneficiary with IBAN code;
- Bank wire transfer to an account in the name of the beneficiary outside the SEPA area, with commissions fully borne by the beneficiary.

e) Incompatibility with other prizes

The grant is compatible with other financial grants that may be/have been obtained by the beneficiary, unless incompatibility is stated for the other financial grants that the student may have been awarded. It is down to the beneficiary to check whether other grants/grants are not compatible with the grant awarded by the Department of Economics. In such a case, they should choose for one type of grant or the other.
