Our University has been working for a long time to raise awareness of and to address gender stereotypes. In this context, it has been decided to give greater linguistic visibility to gender differences.

Where, solely for the sake of simplicity, the masculine form is used in this document, it is understood as referring to all persons, regardless of gender.

Information regarding the processing of personal data is available at www.unibo.it/PrivacyBandiCds.

1. HOW TO ACCESS THE PROGRAMME/PROGRAMMES

Access to the second cycle degree programme in **Resource Economics and Sustainable Development (RESD)** is open, i.e. there is no maximum number of enrolments in A.Y. 2026/27.

However, it is only possible to enrol in the programme if you meet the requirements set out in this notice and pass the verification of your personal competencies and skills conducted by a special Committee.

The requirements and documentation submitted during the application phase will be assessed by the Committee.

Resource Economics and Sustainable Development (RESD) graduates will have a critical understanding of complex interactions and interdependencies between economic decisions, market forces, public policies/regulations and, on the other hand, the environment, the natural and the energy resources. Built on a solid foundation in economics, quantitative methods and applied economics, this preparation will distinguish RESD graduates for their ability to evaluate the qualitative and quantitative implications of environmental and energy policies and to autonomously produce research, sustainability reports, forecasts and plans concerning the decarbonisation and energy transition strategies, the evolution of markets for natural and energy resources, and to contribute to the design, production and distribution of products compatible with the sustainable use of natural resources and the circular economy issues. RESD offers a series of teaching activities that provide an in-depth analysis of specific themes, where the use of the resources and the analysis of possible affordable alternatives is studied in an integrated way, considering the institutional setup, the markets and the competitive strategies of firms.

In order to encourage the enrolment of students, the Department of Economics will award 4 grants for the A.Y. 2026/27. Read section 8.5 for more detailed information.

Admission to the Second Cycle Degree Programme is in any case subject not only to possession of the curricular requirements indicated above, but also to verification of adequate personal competencies and skills, carried out as indicated below.

In the case of qualifications obtained abroad and recognised as suitable, verification of adequate personal preparation will be carried out by a special Committee appointed by the Department.

A command of basic concepts and tools in the field of economics, both theoretical and applied, statistical and mathematical disciplines, business disciplines and legal sciences is required.

If the Commission considers the applicant's level of knowledge and skills to be sufficient, the statement of suitability issued will allow the applicant admission to the Master's Degree Programme.

4.4.a. How the adequacy of personal competencies and skills is verified

The adequacy of the candidate's preparation is verified by assessing their qualifications and previous experience.

The Commission will examine the documents submitted in the application, evaluating the candidate's curriculum vitae et studiorum, the required documents and the declarations according to the following criteria:

6.1 Evaluation committee

A Committee will check the candidates' personal competencies and skills and that they meet the requirements for admission.

The committee, appointed by the Department of Economics is made up of Professors: Elettra Agliardi, Rainer Andergassen, Alessandro Tavoni.

All the professors who hold course units in the second cycle degree programme are also substitute members.

6.2 Results of the checks

The results of your application will be published on Students Online (www.studenti.unibo.it) as from the date indicated for each intake in the Schedule of Procedures (Section 0).

The results will be either:

- ▶ **“Admitted”**: in this case you can register for the programme.
- ▶ **“Not admitted”**: you do not meet the admission requirements and therefore cannot enrol in the programme. You are not eligible to participate in any subsequent intakes.

Wait for the results publication date indicated in the general calendar (section 2) to officially find out whether you have been admitted or not.

If the status of your application is **“Application submitted”**, it means that your application has been successfully received by the system. If it includes all the required documentation, it will be evaluated by the relevant Degree Programme Committee. The outcome will be communicated according to the deadlines set out in **Section 2** for each intake and according to indications above. If your application is currently incomplete (e.g., you still need to earn certain academic credits but will do so shortly), you may upload the missing documents as soon as they become available but, in any case, no later than the deadline of the intake you are applying to.

3. **Pay the first instalment of your tuition fees** via the PagoPA platform, as indicated on Studenti Online (www.studenti.unibo.it).
4. After you have made your matriculation payment, check under **Registration** on Studenti Online (www.studenti.unibo.it) what you need to do for the purposes of **identification** and **career activation**.

7.1.a. University identification and career activation

Identification

- ***If you submitted your application by logging in with SPID or CIE:*** after making the payment, your identity will be automatically validated.
- ***If you have submitted your application by logging in with your username and password:*** complete the identification procedure specified under Enrolment on Studenti Online (www.studenti.unibo.it).

Career activation

Activating your career enables you to take part in all the activities you will carry out as a student (e.g. submitting your study plan, booking exams, carrying out any other procedures related to your career, accessing the Wi-Fi network and online library resources, and using the MyUnibo app).

After identification, career activation will take place automatically, unless you fall into one of the following cases.

- ▶ ***If you have not yet graduated at the time of matriculation,*** you must obtain your degree **by 31 December 2026 at the latest**. Otherwise, your matriculation will be cancelled.

If you are graduating from the University of Bologna, the system will automatically update your position once you have obtained your degree.

If you are graduating from another university, after matriculating please check on Studenti Online (www.studenti.unibo.it) for any further steps required.

- ▶  If you are a ***non-EU citizen with EU equivalent status holding an Italian qualification***, in order to activate your career you must submit a copy of your valid residence permit which grants EU equivalent status to the [Student Administration Office - Rimini Campus — University of Bologna](#) responsible for your degree programme. **Warning!** Remember that, if you are a non-EU citizen, hold a student residence permit and formally withdraw from studies at this or another university, you **lose the requirements for residency in Italy**, and therefore your residence permit will be revoked, and **you will lose your EU-equivalent status**.
- ▶ ***If you have a foreign qualification***, check the [documentation required](#) for matriculation purposes.

The documentation submitted in your application for admission (e.g. degree, transcript, etc.) must be [translated and its authenticity and value must be verified, where required](#).

You must upload the documents related to foreign qualifications in the Studenti Online application (www.studenti.unibo.it) by clicking in the section “Call” and then “Matriculation for A.Y. 26_27 - document upload for international students with foreign qualifications”.

When you arrive at the University of Bologna, you must make an appointment with the [International Desk in Rimini](#) in order to show the original copies of your documentation.

- ▶ ***If you are a non-EU citizen with EU equivalent status and have obtained your qualification abroad***: check the [documentation required](#) to enrol.

Remember that the documentation submitted in your application for admission (e.g. degree, transcript, etc.) must be [translated and its authenticity and value must be verified, where required](#).

In the “Calls” section of Studenti Online (www.studenti.unibo.it), select “Matriculation A.Y. 26_27 - document upload for international students with foreign qualifications” and upload your qualification diploma and a copy of your valid residence permit which grants EU-equivalent status. Moreover, make an appointment with the [International Desk in Rimini](#) in order to show the original copies of your documentation. **Warning!** Check very carefully, at www.unibo.it/whoareinternationalstudents what is meant by 'non-EU students with equivalent status' and what types of residence permits allow for equivalence. Lack of EU equivalent status will prevent you from matriculating, even if you have been admitted and have paid the first instalment.

▶ ***If you are a non-EU citizen, are resident abroad and have obtained your qualification abroad:*** see details at www.unibo.it/EnrollingSecondCycleDegreeProgrammesNonEU. Check the [foreign qualification documentation required to matriculate](#). Remember that the documentation submitted in your application for admission (e.g. degree, transcript, etc.) must be [translated and its authenticity and value must be verified, where required](#).

In the “Calls” section of Studenti Online (www.studenti.unibo.it), select “Matriculation A.Y. 26_27 - document upload for international students with foreign qualifications” and upload your qualification diploma and a copy of your entry visa for study purposes. When you arrive in Italy, make an appointment with the [International Desk in Rimini](#) in order to show the original copies of your documentation.

Warning! If you hold a foreign qualification, admission to the programme and, where applicable, any subsequent conditional or unconditional validation of your pre-enrolment by the University do not automatically grant you the right to complete your matriculation or activate your student career. This applies even if you have obtained an entry visa, are physically present in Italy, or are eligible for, or receiving, scholarships or other grants.

To complete your matriculation, it is necessary to verify the eligibility of your foreign qualification, the authenticity of the documentation you submitted, and that you hold the EU-equivalent status you declared during admission. These checks are carried out by the [International Desk in Rimini](#) only after you have paid the first instalment of matriculation and submitted the original copies of all the required documentation.

Career activation must take place by **26 February 2027**; otherwise, your matriculation will be cancelled.

Once your career is active, you will be sent an email with a QR code allowing you to print your badge.

7.1.b. Shortening a degree programme (for those with previous university careers)

If you want to apply for recognition of previous academic careers, check how you can do this and the applicable deadlines at www.unibo.it/en/study/enrolment-fees-and-other-procedures/degree-programmes/recognition-of-credits.

7.2 Programme transfers, university transfers and simultaneous enrolment

If you want to change degree programme within the University of Bologna (Programme transfer), check how you can do this at www.unibo.it/en/study/enrolment-fees-and-other-procedures/degree-programmes/changing-degree-programme.

If you matriculate and request to be transferred from another Italian university, consult the page <https://www.unibo.it/en/study/enrolment-fees-and-other-procedures/degree-programmes/transferring-to-the-university-of-bologna/transferring-to-the-university-of-bologna>

If you wish to apply for simultaneous enrolment in two programmes, as provided for by Italian Law no. 33 of 12 April 2022, please read the information on the page <https://www.unibo.it/en/study/enrolment-fees-and-other-procedures/degree-programmes/simultaneous-enrolment-in-different-programmes-degree-programmes-professional-masters-phds-and-specialisations>

If, on the other hand, you register for one programme and are subsequently admitted to another, but do not wish to maintain enrolment in both programmes, do not enrol simultaneously; instead:

- if both programmes are at the University of Bologna: apply for a programme transfer;
- if the first programme is at another Italian university: apply for a university transfer.

Alternatively, you can waive your current programme and proceed with a new matriculation (Section 4).

Please note!

If you are a **non-EU citizen, reside abroad, hold a residence permit for study purposes and formally withdraw from your studies** at this or another university, you **lose the requirements for residency in Italy, and therefore your residence permit will be revoked.**

In this case, you must return to your country of origin and initiate the pre-enrolment procedures through University at the competent Italian diplomatic mission (Embassy/Consulate), within the deadlines set annually and published on the website www.universitaly.it/studenti-stranieri.

8. FEES AND BENEFITS

8.1 University fees

Information on **tuition fees** and on **benefits and exemptions** is published annually on the University Portal at www.unibo.it/tuitionfees.

The fee to be paid to enrol for a degree programme consists of a fixed element of € 157.04 and a variable element calculated according to the student's family's financial situation (ISEE) up to a maximum that varies according to the programme.

Your tuition fees will be calculated on a progressive scale based on a valid **ISEE certificate** only if submitted in accordance with the terms and procedures set out on the web page www.unibo.it/tuitionfees. If you do not submit an ISEE certificate, you will have to pay the full tuition fees relevant to your degree programme.

Submission of an ISEE certificate is independent of programme enrolment. The order in which you carry out the two procedures is irrelevant, as long as you comply with the deadlines set for each.

Please note!

International students who only have income and assets abroad cannot submit an ISEE certificate, but must refer to the information at www.unibo.it/en/study/enrolment-fees-and-other-procedures/degree-programmes/tuition-fees-and-exemptions/ISEE-and-other-documentation-for-tuition-fee-exemptions.

Please note!

Submitting financial documentation for tuition fee exemptions, following the instructions on www.unibo.it/tuitionfees, is very simple and worthwhile even if you have not yet decided whether to enrol in a programme at this university. Remember that if you do not submit the documentation by the deadline, you will not be eligible for any subsidies. The deadline is peremptory and no exceptions are ever allowed.

8.2 Right-to-higher-education grants provided by ER.GO

Regional Authority for the Right to Higher Education – ER.GO publishes calls for scholarships, places in university residences, catering and other benefits on its website (www.er-go.it) every year.

The application for ER.GO grants is independent of the degree programme application and enrolment procedures.

Please note!

You must submit your application for an ER.GO grant via the authority's website, also entering your ISEE certificate. Applying is very simple and is worth doing even if you have not yet decided whether to enrol in a programme at this university. Remember that calls have a peremptory deadline and no exceptions are ever allowed.

8.3 Important information for those who already have an active university career

If you already have an active university career, before transferring from another Italian university or changing programme, if you are already enrolled in a programme at the University of Bologna, carefully consult the **merit requirements for access to grants** set out in the call published on www.er-go.it because, due to the recognition of university

educational credits (CFUs) acquired in your previous career, **your position may change as regards access to grants.**

Please note!

For all ER.GO benefits, the minimum number of university educational credits required for merit is always determined starting from the year of first enrolment at university (even if for another University, University Institute or Degree Programme, even abroad), regardless of the year of the programme to which you are admitted following the recognition of your credits, and only those that are recognised on the programme you are enrolled in are considered valid.

8.4 Right-to-higher-education grants provided by the University

Information on the University's grants can be found on the University Portal under www.unibo.it/studygrants.

For each grant, please carefully read the instructions on how and when to apply.

Remember that deadlines are always peremptory and no exceptions are ever allowed.

8.5 Specific grants provided by this degree programme

In order to encourage the enrolment of students, the Department of Economics will award 4 grants for the academic year 2026/2027, distributed as follows:

- 2 grants for EU, non-EU with equivalent EU status, and non-EU students admitted in the first intake,
- 1 grant for EU, non-EU with equivalent EU status, and non-EU students admitted in the second intake,
- 1 grant for EU and non-EU with equivalent EU status admitted in the third intake.

Each grant is **€ 4.608 gross amount (before taxes)**. The grant is granted for one academic year.

Grants that are not assigned in one intake will be assigned in the following intakes.

a) Eligibility

The grants are reserved to students who enrol in the Second Cycle Degree in Resource economics and sustainable development in the academic year 2026/2027 admitted with a **minimum score of 80 points**.

b) Selection

The grants will be granted by the Admissions Board, based on the admission ranking. Only students who meet the eligibility requirements will be considered (see section “Eligibility”). Grants will be assigned based on the admission ranking, starting with the first eligible student and going down to the second, third and so on, considering all the students who have obtained at least 80 points out of 100 in the admission procedure. If one of the students fails to accept the grant and/or declines the grant, it will be granted to the student who comes next in the ranking list. Students who get less than 80 points in the admission procedure cannot be considered for the grant.

In case of a tie (same admission points), the youngest applicant will get priority.

The ranking for the assignment of the grants is approved by a decree of the Director of the Department of Economics.

c) Acceptance/Withdrawal

Students who are selected for the grant will be informed via e-mail at the address provided for the application procedure in the platform StudentiOnLine. Within 10 days from the notification receipt about the assignment of the grant, the winner should write to cdlm.resd@unibo.it stating that he/she accepts the grant at the terms stated in this procedure, without further conditions. Failure to accept the grant is tantamount to decline it.

Students who intend to decline the grant should send an e-mail to cdlm.resd@unibo.it

If a student declines the grant, it will be assigned to the following student in the selection ranking, who is admitted with a score of minimum 80 points.

Students who are selected for the grant lose the right to the grant, with the obligation to return any sums already received, if by 26th February 2027, they lose their student status, withdraw from their studies, change degree programme, or transfer to another university.

d) Payment

The payment of the grant is subject to the meeting of following conditions:

- The student effectively enrolls in the second cycle degree programme in [Resource Economics and Sustainable Development](#) (the student pays the first instalment of the tuition fees, brings his/her documents and has them approved, and finally collects the student's badge);
- The student has filled in the relevant forms for the payment (files to be received via e-mail, together with notification about the assignment of the grant).

The payment will take place by one of the following methods:

- Bank wire transfer to an account in the name of the beneficiary with IBAN in the SEPA area;
- Bank wire transfer to a rechargeable card in the name of the beneficiary with IBAN code;
- Bank wire transfer to an account in the name of the beneficiary outside the SEPA area, with commissions fully borne by the beneficiary.

e) Incompatibility with other prizes

The grant is compatible with other financial grants that may be/have been obtained by the beneficiary, unless incompatibility is stated for the other financial grants that the student may have been awarded. It is down to the beneficiary to check whether other grants are not compatible with the grant awarded by the Department of Economics. In such a case, they should choose for one type of grant or the other.
