ALMA MATER STUDIORUM – UNIVERSITÀ DI
BOLOGNA SCUOLA DI MEDICINA E CHIRURGIA

IMMUNISATION AND HEALTH REQUIREMENTS – A.Y. 2023/24

The form on the following page is a mandatory requirement for all incoming exchange students who apply for clinical rotations; it must be **completed, signed and sealed by a registered physician** according to the student's medical records and/or reports.

Instructions for the PHYSICIAN

Please fill out the form IN CAPITAL LETTERS and tick the relevant boxes according to the medical certificates and/or records produced by the student.

Instructions for the STUDENT

The signed and sealed form, together with all the required attachments, must be uploaded on the indicated platform as per instructions received by the Erasmus Office.

After a **positive assessment (idoneità)** by the Occupational Medicine service, you will be cleared to attend clinical rotations.

All the above information will be notified on your institutional mailbox (name.surname@studio.unibo.it), so it is advisable that you check it on a regular basis.

Students who fail to bring their certificates concerning immunisation and health requirements or who do not receive a positive assessment by the Occupational Medicine service will NOT be allowed to attend clinical rotations.

The medical data submitted with the "Immunisation and Health Requirements" form are confidential and will be used by the Occupational Medicine service of Alma Mater Studiorum – Università di Bologna (U.O. Medicina del Lavoro – Pavillion 9, 1st floor, S.Orsola-Malpighi hospital) for the purpose of checking that you are fit to attend medical training activities in healthcare settings, in compliance with Italian regulation including data Regulation (EU) 2016/679 (General Data Protection Regulation).

PLEASE DO NOT EMAIL THIS FORM

*This form and all required attachments **must be completed before your arrival and presented as hard copy** at the Occupational Medicine after your arrival according to instructions.*

*Students who fail to bring their medical certificates or who do not receive a positive assessment by the Occupational Medicine service **will not be allowed to attend clinical rotations.***
